FLINN IN RAGE AT PENROSE CLAIM OF ATTEMPT TO BRIBE

Progressive Declares Penrose Lies if He Says He Was Offered Money to Elect Flinn to the U. S. Senate.

URNS TO FACE ACCUSER IN MAKING HIS DENIAL

Treasurer Hooker of National Committee Gives New York Records.

(United Press Leased Wire.) Washington, Oct. 1.—"If Boies Penrose says I offered him or anybody else \$2,000,000 to be elected senator from Pennsylvania, he lied."

Flinn is leader of the progressive party in western Pennsylvania and it was largely due to his efforts that delegates to the Republican national convention at Chicago instructed for Theodore Roosevelt were elected.

Only a few spectators were present when the committee met at 10:10 o'clock. Flinn was scheduled to open today's hearing with his testimony.

Hooker submitted records of the New York county "Protest Committee," which showed that contributions to the pre-convention campaign of Colonel Theodore Roosevelt from New York were \$59,126.

"We were too poor," he said, "to hire watchers, and were robbed. But, despite this fact, we got nearly as many votes as President Taft."

Hooker testified that the total expenditures of the Progressive pre-convention campaign were \$141,957.

SIX UNEXPLAINED ARRESTS MAY BE OF BARR SUSPECTS

Seattle Police Profess Same Ignorance as Those of Portland; Are "Simply Holding Them for Orders."

PRISONERS COME FROM LOWER WALKS OF LIFE

Portland Detective Who Procured Arrests Supposed to Have Left Seattle.

(Special to the Journal.) Seattle, Wash., Oct. 1.—Deep mystery still shrouds the arrest of six suspects, who possibly may be wanted in connection with the Barr murder case at Portland.

The local police profess entire ignorance in reference thereto, as Detective Andy Vaughan of Portland, who arrived Sunday, has not confided in Captain of Detectives Charles Tennant or other members of the local department, they say.

Vaughan disappeared last night and is not to be found this morning. He is believed to have gone to Tacoma, as from some remarks he dropped yesterday, it is believed he had clues leading him to neighboring cities.

Altogether five men and one woman have been detained by the police at the request of Vaughan. They were arrested in various lodging houses and saloons in the lower part of the city.

The first arrests were made Sunday night at 9 o'clock when Detectives Hubbard and Keefe took into custody S. C. Maxey, a laborer, 29 years old and Bob Pavich, a laborer, aged 20.

Maxey and Snyder and Bessie Miller are being held on an open charge, awaiting Vaughan's orders, while Smith and Hughes, according to Captain Tennant, will be charged with vagrancy and sent through the local court.

All Save One of 51 Defendants Charged With Conspiracy Face Judge Anderson When Big Case Starts.

TVEITMOE AND CLANCY PLEAD NOT GUILTY

McManigal, Chief Witness Against Unionists, Closely Guarded in Courtroom.

(United Press Leased Wire.) Indianapolis, Ind., Oct. 1.—The final chapter in what the government alleges was a gigantic conspiracy on the part of iron workers and others to fight their battles with dynamite and nitroglycerin began here today.

The cases of 51 defendants of the International Association of Bridge and Structural Iron Workers and other union leaders indicted by the federal grand jury here on February 3, 1912, on charges of conspiracy, were called in the federal court before Judge A. E. Anderson.

All of the 51 defendants were present except Daniel Brophy, when the case was called for trial at 8 o'clock. Brophy was unable to reach his home in Brooklyn, where he is confined to his bed with a broken leg.

Orlie E. McManigal was arraigned today on charges of illegally transporting explosives, the charge against him being the same as those contained in the indictments against the union men.

Prosecutor Miller said that it was up to him to elect the counts, whereupon the government attorneys selected the charge of conspiracy to murder.

When 200 employees of mill No. 28 started to return to the looms they were told they could not have their positions back because some of the workers Saturday stoned the mill, breaking windows and machinery.

The men strikers then bombarded the mill with rocks and stones, the millowners sending in a turpentine call for the police.

GRAIN GOES TO SOUND; LACK OF ORIENTAL LINE INJURY TO PORTLAND

3000 Tons of Wheat Recently Transhipped Here on N. P. Road for Seattle.

How Portland would profit by the operation of an oriental steamship line, how Portland is losing from lack of the service, are shown by the movement of the great inland Empire wheat crop to the coast.

Within the last few days 3000 tons of wheat were taken from the North Bank warehouses and transferred to the Northern Pacific for shipment to Seattle, rather than Portland, to be transhipped out of Seattle to the orient because Seattle has oriental service and Portland has not.

Sending the wheat to Seattle was not wise, the transportation is cheaper, as it is twice as much operating cost to send a freight train out of the empire over the mountains to the coast as it is to send a freight train down the coast to the coast.

It is known that the Harriman lines are having the same difficulty as the North Bank. Looking the 3000 tons of wheat makes a difference of about \$100 to the railroad.

The 3000 tons is only a drop in the bucket compared to the 50,000 or more tons of wheat which will be shipped to Seattle from the inland Empire, because of the cost of the inland Empire, because it is twice as much operating cost to send a freight train out of the empire over the mountains to the coast as it is to send a freight train down the coast to the coast.
