

### DEMOCRATS HOLD ROUSING MEETING IN LENTS THEATRE

House Packed and Many Are Compelled to Stand During Speaking; Bourne and Lafferty Attached by Speakers.

More than 500 people crowded into the Lents theatre to attend the Wilson-Marshal rally at Lents last night. It was one of the largest and most enthusiastic political gatherings ever held in that suburb. The crowd packed the theatre to the doors and extended out to the sidewalks. It was an enthusiastic gathering and its responsibility to the speaker of the event was served to indicate that Wilson sentiment is very strong in Lents.

A committee consisting of O. E. Lent, L. B. Tuttle, I. F. Coffman and T. Cowin had charge of the preparation for the meeting. The Progressive Democratic marching club led a parade about the town in the early evening, accompanied by a file and drum corps. The marchers strung out more than a block in length. The club made the evening lively with campaign songs and yells.

**Tariff Record Attached.**  
The speakers were John H. Stevenson, who talked for the last night of the ticket; M. G. Munly, candidate for congress; Oglesby Young, candidate for circuit judge; Tom Word, candidate for sheriff; Frank S. Myers, who spoke for Dr. Harry Lane; John A. Jeffrey, candidate for district attorney; J. Woods Smith, candidate for state senator; Dr. Jack M. Yates and Benjamin Brick, candidates for representatives.

Stevenson attacked the tariff record of both Taft and Roosevelt. He said that Taft four years ago had promised a revision of the tariff downward, but instead it had been revised upward and the president is to be distrusted when making the same promise again this year. He said that in all the seven and one-half years of Roosevelt's reign he had failed to revise the tariff at all in the general interest and had even, after his return from Africa, commended the Payne-Aldrich tariff bill. He said Governor Wilson's promise of a revision of the tariff "downward and steadily downward" is a promise that will be fulfilled in the event of his election, as the governor's good faith can be depended upon in the light of his record of achievement and legislative reform in New Jersey.

**W. W. Lafferty Grilled.**  
Mr. Munly went into the history of the Oregon-California land grant and pointed out the inconsistency of Congressman Lafferty's attitude. In the fight being waged by the government to restore that great domain to the people.

"While professing to represent Oregon in congress," he said, "Mr. Lafferty is devoting his energies to serving the interests of his clients and, indirectly, the Southern Pacific, by seeking to have the railroad company forced to sell its lands to Mr. Lafferty's clients instead of enforcing a forfeiture of the land, thereby restoring these lands to the people."

He pointed out the good of electing a Democrat to congress, saying that the election of Governor Wilson is a practical certainty and a Democratic president should be given a Democratic congress to carry out Democratic policies and reforms.

Mr. Myers said that argument for Dr. Lane's fitness for United States senator is unnecessary in view of his well known convictions on public questions; that Dr. Lane entered the office of mayor of Portland a poor man and had left the office in the same condition. He said Lane will go to the senate a poor man and remain there, laboring for the general good rather than private interest.

**Senator Bourne's Stand Scored.**  
He attacked Senator Bourne's stand on the tariff and said that Bourne has proven himself a stand-patter by voting for the Payne-Aldrich tariff bill, besides being friendly to the large corporate interests, including Standard Oil. He said that if Senator Bourne can get aside a primary law by privately circulating petitions he could go a step further and set aside the binding force of Statement No. 1.

Tom Word declared that if he is elected sheriff he will enforce the law. He said it will not be necessary for Governor West to come to Portland and appoint special officers to do what the sworn officers of the law had failed to do.

Oglesby Young promised that if elected he would make a circuit judge fair to all parties and true to the people who elected him. John A. Jeffrey declared that if elected district attorney he would save money to the people by a judicious use of the indictment, and not burden the court calendar with useless and spiteful prosecutions.

**Raps "Blue Sky" Law.**  
J. Woods Smith promised a business man's judgment in the senate and renewed his attack on the initiative blue sky law, declaring that it is to provide additional offices with large salaries. Dr. Yates and Benjamin Brick promised to support nothing but progressive and reform legislation if elected to the legislature.

Lew Anderson, candidate for railroad commissioner, was expected to speak but was required to leave the meeting too early to be heard.

The marching club members participating at the meeting last night were A. E. Harmon, Fred A. Johnson, J. H. Henry, R. Clark, Grover Sundt, J. H. Stevens, P. J. White, W. S. Snyder, Otto Schwale, C. T. George and E. Kumpel.

### FREIGHT WRECK AT EATON BLOCKS OREGON GATEWAY

(Special to The Journal.)  
Huntington, Ore., Oct. 11.—Past freight No. 55, east bound, leaving here last night, jumped the track at Eaton, this side Weiser, tearing it up badly and throwing a number of cars off the track. ### CHILDREN ESCAPE FROM BURNING HOUSE

Two children of J. Inman, 1911 East Everett street, had a narrow escape from death early this morning, when the home was completely destroyed by fire. Inman arose at 2:30, lighted a kerosene lamp, and went to the woodshed. The lamp exploded. The stout members of the family ran from the house, forgetting the children, who were rescued by the father. No insurance was carried on the home, the loss being about \$2000.
