

PROPOSED GOOD ROADS MEASURES; METHOD OF EACH

Two Bills Submitted by the Grange and Six by Harmony Committee; Journal to Analyze Bills as Aid.

What is the difference between the grange and harmony highway bills? Busy voters are asking this question in increasing numbers.

The harmony measures propose that the state shall be put definitely into the improving of its highways.

Altogether, there are eight of the highway measures. Two are submitted by the grange, six by the harmony committee and the state good roads association.

The chief difference, in construction, between the two sets of bills is in breadth. The chief difference in actual operation would be the confusion brought about by the conflicting road measures proposed in the grange meetings.

County Bonds Issue Planned. One of the grange bills provides a way for the issuance of road bonds by the counties.

The harmony measures are divided as follows: Four bills and two constitutional amendments. The four bills are: 1. Creating a state road fund by selling not more than \$1,000,000 in state bonds a year.

The grange has taken a stand against state bonds. Its provision for a state highway engineer is largely like that of the harmony committee's provision for a state highway commissioner.

Two Plans Compared. In the matter of county bonds grange and harmony committee differ in method. The harmony plan is merely to increase the road fund of a county by calling upon the voters to approve bonds.

The grange asks that before bonds are voted there be a road meeting. At this road meeting will be proposed the bonds to be elected from each of the road districts.

When County Steps In. The state road fund created by bonds and two thirds of the vehicle tax is where the state really gets into the road business, although the fund itself is intended chiefly to swell the county road funds.

The advantage of including a part of the vehicle tax in the road fund is seen in the secretary of state's recent report on the vehicle tax receipts. This shows that about \$40,000 is paid for the state, and of this amount \$20,000 by Portland.

From the state fund \$12,000 annually is taken for the support of the highway department. The grange accepts the harmony committee's contract labor bills. The constitutional amendments while essential to the state and county bonding acts contain no contested provisions.

REVIEW PROGRAM FOR THE Y. M. C. A.

Leaders Discuss Aspects of Work for Coming Year—Wm. Ladd Presides.

From 3 o'clock yesterday afternoon until 10 o'clock last night the Y. M. C. A. leaders of Portland reviewed the program which during the coming year is to make the institution more efficiently helpful and useful.

William M. Ladd, president of the Portland Y. M. C. A., presided. Harry W. Stone spoke first. He said that the mission of the Y. M. C. A. in Portland is to lift the young man life of the city upon a higher plane.

Richard R. Perkins, religious work director, posted up a banner clear across one end of the room. On it, closely written, was a bare outline of the year's program.

"Religious work," said Mr. Perkins, "has been re-understood. It has been made to include with its Bible study and religious meetings, social service as an integral part of its function."

Then he demonstrated how, in spite of a multitude of activities, every class leader, every committee chief, is provided with an advance training course along the lines he is to work, so that he may be fitted to the keenest appreciation of his opportunities for service.

How the Y. M. C. A. seeks to reproduce itself in the life of men by enlisting through the interest and enthusiasm of its members, was explained by Membership Secretary Platt. That more than 2000 calls for work were received, more than 1700 men placed and more than 20,000 interviews were held during the past year was stated by Stanley Baker, head of the employment department.

Fred Lockley and J. W. Palmer described the way in which fun and study and exercise are all combined in the boys' department. "Why, we consumed over \$100 worth of beans in Bible study suppers last year," said Mr. Palmer.

President Potter Speaks. George Irving, a well known convention speaker from Pomona college, spoke at both afternoon and evening sessions.

Frederick W. T. Foster of Reed college spoke briefly at the supper and more formally at the evening session. A. M. Grilley outlined the work that has been accomplished in the physical department and what is planned for the coming year.

The business men of Portland, said Mr. Grilley, are availing themselves in large numbers of an unusual noon opportunity for exercise which the department is offering, and there is room for more, he said.

"NO-BODY LOVES A BALD MAN" Every day we see YOUNG men and women, who have grown prematurely grey. They immediately fall into the "Old Age" class, because grey hairs are so closely associated WITH OLD AGE. It is extremely disconcerting and humiliating to be bald—to be grey when the years do not justify it. The girls laugh at the young men so married—a young man soon learns to discriminate between natural hair in its full bloom of health and NATURAL COLOR, and shabby looking grey and faded hair. Give nature a chance. If she is encouraged, stimulated, assisted, she will give you a head of hair that you will be proud of. Give it her.
