#### Events in Society

It is imperative that those contributing news for the Sunday society page should have it reach the desk of the society editor not later than Friday whether brought in, mailed or telephoned. News is always most welcome, but those who have affairs early in the week would confer a great favor by sending their reports in as soon after as possible, otherwise the volume of late society on Saturday may necessitate some items being left over for shother day.

#### Ragtime Dances Abroad.

PERR ARMEN VESCEY, noted or- At Irvington Tennis Club. chestra leader of New York, is that Europe is going wild over the dance closing the annual the ragtime dances. In Paris he found the ragtime dances, in grizzly bear, feature of the evening was the presentative of the evening was the evening was the presentative of the evening was the evening was the presentative of the evening was "turkey trot," the "grizzly bear,"
"Texas Tommy" and all the others, everywhere orchestras were playing ragtime to the exclusion of classic airs. In Vienna the situation was no better, while at Carlsbad, Marlenbad and F. H. V Andrews Kissengen the situation was the same, and the New York musician came home discouraged, regarding the immediate future of the classics, although it is believed that ragtime will eventually wear itself out, suffering the pendulum of popular favor to swing back again to the more consecutive music and dances. One of San Francisco's belles, who has just returned from Europe, is introducing the "Crab Crawl"-and society of the Bay City is taking kindly to the new step, Still the "Crab Crawl, nothwistanding its name and the fact that it comes under the head of ragtime dances, is said to be an improvement upon some of the others, a gliding, graceful movement being named as one of its chief characteristics.

Time alone can tell just what the attitude of Portland society toward ragtime dances will be this winter but it might not be amiss to prophesy that the trend of the coming months will probably be strongly inclined toward the conservative and thoroughly approved dances, for "ragging" in Portland has yet to reach the place where it is admitted in much more than a whisper.

Birthday Banquet Given James J. Hill by Old Friends at St. Paul.

St. Paul, Minn., Sept. 16.—Seldom, if ever before in her history, has St. Paul entertained at one time so many noted figures from the world of finance, industry and railroads as gathered here today to attend the complimentary banquet to James J. Hill of the Great Northern railway. The banquet marks the seventy-fourth birthday anniversary of Mr. Hill and his retirement from the active management of the affairs of the great railroad system with which he has gridironed the northwest and which has been perhaps the leading facor in the development of the northern country stretching from the Twin Cities to the Pacific coast,

James J. Hill was born on a farm near Guelph, Ont., September 16, 1838, of Scotch-Irish parents. His father's death when he was 14 years of age made it necessary for him to go work as a cierk in the village store, where it is said, his first wage was but \$1 a week.

In 1856 he set out for California but within the year found himself on the steamboat docks at St. Paul, where he obtained employment as a shipping clerk. He thus became identified upon is first arrival in the northwest with transportation, and he also from the first manifested the keenest interest in all that pertained to commerce and agriculture.

After serving two years as general manager, Mr. Hill became president of the St. Paul, Minneapolis & Manitoba railway in 1883, and continued as such until 1891. He was chosen president of the Great Northern railway September 11, 1889. In 1907 he gave up the presidency and became chairman of the board of directors. Last June he severed the last link connecting him with active railroad work by retiring from his position as head of the board of directors of the Great Northern.

The banquet will be held at the Auditorium and 1200 persons will be served,

ter-in-law, Mrs. L. C. Gilman, at he country home, "Claremont."

Mrs. F. R. Mitchell of Portland won first prize on dahllas in the flower exithit at the Clatsop county fair, Gearhart, last week. The dahllas were grown at her Seaside cottage. The dislay of roses, dahlias and other flowers s said to have been the finest at any northwest fair this season. One Clatsop county weman had an exhibit of 41 different dahlia varieties.

Mrs. Gillette M. Workman left Los Angeles the first of last week for Portand to join her sister, Mrs. Conrad for Europe to make an indefinite stay.

Mr. and Mrs. F. Wieden with their daughter, Miss Hazel, and son, Fred. have returned from their Hood River anch, where they spent the summer months. Martin Shea is now a guest of r. D. Wieden at Hood River.

Mrs. Wiseman claims that upon entering the house soon after 9 o'clock in the even-ing she was struck down by some man in the dark. The glass door of the house was smashed and the woman shows several marks. The strange feature is that though she claims to have tried to arouse the neighbors no one seems to have heard her cries. Right across the street is the Methodist parsonage, where, at the time the attack is said to have been made, a large crowd were gathered, some on the porch, with doors and windows wide open. The city marshal was called, but nothing further could be found.
