GERMAN SHIP TO CARRY BIG CARGO

S. S. Verona to Sail With 7200 Tons Consisting of Japanese Couple Deported.

When she completes her cargo for the orient at about noon tomorrow, the German steamer Verona, Captain Kummell, of the Waterhouse line, will have 7200 ton's of freight aboard, this being one of far east in some time.

In the cargo will be approximately 24,000 barrels of flour and 2400 tons of wheat, while the remainder will be made up of lumber. The Verona will be followed here by the Norwegian tramp Thor, which is expected to arrive in Portland September 30, according to the company's latest report. For many months past the Thor has been operating in the coal trade between British Columbia ports and San Francisco,

Aboard the Verona are a Japanese weman and man who stowed away in the forepeak of the vessel at Kushiro, They will be taken back to Japan, as they were ordered deported.

The weekly report of Waterhouse &

around Coos Bay seems to be in favor of the building of the Willamette-Pa-cific railroad bridge across the bay, ac-cording to Captain H. H. Robert, corps of environment Little States are a real parts. Tides at Astoria Tuesday — High water, 11:54 a. m., 7.9 feet; 11:51 p. m., 7.9 feet; low water, 5:46 a. m., 0.7 feet; 6:58 p. m., 2.2 feet. of engineers, United States army, who returned from there this morning after holding a public hearing on the subject

Over 200 people appeared at the hearing, although only about 150 remained Str. Rose City, San Pedro. Sept. 23 until it was over, and while there were several protests presented, Captain Rob ert says that the majority of the people seemed to favor the span which the railroad company asks permission to throw

across Coos Bay. Captain Robert says that there is still some data to come from Coos Bay, after which the matter will be considered here and then forwarded to Washington. In order to familiarize himself with

conditions at the Coquille river, Captain Robert went to Bandon last Saturday. The United States engineers are making a preliminary examination there in connection with some proposed improvements, and Captain Robert says that the people there seem to want the im- Str. thority on the building of cities by plan, has come clear across the United States to give testimony to the wisdom of morning and is the guest of William D. Wheelwright.

Multnomah hotel tomorrow evening, Admission is free.

Professor Carroll this morning. "It has wonderful possibilities. It is as famous for its possibilities of beauty as what t possesses by natural advantage. But tremble to think what would happen to Portland if it were not for the plan. notice that the blocks are very short and the streets not wide. This means traffic congestion of the most serious sort. It is indeed fortunate for this city that the plan deals in an important way with the relief of this traffic congestion, which, I am told, has aiready become serious.

The wisest thing a city, having such certainty of great growth as has Portland, can do is to plan for the Professor Carroll is described as a

nan having unusual power of address. The things he has said in other cities have attracted front page comment in the newspapers. He has searched in the history of ancient cities for the motive of city planning and he knows the results in use and beauty that Rome and Athens and others of these cities obtained. He has made an extensive study of modern conditions and facts A. N. Fisher, secretary of Systematic and his comparative studies have given Benificence, member First church Sahim international place in the "students lem quarterly conference; Fletcher Hoof the town." His address will be delivered under the auspices of the Great- member First church Salem quarterly er Portland Plans association and he Society of the Archaeological Institute of America. Tomorrow evening's address will also be featured by an address to be delivered by William D. Wheelwright on the Greater Portland Plan of E. H. Bennett

Recall for District Attorney.

(United Press Leased Wire,) Diego, Cal., Sept. 23.—District Atsuperior court tomorrow to show cause why he should not be removed from Charges that he falled to do his duty in prosecuting violators of the pure food law; that he failed to close up vice resorts and that he showed bias in rulings are made by the Civic Purity

EARLY ELLIOTT PRAIRIE SETTLER DIES, AGED 70

(Special to The Journal.)
Aurora, Or., Sept. 23.—John Elliott of Elliotts Prairie died at his home early yesterday morning. Mr. Elliott was severely injured some days ago by being run over by a wagon by which his leg was badly crushed at the ankle. From this blood potsoning developed and yesterday all hope of saving the patient's life was given up. Mr. Elliott was one of the early settlers of this community and was about 70 years of age. The fu-neral took place this afternoon at the family residence. He is survived by a wife, two daughters, one son and three

The daughters are Mrs. Nora Rall and Miss Wilde Elliott, the son, A. W. Elliott of this place, and the sisters, Mrs. Ella Sanborn of Portland, Mrs. Eliza White, also of Portland, and Mrs. J. T. Apperson of Oregon City.

Superfluous Reasons.

From the London Opinion, The Agitator-I have here, my friend, leaflet giving seven reasons why you should come out on strike.

The Other-Look 'ere, old mate, I've got one reason why I don't come ahtan' there she is. You go an' argue with

eer Exposed to Light for 5 Minutes Becomes Vndrinkable This is not our statement, but the deliberate opinion of one of the

most renowned scientists in the world. Read the entire statement:

"We have tested beers repeatedly. placing the bottles in the direct sunlight, and testing the same after one, two, three and five minutes exposure, found that the beer with three and five minutes exposure became undrinkable on account of the peculiar odor developed. The detrimental effect of light upon beer can be successfully counteracted by the employment of brown or dark colored glass bottles, and such bottles are, therefore, recommendable." - Wahl-Henius Institute of Fermentology.

It is not enough that beer be brewed pure, it must be kept pure.

Many Americans prefer beer in a light bottle. Most brewers follow the course of least resistance.

Light starts decay even in pure beer. Dark glass gives the best protection against light. Schlitz is sold in Brown Bottles to protect its purity from the brewery to your glass.

See that crown or cork is branded "Schlitz."
