Councilman Daly Files Ordinance Whereby Meter Rates Shall Be Reversed: Urges Metering of Entire City.

Contending that the primal purpose of the construction of the great pipe lines from Bull Run was to furnish water for homes and that any other use is subversion, Councilman Will H. Daly today filed in the city auditor's office letter recommending that the city water board invert the present meter rates, thus giving small consumers the lowest rate. Mr. Daly also recommends that a tax levy be made to provide for the metering of the entire city within three

At present the meter rate is 1214 cents per hundred cubic feet for the first 600 feet; 10 cents per hundred for the next 20,000 feet, and 8 cents per hundred for all in excess of 20,000. Mr. Daly suggests that the rates be changed so that consumers pay 8 cents per hundred for the first 2000 feet, 10 cents per cents per hundred for the next 5000 cubic feet in any one month. Following, in part, is Mr. Daly's letter to the board:

"Persons or corporations who use large quantities of water for other purposes should be stopped by a prohibitive rate, a rate so high that it will be more economical for them to pump their water from the river.

Violation Is Alleged. "The city has declared by ordinance that a minimum charge by gas or electrie corporations shall not exceed 50c per month; therefore we are violating exact 75c as a minimum to water users.

"At present in the sale of water to consumers the city is pursuing a method that, while it is good from the ordinary commercial business standpoint entirely subverts the theory on which municipal ownership of water plant is

"Water users now pay 121/2c per 100 feet for first 600 feet, and 10c per 100 feet for next 20,000 feet and 8c per 100 feet for all in excess of 20,000 feet. water privilege tax of 25c per

"The 25 cents water privilege tax and the increased rates to large users of water will, I believe, go far to providing for every consumer.

Following the completion of the jury opening arguments were made in the case by John Manning, attorney for the accused woman, and Deputy District Attorney Page for the state. The jury was then sent toview the scene of the murder on Second street between Clay and Market streets. The shooting occurred at the home of the dead man's father about noon, July 12 last.

Self defense is to be the plea of the defense, according to Attorney Manning, who, with Barge F. Leonard, is defending her. They will try to show that Celestino and his father were threatening her and that she shot without knowing at which she was siming the revolver. It is claimed that Celestino in duced her to desert and divorce her hus-According to Deputy Page, the state will try to prove that the woman shot Celestino because he refused to marry

Celestino. The state will place witnesses on the stand to show that Celestino was but one of a number of men who were paying her marked attention and that her claim that he should have married her was no more justified than it would have been in the case of any of the others.
