# WEEK'S TRADE IS ERRATIC

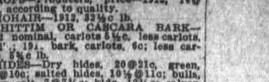

### Chicago Wheat Market Is Directly Affected by Foreign News.

Affected by Foreign News. Chicago, Oct. 19.-Erratic news to-sether with a trade that was inclined to be flighty upon occasions, gave the wheat market here a decided mixed character during the week. War news and foreign markets caused the most of the disturbance. While a bull market ruled for a limited time, conditions, as a rule, were favorable to short sellers. Price changes abroad were unusually heavy during the week, and cables from there quickly affected the market here either favorably or adversably.

adversably. The cash wheat situation has not been so active recently and this has given the foreign disturbance more room to create prices here.

ELOPE; NOW ON TOUR

Moberly, Mo., Oct. 19.-Issuance of froulars offering a reward for Bennie Pigg and Miss Ramona Randolph, revealed the fact that they had eloped from Sauk City, Wis., August 26, in an automobile belonging to the boy's father and that the parents of both, who were on a tour, were left standing in the side-walk. The runaways are believed to be

Details of their disappearance include a desperate flight in the machine, the escape from a constable who sought to lock them in a field where they had driven by mistake, and a later appeal from a Kentucky town for money, on the theory that they were coming home. While considerable business passed in the hop market yesterday at Willamette valley points at prices that ranged from 12½ to 20c a pound, dealers are not giving much publicity to the matter because they want to buy. Little business has been done at the high figure, most of the transactions being around 17 to 18c a pound. Quite a lot of cheap quality has been picked up during the last few days around 12½ to 15c a pound. Most of this has been for the account of small brewers to whom quality cuts little consideration. The publication of the English crop estimates did not create the heavy busi-ness expected by the trade, but some re-suits are expected during the coming week.
