SWEATER STAINED BY BLOOD CLUE IN MURDER MYSTERY

Discovery of Garment in a Rooming House Near Where Auto of H. G. Barr, Who Was Killed, Stirs Detectives.

SEARCH BEING MADE FOR HARDIN, CHAUFFEUR

Police Hear He Had Been in Trouble With Barr, His Former Employer.

Following the finding yesterday afternoon of a blood stained gray sweater in the rooming house at First and Taylor streets, in front of which Harry G. Barr's car was left, after he had been murdered on the Linton road Monday night, police detectives working on the case began investigation with an idea of locating Harry Hardin, a chauffeur, who it is believed can throw some light on the ownership of the garment, which is held by the police as a valuable clue in the case.

Officers working on the case, who know Hardin personally, say that they have been trying to locate him in the regular course of their investigations, though they refuse to say that they have any definite information against him. It is denied by them also that they know that Hardin was formerly employed by Barr, and that the two men had trouble which resulted in Hardin's discharge.

Sweater Found on Floor.

The sweater was found as though it had been hurriedly thrown into a corner of a room which the proprietor could not recall had been occupied during the week. Detective Maloney came across the garment in looking for evidence and has placed it with Barr's shirt, found in the automobile, and the button, apparently from a woman's coat, for safe keeping. The blood stains on the sweater, while not extensive, are in a position on the shoulder which indicates that blood might have spurted on the garment, or that a bleeding wound might have rested on the wearer's shoulder.

With the ownership of the sweater established it is believed that it will be a comparatively easy matter to determine the identity of Barr's assailants. It is hoped through George Barr, who, the authorities admit, is hindering their work in certain directions, to get a list of his brother's acquaintances who might have more to tell than has been told, and the police will continue through continued quizzing of these friends to get at the names of those who they are satisfied are holding back information.

Poor Gun Clue So Far.

The officers have failed so far to bring to light any further circumstances in connection with the gun found on the Linton road yesterday afternoon near the scene of the Barr murder. The gun, an old-style 33 caliber weapon, with one empty chamber, was presented as evidence by Captain Batey at the coroner's inquest held yesterday afternoon. The weapon was picked up by George Barr, who with Captain Batey and Detective Maloney and Swennes, had been going over the ground in the vicinity of the crime. A closer examination of the

BUTTE FALLS, OR., IN LINE FOR CLEANUP OF OFFICIALS BY WEST

Raids Last Night Yield Much Liquor and Several Prisoners in Jackson Town.

(United Press Leased Wire.)

Medford, Or., Sept. 21.—Governor West is expected to demand the resignation of the town officials of Butte Falls for failure to enforce the prohibition statutes in that town, which is about 35 miles east of this city. Last evening Sheriff Jones and District Attorney Mulkey raided several places in the town. They secured a large quantity of liquor and made several arrests. As the Oregon statutes give incorporated cities the power to regulate liquor traffic, there is some question as to the state's power to prosecute. If the state should fail, it is believed Governor West will remove the town officials and install new ones who will enforce the law. Recently more than 150 women of the town petitioned the governor to stop the illicit sale of liquor there.

The upper floors will be arranged for offices. Construction will begin October 1, when the leases of the present tenants of the premises will expire.

FORTUNE LEFT HARD-WORKING AGED COUPLE BY WEALTHY HALF BROTHER

Tears of Joy Fill Eyes of Portland Man and Wife as They Read Telegram Announcing Gift of \$30,000 by Will of Relative—Mr. and Mrs. George T. Fanning, 347 Eleventh Street, Recipients of Bequest; Was School Janitor.

"Oh! I can't believe it! Won't daddy be glad! And we've worked so hard." With tears of joy Mrs. George T. Fanning of 347 Eleventh street listened to the reading of a telegram announcing the news that by the will of Alfred Barber, a wealthy half-brother of Mr. Fanning, they have been remembered to the extent of \$30,000. Mr. Fanning was just at home when the good news arrived, but when he read the telegram his voice choked with emotion. "Years ago Alfred intimated that some day he would remember me," he said, "and when I heard that he had passed away last Saturday in Akron, Ohio, I expected a little of his wealth would come to us but not so much. We always thought a lot of each other and he was always very kind."

"When I used to read of good fortune coming to others who really needed it I always wished some kind angel would think of us," put in Mrs. Fanning, "and it seems as if god things come to those who wait."

Lived in Portland 22 Years.

Mr. and Mrs. Fanning have resided in Portland for the past 22 years and during the past five years he has held the position of engineer at the Hotel Easton, his connection with that hotel being discontinued on July 27 last. During the five years he was on duty every morning at 5 o'clock, Sundays and

2 SAFES AT DUFUR, OR., YIELD \$600 CASH, \$350 IN JEWELS TO ROBBERS

Amateurs, Chop Into Them With an Ax Yet Unlocked. Cash Register Fools Them.

(Special to The Journal.) Dufur, Or., Sept. 21.—The Walker & Woodruff meat market and the Dunnigan & Delany saloon, both of this place, were broken into some time this morning and the safe in each place was rifled. In the meat market the robbers secured about \$50 in cash and in the saloon there was between \$500 and \$600 in money and about \$350 worth of diamonds and jewelry taken.

In each instance the safe was chopped into with a heavy ax, the walls being literally destroyed and the cash box taken out and broken open. Entrance into the meat market was gained by forcing open the front door and in the saloon the glass transom was broken out, through which they climbed. The robbers were evidently novices, for in the meat market an attempt was made to open the cash register, but in this they failed, indications being that they did not know how it worked, it being a late model. The register was not locked.

There is little if any clue, further than that a couple of strangers who had been seen around town the past few days were absent this morning. Sheriff Christman came out from The Dalles this morning, got a description of the suspects and is on the hunt.

1000 MARINES REACH GRENADA TO RELIEVE STARVING POPULACE

Rear Admiral Southerland Fights Way Through Lines of Rebels Besieging the City

(United Press Leased Wire.)

Managua, Nicaragua, Sept. 21.—After battling his way through hordes of rebels under General Mens, besieging the city of Granada, who had threatened to sack the town if it should fall, Rear Admiral Southerland, with 1000 marines, has reached Granada and placed his men in control, according to advices here today. The populace was found on the verge of starvation. Admiral Southerland received positive orders from Washington to relieve the town at any cost, owing to the pressing appeals of relatives of Americans and others besieged there. To keep in touch with the American forces at Corinto and here, Admiral Southerland plans to seize some of the lake steamers, and send his dispatches out by way of Rivas and thence overland to San Juan Del Sur.

While en route to Granada, American marines were fired upon at Masaya and three men of Major Butler's command were wounded.

SAME OLD STORY!

BABY CONTEST TICKETS TO THE HEILIG THEATRE NOW BEING AWARDED

Parents of First 50 Tots Entered to Get Seats; Judging Will Begin Monday Night.

(United Press Leased Wire.)

The Journal is now awarding theatre tickets to those whose babies' photographs were among the first 50 received in the contest. Tickets will be given to the winners if they will call at the editorial rooms of The Journal, either this afternoon, tonight up to midnight, or on Monday. The winning list was published Thursday afternoon.

Most important by far of all crops raised in Oregon is the baby crop. Any wideawake man can tell offhand something regarding the yield and condition of hops, wheat or prunes within the state, but few even profess to know anything about babies. For their benefit The Journal will state that this particular crop is excellent and its condition is the same, judging from the hundreds of infants' photographs that have been entered in The Journal contest, which is being held for the purpose of discovering the identity of Portland's prettiest baby.

Already a desk is filled to overflowing with pictures of babies, and the contest still has two days to run after today. If by some magical hocus-pocus the photographs could be suddenly changed into real live babies the big Journal building, from the chimes tower to the basement, where giant presses thunder, would be simply overrun with toddlers, and other scores of tiny bits of humanity that couldn't more than crawl. A regulation baby show would stand absolutely no chance with it in comparison.

SNEED'S RANCH HAND SAYS HE HELPED PLAN KILLING OF AL BOYCE

Written Statement of Employee of Slayer Given to District Attorney at Amarillo.

(United Press Leased Wire.)

Amarillo, Texas, Sept. 21.—B. B. Epping, 36 years old, who is employed on the ranch of J. B. Sneed, was jailed here today after admissions that he had assisted in Sneed's plans to kill Al G. Boyce Jr., and his father as a result of Boyce's attempts to induce Mrs. Sneed to elope.

Epping made this statement in a written communication to the district attorney. The grand jury reconvened today to discuss Epping's confession.

AFTER FIRE IS PUT OUT HORRIFIED FIREMEN SEEN BURNED POWDER BOXES

(Special to The Journal.)

Medford, Or., Sept. 21.—After fighting a fire in a shed on West Jackson street here Thursday afternoon, firemen discovered that the burning shed housed several boxes of dynamite. The word of several of the boxes was burned through, showing the explosive. It is considered a miracle that falling timbers or the force of water did not furnish a sufficient shock to cause an explosion.

BIG COPPER STRIKE CAN BE MANAGED WITHOUT MILITIA

Governor Spry of Utah to Give Responsibility of Preserving Order to Sheriff; No Trouble in Sight.

(United Press Leased Wire.)

Salt Lake City, Utah, Sept. 21.—Fearing that entrance of militia into Bingham, Utah, where nearly 6000 workmen are on strike for higher wages at the mines of the Utah Copper company, would precipitate trouble, Governor Spry, Adjutant General Edgewood, Sheriff Sharp and officials of the copper company conferred here today on the situation and decided that troops would be used only as a last resort. Sheriff Sharp was given the responsibility of preserving the peace. He has 300 armed deputies on guard in Bingham. So far there has been no serious clash.

Twenty-five strikebreaking workmen were taken secretly into Bingham today. All the saloons there are closed. This morning the sheriff's deputies entered the workings of the mines without molestation from the workers' pickets, who are entrenched on the mountain side. The latter evidently being prepared to keep a promise made to Governor Spry that they would not start shooting.

In addition to the 300 deputies at Bingham, 15 of Sheriff Sharp's men are camped at Barney, six miles from Bingham, to preserve order there. One hundred more sheriff's deputies were sent from here to Bingham at noon. The strikers refuse to surrender their arms.

E. C. Gemmill, assistant to General Manager Jackling, of the Utah Copper company, is in charge at Bingham. Jackling himself will go there this afternoon to confer with company officials and the sheriff's deputies, and to perfect plans for the protection of strikebreakers to be sent into the camp by hundreds.

The Greek section men of the Denver & Rio Grande railroad refused today to strike in sympathy with the Bingham miners.

HAY SPENT \$13,100; BOB HODGE BUT \$152

(United Press Leased Wire.)

Olympia, Wash., Sept. 21.—In contrast with the \$13,100 expense account of Governor M. E. Hay to secure a practically unopposed renomination on the Republican ticket, is the statement of "Bob" Hodge, Progressive party candidate for governor, whose total expenses amounted to \$152. Hodge made his famous tour through the state in an automobile loaned him by a friend in Oregon.

CRAZED WITH PUNCH MAID SERVANT TEARS GOWN OFF MISTRESS

San Francisco Society Woman Emerges From Attack With Blackened Eyes, Scratches.

(United Press Leased Wire.)

San Francisco, Sept. 21.—After a furious battle with a crazed servant named May Norton, Mrs. Walker C. Graves, wife of a prominent attorney, is confined to her apartment here today with blackened eyes and dozens of bruises and cuts about her neck and face. The attack came without warning while Mrs. Graves was in a bedroom having a dress unhooked by a Mrs. Williams of Berkeley.

Mrs. Graves had given a card party and reception to 100 women friends, all of whom had gone, when the girl, May Norton, rushed into the room and struck her mistress to the floor. Then, apparently bereft of her senses, the girl tore Mrs. Graves' \$300 gown from her back and scratched and screamed like a maniac until Mrs. Graves finally sought shelter behind a locked door.

Neighbors hearing the commotion then came to the rescue. Overindulgence in the punch which was served the guests at the reception is believed to have been the cause of the girl's act.

COLD STORAGE FOOD DESTROYED BY FIRE

(United Press Leased Wire.)

Los Angeles, Sept. 21.—Hundreds of tons of fish, game and fruit and thousands of dozens of eggs were destroyed in a \$250,000 fire which early today destroyed the plant of the Merchandise Cold Storage company at Seaton and Alameda streets. The heaviest losers are Armour & Co., Swift & Co. and the Cudahy Packing company, who used the building as a cold storage depot.

The Italian casualties are given as 200. The Turkish dead and wounded are not estimated but their loss is declared to have been heavy.

ROOSEVELT AND TAFT SUFFER LOSS OF PENNSYLVANIA

Leaders of Republican and Progressive Parties Concede Republican Stronghold to Wilson; Tour Being Planned.

PROGRESSIVE RANKS TORN BY DISSENSION

Machine Politicians Back Senator Penrose Strongly for Re-election.

(Special to The Journal.)

Philadelphia, Sept. 21.—Several Taft-Roosevelt leaders although refusing to be quoted declared yesterday that the Republican leaders will likely concede Pennsylvania to Wilson within the next few weeks. Demoralization in the machine and Progressive ranks is making itself felt heavily throughout the state. The desertions in the Roosevelt ranks within the last few days have left no hope of Roosevelt carrying the state.

It is a well known fact that Senator Penrose is bending every effort to make his return to the senate more certain and will likely trade Taft districts so as to protect himself.

The Wilson managers are arranging a tour of the state for the New Jersey governor and expect to make Pennsylvania the battleground of the campaign.

Wilson Pleased With Tenor.

(United Press Leased Wire.)

Harrisburg, Pa., Sept. 21.—Woodrow Wilson, Democratic nominee for president, left here today en route to his gift to spend Sunday with his family. Before leaving Harrisburg, Wilson said: "It is difficult for me to view my trip objectively. The most interesting thing to me is the people's friendliness. They seemed so interested. The pleasant fellows are the most cordial. For they seem to feel that I am accessible. The trip was quite successful. I was very tired, but nevertheless enjoyed talking to and meeting the crowds."

Mrs. Longworth Praises Speech.

(United Press Leased Wire.)

Cincinnati, Ohio, Sept. 21.—Governor Hiram Johnson of California, Progressive candidate for vice president, who is campaigning in the east, arrived at Akron this afternoon and will reach Cleveland tonight. Mr. and Mrs. Nicholas Longworth, the latter a daughter of Colonel Roosevelt, heard Johnson's speech here last night and at the conclusion Mrs. Longworth greeted the California governor, shook hands with him and declared that his speech was splendid. Congressman Longworth was not so demonstrative.

Additions to the Wilson fund came today in a number of small amounts from outside Portland, giving new evidence of what may be done by active Democrats who will undertake to make collections among their neighbors.

S. F. Pace, chairman of the county committee in Wallawa county, who once before sent \$20, sends in \$10 more, collected from a number of contributors. He did not send the list of those giving the money, so it is impossible to set forth the individual contributions. The time when effective contributions can be made is constantly growing shorter, and those who have not put on the harness should do so quickly if they wish to assist in the great partnership of the people who want to see Woodrow Wilson president.

Contributions should be accompanied by the name and address of the giver, so credit may be given and receipts sent by the committee. The coupon printed in The Journal each day provides a place for this information.
