

WILSON MEMBER OF KNIGHTS OF COLUMBUS NOW

Democratic Nominee Joins Order Named for America's Discoverer Last Night in New York.

(United Press Leased Wire.) New York, Oct. 12.—Governor Woodrow Wilson dropped politics long enough this evening to join the Knights of Columbus of New York city in doing honor to the memory of the discoverer of America. He was the principal speaker at the Knights of Columbus banquet at the Astor, where a big day of celebration, in which hundreds of thousands participated, came to an end.

As Governor Wilson rose to speak, Representative William Sulzer, Democratic candidate for governor of New York, entered the banquet hall and stood up to him—immediately a deafening round of applause broke out, which continued while the candidate, smilingly shook hands. Then Sulzer took a seat at the governor's side.

"Politics in America," said the governor, "is a more serious business than it is anywhere else in the world, because there are so many precedents that you have to reserve; there are so many plans that you dare not cut off; there are so many boasts that you dare not redeem.

"It seems to me very stimulating that men in the midst of affairs, whether they be their own affairs or public affairs, have begun in the midst of politics of business to dream a little while about Columbus ship coming in and ask if the freight that she brought has been debased by our treatment of it, and ask if the eyes that now look from the other side of the water toward America are dulled.

Speaking at Martins the governor said that political allegiance is coming to be a different thing than it used to be.

"We love our homes," he said, "in the proposition that they are homes and I hope Canadians will feel as much at home in New York as I have felt in Canada.

"I have no prediction to make about Canada except this very delightful prediction, that Canada and the United States will more and more thoroughly understand one another and like one another as the years go by. We have common ideas, we have common hopes, we have common views and for the time being Canada has a better banking and currency system than the United States."

RICH ARRESTED FOR EMBEZZLING BANK'S MONEY

(Continued From Page One.)

ments all of comparatively small sums, had been made and the books contained over 180 false entries. State and federal bank examiners who worked on the case said that the manner of covering the embezzlements was decidedly clever and of a nature rarely observed in such cases. It would have been practically impossible for them, as inspectors of the banking books, to have discovered the discrepancies, which were found by officers of the bank who had daily access to the books.

The first false entry was made in August 1910, and for a period of eight months following, no more occurred. Following that time, until September 1912, the alleged thefts continued regularly and averaged over \$100 a month. It is said.

The amount named in the indictment as the total embezzlement is \$238,250. Only sums appropriated between June 1911 and September 1912, are mentioned in the various counts.

The funds were taken from the general cash, and Rich is said to have covered the removals in figuring the interest accounts. He was a trusted employee, said to have been a good church member, and had ready access to any of the bank's books.

He has admitted the embezzlements, and the false entries.

INFAMOUS, CRIES T. R. OF GEM STATE COURT'S DECISION

"Reactionary Conduct by a Reactionary Court," Snarls Ex-President, Adding That It's "Trickery."

(Special to The Journal.) Boise, Idaho, Oct. 12.—Paul Davis, secretary of the Progressive committee, today received the following communication from Colonel Roosevelt, dated Chicago, Ill., October 12:

"Through you I desire to appeal to the men and women of Idaho not to permit themselves to be disfranchised as the court has sought to disfranchise them. It is impossible to protest too strongly against what is literally the infamy of this decision.

"Every upholder of law and order and every sincere well wisher of the cause should take the lead in condemning such utterly reactionary conduct by a reactionary court.

"Absolutely without warrant of law and against the interest of the great apostles of special privileges in politics and industry, the reactionaries wish to disfranchise the people when they recognize the Progressive party as the only party which really and in good faith stands for the people.

"It is an attempt to beat the cause by trickery and chicanery because those who inspire the attempt know that they have no chance of success in a fair and open fight before the people themselves.

"This action by the court has shifted the issue in Idaho to a square issue as to whether or not the people are to be allowed to express their deliberate judgment. It is an attempt to stifle such expression of deliberate judgment by the people.

"It was an infamous thing for the Republican state central committee to bring such an action and the decision by the reactionary partisan court before which it was brought, was against the law; against equity, against justice and against the whole course of decisions in all our American courts.

"I have a right to ask now that not only every Progressive, but every honest man and every honest woman in the state, stand with me. The Republican state central committee and the reactionary court are counting upon the hope that individually men and women will not take the trouble to write in the names of the Progressive candidates on the ballot.

"I appeal to the men and women of Idaho to disappoint this hope and frustrate the outrageous conduct of the reactionaries.

"THEODORE ROOSEVELT."

1—C. E. Tegethoff, secretary of the late E. H. Harriman. 2—John D. Archbold, president of Standard Oil company. 3—E. H. Hooker, treasurer of the National Progressive party. 4—J. Pierpont Morgan. 5—William Flinn, Pennsylvania Progressive leader.

WEST PROSECUTOR ADOPTS NEW PLAN

All Cases of Selling Liquor to Minors to Be Prosecuted Vigorously.

Attorney Roscoe Hurst, Governor West's special prosecutor of liquor cases, will Monday morning arrange to handle cases against liquor dealers found to be serving minor girls and boys with liquor. This is a new move in the campaign against the illegal sale of liquor.

The special prosecutor wishes all parents and guardians of minors who suspect liquor is being sold to the minors, to report the matter to him or the chief of police. A special officer will be assigned this work.

"There will be no reason for parents and guardians to complain about minors being given liquor," said Attorney Hurst last evening. "I have outlined a definite plan in prosecuting the dealers selling liquor in such cases. The dealer is the one who should be held responsible, therefore I propose to go direct to the cause.

"Furthermore, parents suspecting their children leading a wayward life, are urged to make the complaint to myself or to the chief of police. There are places in the city where minors can get liquor as easily as confirmed drinkers. As long as I am on this work, such dealers will be prosecuted to the full extent of the law.

"Our work against saloonkeepers who sell liquor to drunken men has been very effective. The juries in the municipal court, in most cases, have ably supported us. The respectable saloonkeeper approves our work, gives us his co-operation, and the number of dealers heretofore ignoring the law are now abiding by it."

CHEHALIS COUNTY FAIR HAS 10,000 ATTENDING

(Special to The Journal.) Aberdeen, Wash., Oct. 12.—Chehalis County Fair association will close tomorrow after five days of most successful exposition. The attendance for the four days has been 10,000, and the fair will be open tomorrow until 10:30 at night, which will bring at least 90,000 more visitors. A public wedding will be held tomorrow, the prizes donated by the county being valued at \$500.

The cattle and horse shows were the main feature, while the agricultural display was three times larger than last year.

MAGOONS STILL RIPENING ON FARM NEAR WOODLAND

Woodland, Wash., Oct. 12.—Menday Brothers, who operate a fruit, vegetable and berry farm about one and one-half miles southeast of Woodland, have marketed in the past few days, about 200 boxes of the very finest of Magoon strawberries. They are large, of the flavor, well colored and juicy. They will have as many more to market later on should cold weather not interfere. They will derive a revenue from these of about \$75. Their farm is on the high hills east of the river.

\$400 CHECK, GIVEN BY MURDERER OF HIS FATHER "TO MAKE IT RIGHT," IS HELD VALID

Everett, Wash., Oct. 12.—That a check given by Otis N. Weedon, a Sauk Prairie farmer, widely surrounded by a posse after killing William Rinker, Rinker's son, John, and another neighbor, in 1888, and must be paid, was a decision of the superior court today when Charles Rinker, son of one of the victims, claimed \$400, that being the amount of the check drawn in his favor.

John, crazed over neighborhood squabbles over line fences and other matters, killed himself after he wrote the check and stated that he would make it

MAKE RESERVATIONS FOR TRI-COUNTY FAIR

Twenty-five prominent Portland business men have made reservations for the Tri-County Fair excursion to Condon, which leaves Portland next Wednesday evening at 8 o'clock. An even dozen more are expected to join the excursion. The purpose is to spend Thursday in Condon, viewing the evidences of a year's advance in agricultural production through the medium of the new gospel of intensive, diversified farming. Some unusual grain exhibits are also to be made.

The Portland business men will witness the unexpected results that attended deep plowing for wheat and other crops. Livestock will be a leading feature. The 4300 square miles included by Gilliam, Sherman and Morrow counties will be represented. Exhibits that will tax the accommodations of the Condon fair grounds will be made.

The excursion will be made of two Portland cars, and cars from Heppner and other points to be hooked on at La Grange. The excursionists will leave Condon at 11 o'clock Thursday night and arrive in Portland at 7 o'clock Friday morning. The making of exhibits has been under the direction of the Condon Business Men's association. Some \$4000 was raised by the association for premiums and expenses. Prizes have been put up also by the Portland business men, and help has been furnished by the conservation commission, the Tri-County Development league and the Oregon Development league. The school children's industrial exhibit will be an important feature of the fair.

IDENTIFY LETTERS IN DYNAMITE CASE

Indianapolis, Ind., Oct. 12.—With the adjournment of Federal court in the dynamite conspiracy case tonight, District Attorney Miller stood up and scowlingly informed the attorneys for the defense that they would have to return the government's exhibits they had borrowed.

Senator John W. Kern for the defense, then asked if he might take matters into his own hands. He introduced into evidence over Sunday and prepared for the cross examination of witnesses who testified concerning the letters this afternoon. Judge Anderson told Senator Kern he would have an opportunity to see the letters if he could not take them over Sunday. The task of identifying by J. McNamara's former stenographer, some \$90 alleged incriminating letters, was begun by the government today.

LIQUORS Can Now Be Made at Home for 25 Cents a Quart.

Cincinnati, Ohio, Oct. 13.—Through a recent discovery of an expert distiller of this city a method has been discovered for making Whiskies, Liquors and Cordials in the privacy of the home. With a concentrated extract a smooth and mellow whiskey, liquor or cordial can be made, saving the liquor dealer's enormous profits. Requires no apparatus of any kind. A few minutes does the work. The question of legality of this process has been carefully investigated and found to be legal and legitimate under all laws. This new method of making liquors at home will be welcomed by thousands of people, not only on account of the purity and excellence of the liquor that can be made, but on account of its great saving. With this new method a quart of delicious and healthful liquor can be made for 25 cents, equal, if not better, than that sold at four times the price. It is indeed wonderful, and the discoverer of this method has received thousands of letters of praise. We understand that the discoverer of this wonderful product is permitting any responsible person to try a whole quart free on trial, and we would suggest that anyone who enjoys a real good whiskey write to the Universal Import Co., 3042 Sycamore St., Cincinnati, Ohio, and ask for free trial offer with booklet giving away secrets of the liquor business, which will prove very interesting.

LABOR WILL APPEAL DANBURY HAT CASE

(United Press Leased Wire.) New York, Oct. 12.—That an appeal would be taken from the decree of the United States Circuit Court at Hartford awarding Albenus Lowe & Company of Danbury, Conn., a verdict of \$240,000 against the United Hatters of North America, in the noted "Danbury Hat Case," was announced tonight by Samuel Gompers, of the American Federation of Labor.

Gompers declared that if an appeal to the Supreme Court of the United States failed, the Federation would take the matter before Congress.

"We believe," he said, "the Sherman anti-trust law was not made to include such voluntary associations as trades unions, which, unlike trusts, are not organized for profit, but for the protection of the workers. The democratic platform has the same view. The trusts which the Sherman law is formed to regulate, are selfish in the business sense, while the unions are formed to use the masses and see that they get their rights."

NICARAGUANS STIR UP REVOLT IN HONDURAS

(By The International News Service.) Tegucigalpa, D. C., Oct. 12.—The American minister at Managua, telegraphs the state department today that about 200 revolutionists who had fled in their own country, evacuated Leon and proceeded at once to stir up a revolution in Honduras.

BAD CHECK MAN IS UNDER ARREST

Goods Valued at \$600 Bought by Means of Forged Paper.

E. J. Jaeger, jeweler at 256 Morrison street, caused the arrest last evening of a man giving the name of Ed Stokes, who later proved to be a check forger of no small degree. Goods to the value of \$600 were purchased yesterday afternoon by Stokes, fraudulent checks being given in each case.

Shortly before 6 o'clock Stokes purchased a diamond ring of the jeweler for \$25. When he offered a check, Jaeger asked for identification. The man referred him to the Honeyman Hardware company, from whom he had purchased a bill of goods amounting to \$174. This company reported they had sold the goods and the man apparently was all right.

After getting the diamond ring Stokes went to the People's Outfitting company, where he purchased \$50 worth of goods, giving a check. Jaeger suspected the check soon after accepting it, and detailed an employe to follow Stokes. From the outfitting concern Stokes went to the jewelry store of Marx & Bloch. There he purchased an \$85 diamond ring, giving another check. From there he went to the Barber college at Fourth and Couch, where he had his mustache shaved off and hair cut short. In the meantime Jaeger had telephoned the police. Patrolmen Martin and Tackabury met Stokes as he left the Barber college. Jaeger asked for the return of the ring, but Stokes said he had left it at the postoffice, whereupon he was arrested.

At the police station officers found six diamond rings and several small articles in his pockets. The man had stored a box of goods to be shipped Monday to California. This box was intercepted by the police. Stokes admitted to the police he had forged the checks, intending to leave town.

He had deposited \$70 at the East & Thompson bank, and \$50 at the East Side bank. In his bank book the man had raised the deposits to \$1170 and \$1160, respectively.

Stokes has been rooming at 418 Belmont street. Detectives Snow and Coleman took up the case after his arrest, locating the box of stolen goods and his living place. A felony charge was placed against him.

RESUME INQUIRY INTO CAMPAIGN FUNDS MONDAY

Clapp Committee Has New Witnesses Ready for the Third Week of Investigation of Campaign Contributions.

(United Press Leased Wire.) Washington, D. C., Oct. 12.—Annihilation supplies for renewal of its political fusillade next week were replenished today by the Clapp committee investigators, who took a day off to line up new witnesses for the third consecutive week of their inquiry, beginning Monday. Chairman Clapp had charge of this work; Senator Pomerene, the Democrat on the committee, being in Ohio.

Chairman Clapp indicated today that the committee might sit right up to election day next month. Even then its work may not be concluded, and more witnesses may be called after Congress convenes. The Minnesota senator said it seemed certain that the committee must keep grinding away for two and possibly three weeks more, with only occasional respite.

Eight prominent Democrats will testify Monday and Tuesday. The committee will declare a holiday Wednesday when Senator Oliver of Pennsylvania, its only pro-Taft member, will secure an honorary college degree.

SUPPOSED IDAHO SPY CAUGHT AT U-W. GAME

(Special to The Journal.) Seattle, Wash., Oct. 12.—Scoring eight touchdowns, also a place kick, the State University football team defeated Puget Sound University by a score of 53 to 0. The game proves that Coach Doble has a bunch of men who can work together. A man by the name of Savage was caught on the side lines taking notes, and was ousted. It is believed he is a spy from Idaho university, which team plays Washington here in two weeks.

SCORE OF CONVICTS BREAK FOR LIBERTY

(By The International News Service.) Cheyenne, Wyo., Oct. 12.—Led by Dutch Dilton, leader of the notorious Whittney gang of outlaws and recently sentenced to life imprisonment for murder, 20 convicts employed in the broom factory at the state penitentiary at Rawlins, rushed the prison stockade this afternoon and before the sleepy guards realized what had happened, had reached places of temporary safety in the rocky cliffs back of the penitentiary.

Poses quickly formed and seven of the fugitives were captured before midnight. Those at large are armed with hammers, hatchets and other tools and will put up a desperate fight before being taken.

SUPREME COURT WILL RESUME GRIND MONDAY

Washington, Oct. 12.—Summer coverings were taken off nine mahogany chairs today in the supreme court chamber in preparation for the opening of the term of court at noon Monday. With the acceptance of a few brief holidays the court will sit until next June. Exactly 86 cases are before the court this year, the smallest docket in years. Each case involves radically different statements of fact and requires painstaking consideration.

The opening session Monday will be largely perfunctory. No decisions will be rendered until the following Monday, October 21.

Many important cases will be argued next week, including the "Bath Tub Trust" case, the Inter-Mountain rate case, and the Alabama rate case.

TWO WEALTHY WOMEN KILLED IN AUTO WRECK

(By The International News Service.) Los Angeles, Cal., Oct. 12.—Miss Ida A. Stevens, 40 years old, and Miss Mary Pratt, aged 45, two prominent and wealthy Santa Monica women, were almost instantly killed in an automobile accident late this afternoon near the Country club at Beverly. Robert B. McIntosh, a motor dealer, who was instructing the women how to handle the machine, was severely but not fatally injured.

HELD ON CHARGE OF ASSAULT AND BATTERY

L. B. Kasarlich was arrested last night for assault and battery, on the complaint of Milica Cubatich. The woman claims the man attacked her with a knife, following a violent quarrel. The woman bore severe cuts as a result of the attack. The accused claims the woman is his wife.

Instead of the customary crane, four powerful electric jacks are used in a railroad shop in Iowa to lift locomotives.

WASTE-CLOGGED BOWELS, TORPID LIVER AND DECAYING FOOD IN STOMACH CAUSE THE SICK HEADACHE, GAS, BACKACHE, SALLOWNESS, BILIOUSNESS AND INDIGESTION.

All women get bilious, headachy and constipated—simply because they do not exercise enough. They don't eat coarse food, or enough fruit and green vegetables. These are nature's ways of keeping the liver and 30 feet of bowels active; but very few women employ them. The next best way is delightful, fruit Syrup of Figs.

WILSON VICTORY IS PREDICTED BY PRICE IN SPEECH

Speaking at Oregon City Former State Senator Says Wilson, as President, Will Create New and Better Era.

(Special to The Journal.) Oregon City, Or., Oct. 12.—Walter M. Pierce, former state senator, spoke before a large crowd tonight in Williamette Hall in this city. This was his last speech in Clackamas county, he having finished his tour throughout the county in behalf of the national and state tickets. He spoke also in behalf of the county ticket, predicting success for the democratic nominee. He said that in his mind there was no doubt but that Woodrow Wilson would be the next president of the United States. He will create a new era in this country when he enters the White House. Wilson's past record was pointed out for an example and Pierce drew out the character of Wilson during the Baltimore convention, when he was out and next stated that he did not believe that Parker should be temporary chairman. This statement, he said, won Wilson the nomination. Milton A. Miller of Lebanon, followed with a speech in which he lauded Governor Wilson. He spoke in behalf of Harry Lane and said that Lane deserved the peoples' votes. He ended his speech by telling of the great waste of money in the United States senate under the old system and spoke highly of the popular vote of United States senator by the people.

San Francisco, Oct. 12.—The police here have received information that Joseph H. Jordan, fugitive attorney and Clubman, who was supposed to have been drowned in the bay off Sausalito on July 26 last year, is living in seclusion in the Canadian Rockies. Jordan started out on a fishing expedition on his yacht on the morning of July 26. That evening the yacht was found floating in the bay and Jordan was missing.

Two indictments were outstanding against him for alleged forgery at the time. On July 8, 1911, Green Dodd, a young man from Atlanta, Ga., was shot and killed in his real estate office here, Jordan was with him. According to Jordan, Dodd committed suicide and in substantiation of his story he turned over to the authorities a note said to have been written by the younger Dodd. Later Dodd's mother declared the note was not written by her son. It also was found that Jordan owed Dodd money.

GET TIP SUPPOSED DEAD MAN IS ALIVE

Salt Lake, Utah, Oct. 12.—The backbone of the strike of Bingham copper miners was broken today by a strategic move on the part of the Utah Copper company. This move lay in the voluntary increase of fifty cents a day in wages to the hundred and twenty men who returned to work in the Utah Copper's main pit yesterday, and to the sixty men who resumed work at the New England mine today.

The strike was originally called because of the mine company's refusal to amend for an increase of fifty cents a day. Strikers who were learning of the increase applied for tonight were enrolled. Within a week it is estimated, a normal force will be at work.

This turn seems likely to forever eliminate the Western Federation of Miners as a factor in Utah. Chas. H. Meyer, president of the Western Federation of Miners, announces tonight that despite the increase he would call a general strike in Colorado, Nevada, Arizona and New Mexico. Today was quiet at Bingham.

IOWA FOR WILSON DECLARES L. YOUNG

(United Press Leased Wire.) Des Moines, Oct. 12.—Iowa is for Wilson, in the opinion of Lafe Young, former United States Senator, declared by Keayon for the Republican nomination. He is also standpat editor of the Daily Capital. In his paper tonight, Young says a careful canvass of the state has been made which shows the Democrats are holding their own or nearly so, but there will be sufficient defection from Taft to Roosevelt to defeat the Republican nominee in every county by a substantial majority.

MADAM! IF YOU DON'T FEEL RIGHT TAKE DELICIOUS "SYRUP OF FIGS."

Waste-clogged bowels, torpid liver and decaying food in stomach cause the sick headache, gas, backache, sallowness, biliousness and indigestion.

It is simply a matter of keeping your stomach, liver and bowels clean and regular. Then you will always be well—always look and feel your best.

But get the genuine—the old reliable. Ask your druggist for "Syrup of Figs and Elixir of Senna." Refuse with contempt, the so-called Fig Syrup, sometimes substituted to fool you. The true genuine, bears the name—California Fig Syrup company—look for this on the label.
