TO AID OPEN RIVER Duke of Connaught's Men Mother's Success in Getting

Celilo Canal Appropriation Must Be Made a Sure Thing, Too, Says Speaker at the Waterways Convention.

(Special to The Journal.)

Lewiston, Ida., Oct. 5 .- Showing the the interior towns of the Inland Empire, and urging their co-operation with open river transportation the reduc-which will render imperative the reduction of the present excessive freight rates which affect them, R. C. Beach, Washington Development league, vice gress; Judge S. A. Lowell, of Pendleton, and M. M. Moulton, of Kennewick, spake to the convention at Lewiston this morning on the topics of interest to towns tributary to the Inland Empire river system.

"The nail in sight to be hit," said Mr Beach, "Is the sure thing of getting the \$1,250,000 appropriation, of getting our project before every congressman and senator in conress personally and of assuring the Open River Transportation company's support in the regular maintenance of its boats to our territory. In order to attract the attention of congress, we must have these transportation companies as our asset."

In appreciation of the efforts of Joseph N. Teal of Portland, the promoter of the Open River Transportation comany of Portland, who has suffered ill health for some time, due to strain of work, a resolution was drawn up and adopted this morning and will be wired convention in Mr. Teal's efforts to maintain a river navigation company.

one of the company's steamers. Capwas a firm supporter of the movement.

In dealing with the question pertain- tance, catch up. ing to the towns tributary to the rivers but not contiguous, Judge S. A. Lowell

"It is our object to hammer home to will contribute more to bringing it to than the construction of good roads leading to the avenues of commerce. It should be the purpose of all merchants and farmers to build roads to the points of concentration, so that public interest and capital will be directed toward the rivers. When you get capital interested in dividends behind business of open river transportation then will be seen the greatest campaign this country has ever seen."

M'KINLEY TO BE CALLED ON STAND OCT. 7 BY THE SENATE COMMITTEE

Make High Record at Rifle Match.

The main event of the Northwest International Rifle match was finished this morning when the team from the Duke of Connaught's regiment of British Columbia won the big team trophy. While not breaking records, a splendid mark was reached by the Canadians. Shooting with a possibility of making benefits of open river transportation to 3000 points, the winning team was 2829. Oregon came second with 2739. The Washington team registered 2695 and river transportation companies the Idaho team finished fourth with a mark of 2666.

The star shooting of the day was done by Sergeant Wolford of the Britof Lewiston, president of the Idaho- ish team. Out of a possibility of 250 points shot today, the sergeant made president of the River association, and 243. Sergeant White made the high member of the rivers and harbors con- Oregon team score, registering 237. Sergeant Wendall of Idaho placed third with 234 out of 250.

Special events, in most cases individual contests, are being shot this afternoon. Trophies will be presented at o'clock and dinner for the visitors will be served at the club house at 6 o'clock. A theatre party is to be given at the Orpheum tonight. The coast artillery band of Portland is at the range this afternoon and through the dinner hour. The Vancouver riflemen will

leave for their homes Sunday.

When the shooters in the Northwest International Rifle match finished Friday evening the team from British Columbia had a lead of 80 points, which virtually assured them the championship. Leading at noon by a goodly margin, the Duke of Connaught's shooters not'only continued to maintain the advantage, but increased it to a point where it will be almost impossible for any of the others to catch up. Members to him, showing the appreciation of the of the Oregon National guard team will probably come second, as their lead at the finish Friday was almost as great A resolution was also drafted and as the lead of the British Columbia gunadopted in appreciation of the work of ners over them. Oregon gunners, still Captain W. S. Buchanan, as captain of confident, predicted that the men from the northern country would fail in the tain Buchanan until his death this year 1000 yard range, while they would, because of constant practice at this dis-

kansas Train and Secure \$10,000 as Loot. (United Press Leased Wire.)
Fort Smith, Ark., Oct. 5.—Pesses are
today on the trail of three masked bandits who held up and robbed a north-

bound Kansas City Southern passenger train No. 4 three miles northeast of Poteau, Okla. The bandits after blowing open two safes in the express car, rifled the registered mail bags, escaping with a large quantity of loot. It is estimated that they secured \$10,000 from the express car. Of this sum \$7000 is said to have belonged to the Heavener, Okla., bank. The robbers boarded the train when it stopped at a crossing near Poteau I'wo of them went into the express and

baggage car and the third climbed onto the locomotive tender and wormed his way over it to the engine cab and covered the engineer and fireman with a revolver. At the point of a gun the engineer was compelled to run the train two miles further on, where it was stopped

and the robbers in the express and baggage car got to work, They first drove J. L. Williams, the baggageman, and L. P. Kerr, the ex-press messenger, behind a pile of trunks and then dynamited the two

safes in the car. With their loot in a gunny sack the trio took to the wooded hills that line the right of way at this point,

SPANISH PRINCE NOT ALLOWED TO LAND

New York, Oct. 5.—Because he attempted suicide last July, Prince Ludo-vic Pignatelli d'Aragon, son of the pri-tender to the Spanish throne, is today debarred from entry into the United States. The prince, who arrived on the steamship Franc, is held by the immigration authorities on Ellis Island, awaiting a disposition of his case.

Deadly Engines of War.

Portsmouth, Eng., Oct. 5.-Following ecent experiments, the admiralty has determined on a big increase in the number of hydroplanes at the flying station at East Church. Trials carried out during the last few months have proved their attacks upon a warship to be most deadly. It has been shown that from a height

ob 1000 feet a bomb can be dropped down a warship's funnel with the utmost accuracy. New warships being designed for the British navy are to be armor-clad on the decks as well as the sides and the tops of the funnels will be similarly
