Health and Beauty Hints

B. Sister: It is right that the patrons of your "beauty parlors" should object to shampoos made from soap on account of the great danger of the soap alkali ruining the lustre of their hair.

Mrs. L. G.: It is not necessary that your face reflect your age. You could easily have a much finer, clearer, smoother and more youthful complexion if you quit using powder and tried a good lotion.

"Weak Eyes": Wearing glasses is not likely to help your weak, dull, inflamed eyes. What you need is a good strengthening eye-cream.

At first, I would advise you to seek health first, before beauty. You say you are not sick, but that you feel tired, always, look sallow and have pimples and eruptions.
