

WILSON LEADS T. R. BY 5000 VOTES IN CALIFORNIA STATE

Storms Prevent Complete Returns From Coming in but Democratic Victory Is Certain; "Greater Frisco" Lost.

(Called Press Leased Wire.) San Francisco, Nov. 7.—With returns from many of the northern California counties still cut off by storms, indications today, based on reports already received, are that Woodrow Wilson has captured the state for the Democrats by a majority over Roosevelt of about 5000 votes. Of the 4372 election districts in California, returns have been received from about 1900, which indicate the above majority. The full official or unofficial vote probably will not be available until tomorrow at the earliest, but there is no longer any doubt that Wilson has won.

Returns from the congressional districts are vague. All indications, however, are that enough has been learned to make the result certain, except in the First and Seventh districts. In the First William Kent, independent-Progressive, seems to be slightly in the lead over Judge Zornelt, Democrat, and in the Seventh D. S. Church, Democrat, seems to have been elected over James Needham, Republican. The apparent results for the state are:

Apparent plurality: First—William Kent, Ind.-Pro., 700; Second—J. E. Baker, Dem., 8,000; Third—Chas. F. Curry, Rep., 5,000; Fourth—Julius Kahn, Rep., 10,548; Fifth—John L. Nolan, Pro., 9,242; Sixth—J. R. Knowland, Rep., 5,945; Seventh—D. S. Church, Dem., 720; Eighth—E. A. Hayes, Rep., 8,538; Ninth—C. W. Bell, Pro., 6,800; Tenth—W. D. Stephens, Pro., 24,800; Eleventh—S. C. Evans, Pro., 2,500. The figures thus far available indicate that the state has recorded itself decisively in favor of free text books for school children and for irrigation bonds as security for state and municipal deposits.

Referendum Measures Defeated.

By just as decisive a vote, if the figures now in can be relied upon as giving the general ratio, the state has protested against the attempted reestablishment of race track gambling. The constitutional amendment which proposed to permit San Francisco to expand its boundaries down the peninsula and to consolidate with the trashy cities of Oakland and Alameda, has apparently lost, although this is not certain. Home rule taxation has also probably lost, the country vote being decidedly against it, although it received a favorable ballot in the large city.

Three Referendum Measures Dealing with the Appointment and Salaries of the Registrar of Voters Apparently Have Been Defeated.

Home Rule Taxation Has Also Probably Lost, the Country Vote Being Decidedly Against It, Although It Received a Favorable Ballot in the Large City.

Constitutional Amendment Which Proposed to Permit San Francisco to Expand Its Boundaries Down the Peninsula and to Consolidate with the Trashy Cities of Oakland and Alameda, Has Apparently Lost, Although This is Not Certain.

Home Rule Taxation Has Also Probably Lost, the Country Vote Being Decidedly Against It, Although It Received a Favorable Ballot in the Large City.

CO-ED'S TELEGRAM SAVES FROM JAIL

"Nick" Kimball Thus Escapes Consequences of Practical Joke at U. of O.

(Special to The Journal.) University of Oregon, Eugene, Or., Nov. 7.—The cleverness of a co-ed made possible the successful escape of a student practical joker, for whose arrest a warrant awaited in Portland early Sunday morning. The joker was Nathaniel ("Nick") Kimball of Pendleton, who has been visiting at the Kappa Sigma fraternity house. The co-ed played her part by wiring to the fleeing student that he was being awaited by the officials in Portland, allowing him time to get off the train at Garden City and thus evading those expecting him. Before going to a dance at a sorority house Kimball placed lamp black on the pillows and in the beds of the students who slept on a large sleeping porch of the fraternity house. He also removed the light bulbs, making it necessary for the sleepers to retire in the dark. Previously he removed his suitcase to the station. Thus at the close of the dance he went directly to the train. However, he carried away the wrong overcoat, and on the strength of a stolen coat, his friends secured a warrant for his arrest when he arrived in Portland, thus hoping to turn the joke upon him. However, the girl with whom he danced at the sorority house, heard of the plans and sent a telegram to be given to him on the train at Garden City. Upon the receipt of this he got off, changed trains, passed through Portland and is now at his home in Pendleton, laughing at his victims.

PINE VALLEY SETTLER OF 1877 PASSES ONWARD

(Special to The Journal.) Halfway, Or., Nov. 7.—The death of Mrs. Nancy Pancake of this town was a sad blow to her many friends, as Mrs. Pancake was a pioneer citizen, having come to this valley in 1877. She leaves a son and one daughter, together with three sisters and two brothers to mourn her loss. The city of Halfway some time ago ordered sidewalks for the east side of Main street and the residents have been very prompt in carrying out instructions; also several new cross walks have been laid. The Queen of the West mine, situated at Cornucopia, has suspended operations until spring, at which time, if reports be true, it will install an up to date cyanide plant. A dozen men will be employed during the winter to drift and stope out ore for next summer's operations. The Eagle Valley News of Richland, Or., which suspended business some time ago, will be put in operation in a week or two, by H. A. Clemens, present manager of the Pine Valley Herald. Threshing is over with here and grain of all kinds has yielded better than in years. Several hay balers have started operations. The F. & E. Fruit company shipped three cars of prunes from this valley last week.

Pioneers Are Passing Fast.

(Special to The Journal.) Centralia, Wash., Nov. 7.—S. M. Dunn, who died at Harmony Sunday night and whose funeral was held there yesterday, was the fourth pioneer of Lewis county to die within the past 10 days. He was 75 years of age and had lived in the county for 40 years. The other settlers who have died the past fortnight were O. G. McCowall of Centralia, 85 years of age; William Champ of Winlock, 90 years of age; and Mrs. Angeline Gunder of Winlock, 83 years of age, all of whom had lived in the county for the past 40 years or more.

Harmless Smoke Cures Catarrh

A Simple, Safe, Reliable Way and It Costs Nothing to Try.

This preparation of herbs, leaves, flowers and berries (containing no tobacco or habit-forming drugs) is either smoked in an ordinary cigar pipe or smoking tube, and by drawing the medicated smoke into the mouth and inhaling into the lungs or sending it out through the nostrils in a perfectly natural way, the worst case of Catarrh can be eradicated.

It is not unpleasant to use, and at the same time, it is entirely harmless and can be used by man, woman or child. Catarrh is contracted by breathing cold or dust-laden air, just as this balsamic anti-septic smoking remedy cures it. It acts on all the affected parts of the air passage of the head, nose-throat and lungs. It can reach such as sprays, ointment, alives, liquid or tablet medicines fail—they do not and can not reach all the affected parts.

If you have catarrh of the nose, throat, or lungs, coughing, stopped-up feeling, colds, catarrh of the sinuses, if you are given to hawking and spitting, this simple but scientific treatment should cure you.

An illustrated book which goes thoroughly into the whole question of the cause, cure and prevention of catarrh will, upon request, be sent you by Dr. J. W. Blosser, 661 Walton street, Atlanta, Ga.

He will, also, mail you five days' free trial treatment. You will see that it is a wonderful remedy, and as it only costs one dollar for the regular treatment, it is within the reach of everyone. It is not necessary to send any money—simply send your name and address and the booklet and free trial package will be mailed you immediately.

Systematic exercises, according to tests in a German university, can be made to increase a man's lung capacity 12 per cent.

Any time any whiskey tastes so rough and strong it makes you shake your head and say "bur-r" let it alone. Never put anything into your stomach your palate rejects. That's why Nature gave you a palate.

Big Sale Is Coming!

Watch and Wait

BIG CHANGES AT ROSENTHAL'S

Shoe Store Will Move to Newly Acquired Site on Tenth Street.

Rosenthal's, Portland's big, progressive shoe house, who have occupied the corner at Seventh and Washington streets for the past several years, are planning on extensive changes. This firm will close out their present stock, which is the beginning of a series of big things with them. They have recently purchased property on Tenth street, just off Washington street, where the finest shoe house in the West is now under construction. The new building will be known as the Rosenthal building, and will be occupied entirely by them. The new store will be ready sometime in January. In speaking of their plans, Mr. Rosenthal says: "That we may fulfill and carry out in detail our plans as to the new store, it is absolutely necessary that we dispose of our present stock. Not one item, neither stock nor fixtures, will be moved to the new store. Everything there is to be new from the ground up. We are out to make our new store one of the finest in America today, and every detail, even to the style of carton, has been arranged for. Our present \$75,000 stock of shoes must go, and in the shortest possible space of time. The details for the big sale are all made, and will be given to the public soon. Not one pair of shoes will remain when this big event has passed, and not even a shoe lace will be moved from our present store to the new one."

There is one thing I certainly do not understand. "What is that?" "When a man is too deep for people they say he is over their heads."
