

# CAREY IS GUILTY IN SECOND DEGREE

## Murderer of Marshal of Westfall Partially Establishes Self-Defense.

(Special to The Journal.)  
Vale, Or., Sept. 15.—Guilty of murder in the second degree was the verdict yesterday morning by the jury after an all-night deliberation over the case of Asa Carey, indicted on the charge of murder in the first degree for the killing of Jasper Westfall, the late marshal of the town of Westfall, last May.

The courtroom was crowded to the doors, and many stood in the hallway to hear the closing argument of the prosecution and of counsel for the defense. The case began Wednesday afternoon, and it took two days to choose the jury, 16 men having been called when the last

juryman was accepted. The case went to trial Friday afternoon, and witnesses were on the stand from that time until late Saturday afternoon. The jury retired at 9 o'clock Saturday evening.

The prosecution showed that Carey was sore over losing the marshaling of the town of Westfall and became intoxicated for the purpose of shooting up the town and showing residents of that town that Marshal Westfall was afraid to arrest him. Carey, after boasting and shooting, dared Westfall to arrest him, and made the boast that if Westfall did attempt it that he would kill him. Finally, when Carey made a pass for his gun, the marshal fired at him and missed.

Carey thereupon returned three shots and killed Westfall. The attorneys for the defendant attempted to establish self-defense.

## PROTECT HOSPITALS AGAINST NOISES

Detroit, Mich., Sept. 15.—Employees of the department of public works are erecting about the various hospitals of the city the "zone of quiet" signs, which were authorized by an ordinance passed by the council last March. The measure was introduced in the council by Alderman John Lodge of the First ward, whose attention was called by the authorities of Harper hospital to the need of some ordinance prohibiting or lessening excessive noises about these institutions.

Accordingly, it was provided that within a radius of 300 feet signs should be erected calling attention to the fact that a hospital was adjacent and that as far as they were able, passersby, wagons and automobiles should refrain from creating unnecessary disturbances. Organ grinders, "joy riders" and other disturbers of the sick are barred by the ordinance from the zones. The

## LOG ROLLS OVER CUTTER, CRUSHING HIM TO DEATH

(Special to The Journal.)  
Cottage Grove, Or., Sept. 15.—"Chico" Brown, one of the employees at the Row River Lumber company's mill, at Row river, met with a horrible accident Saturday that later resulted in his death. Brown and assistant had bucked a log in two and the former had stepped back out of the way to pick up his tools, while his assistant was finishing the snipping with an ax. The chopping

jarred the log, which was on a slight incline, and it rolled over Brown. He was not killed instantly—in fact, his vitality was so strong that he lived a couple of hours after being brought to this city for medical aid. Brown was a single man of 45 or 50 years and leaves a widowed mother and sister at Chico, Cal., where the body will be shipped for burial.
