

NEWPORT, OR., WILL GET 850,000 GAL. RESERVOIR

(Special to The Journal.) Newport, Or., Sept. 27.—The Newport city council has approved a plan to add

another reservoir to the city water works. The proposed reservoir is to be of 850,000 gallons capacity and will cost \$7900.

A year ago last summer Newport completed a gravity water system costing over \$20,000 and supplying the city with pure water from a mountain stream

six miles north. The rapid growth of the place in the past year, coupled with the heavy drain on the water supply

by the large summer population, has made necessary the addition of the new reservoir.

QUALITY COUNTS

GOLD MEDAL Butter, made by the Independence Creamery, was awarded first prize at the Salem State Fair this year, 1912. The Butter was judged and scored by Professor E. H. Farrington of the Madison, Wisconsin, Dairy School, who is recognized as one of the highest authorities in the United States on Butter. There were fifty or more entries in the Dairy Division. If you want the very best butter you can get, ask your grocer for "GOLD MEDAL." If he will not furnish it, write us and we will tell you where to get it. There are over one hundred stores in Portland handling it. Independence Creamery, Independence, Or.
