

GRESHAM MEETING BOOST FOR WILSON

Democrats Urge Support of Progressives for Important Offices.

Before an audience that filled all the available seating capacity of Commercial club hall, a Wilson-Marshall rally was held at Gresham last night. The audience was responsive and the meeting was in every respect a success.

John H. Stevenson spoke for Governor Wilson; Frank S. Myers, for Dr. Harry Lane, while Judge M. G. Munly, candidate for circuit judge; J. Wood Smith, candidate for state senator; Tom Word, candidate for sheriff, and Benjamin Brick, Martin Kronenberg and Dr. Jack M. Yates, candidates for state representative, spoke in behalf of their own candidacies.

Wilson's Record Good.
Mr. Myers declared that Dr. Lane's record as mayor of Portland had placed him in the public confidence and that in voting for him the people are assured of a United States senator who will not be controlled by any interests hostile to the people. He declared that Senator Bourne has allied himself with the large interests that he is closely associated with Standard Oil, and that while pretending to be progressive, he voted for the Payne-Aldrich tariff bill and thus stamped himself as a stand-patter of the first rank.

Judge Munly declared in favor of revision of the tariff downward. This, he said, is essential to reduce the cost of living. The speaker said that if elected to congress he will support Governor Wilson in every measure to reduce the tariff on trust controlled goods and thus cut down prices on the necessities of life. He said that Congressman Lafferty, while pretending to represent the people of Oregon, is really opposing their interests by antagonizing the government in its efforts to forfeit the Southern Pacific land grant, by which would be restored to the people thousands of acres of land.

Wilson's Record Good.
John H. Stevenson commended the record of Woodrow Wilson as governor of New Jersey and showed how he had overthrown boss rule in that state and in three months' time had forced through the legislature of his state a corrupt practices act, a direct primary law, an act creating a public utilities commission, an employers' liability and compensation law and a law empowering municipalities to adopt a commission form of government. He said the governor had also caused to be enacted 16 measures for the betterment of labor and laboring conditions in New Jersey, and that these measures were of such a beneficial character that the executive committee of the State Federation of Labor had adopted resolutions commending Governor Wilson for his efforts in behalf of those who toil.

Tom Word was given an ovation. Oglesby Young invited a comparison of his record and abilities with those of his opponents. J. Wood Smith, Dr. Yates, Martin Kronenberg and Benjamin Brick promised, in the event of their election to the legislature, to stand for progressive and economical legislation.

RICH TOKAY GRAPE QUEEN FOR A DAY

Josephine County Farmers Are Urged to Specialize in Its Culture.

(Special to The Journal.)
Grants Pass, Or., Oct. 10.—An annual Tokay grape festival has been inaugurated in Grants Pass, the first observance of the occasion to be on Friday, October 11. It is proposed on this day to have a big parade in the afternoon, the autos to be decorated with the Tokay grape, or to be representative in some manner of the grape industry. Business houses will decorate, and the Tokay will be in the place of honor for at least the one day.

Hundreds of acres of the Tokays were planted out here three and four years ago, and they are just coming into commercial bearing. The fruit is now ripening, and the festival marks the commencement of many of the vineyards as shippers. The Rogue river Tokay is considered locally to be the superior of any grape known on the continent, and efforts are being made to get farmers to specialize in its culture.

Photographer Welster of Portland will make moving pictures of the festival for the Southern Pacific company.

WALLOWA COUNTY NOT VICE RIDDEN

District Attorney Ivanhoe Denies Charges of Ministers Laws Not Enforced.

(Salem Bureau of The Journal.)
Salem, Or., Oct. 10.—Replying to the allegations made by the committee appointed by the International Ministerial union of Wallowa county in a report submitted to Governor West, F. S. Ivanhoe, district attorney for that county, and Edgar Marvin, sheriff, deny that the laws against liquor selling on Sunday and against prostitution are not being enforced. It was alleged that the laws were being flagrantly violated in Wallowa county and that the officers were winking at such violations.

After declaring that he was properly performing the duties of his office, District Attorney Ivanhoe, in a letter to Governor West, says he is "ready to verify this statement with details, and would only give the subject a passing consideration, did I not believe you are acting sincerely and in good faith with both myself and the public in your efforts to improve bad conditions wherever you believe they exist."

Sheriff Marvin declares that the ministers have never brought evidence to him showing that the laws were being violated. He says that J. A. Burleigh, whom the ministers asked to have appointed as a special prosecutor, is not a fit person for such duties, as he had been attorney for Norfolk Hogan, who the sheriff said is one of the most notorious criminals in Wallowa county, and that at one term of court Burleigh acted as a special prosecutor and later made improper use of the testimony he heard before the grand jury.

ROJAS' REBELS ATTACK TOWN

Surround Moctezuma, Demand Weak Garrison's Surrender on Pain of Death.

(United Press Leased Wire.)
Douglas, Ariz., Oct. 10.—Two hundred and fifty Mexican federals are rushing to Moctezuma, Sonora, today, to relieve that town, which is surrounded and threatened by General Antonio Rojas and 400 insurgents. Rojas issued an ultimatum demanding that the federal garrison of the town surrender or be annihilated. There are only 100 federals at Moctezuma, and it is feared they may be wiped out before reinforcements arrive. Two hundred additional federals have orders to pursue any advantage they may obtain over Rojas' force, to the end of exterminating the rebels.

General Rojas has applied to President Madero for amnesty, but while awaiting a reply is losing no opportunity to lay waste the country.
