

CLUB WOMEN TAKE UP BURDEN OF THE BALLOT FOR GOOD

President of State Federation Instructs Members to Study Political Problems in Fight for Cleaner Government.

Formal notice was served today on the body politic of Oregon that women of the state, as voters, are in the field as exponents of better, cleaner government, local, county, state and national. The notice took the form of an annual address and report, delivered at the opening session of the twelfth annual convention of the Oregon Federation of Women's Clubs, by its president, Mrs. Sarah A. Evans of Portland. The convention, which convened in the Women of Woodcraft hall, Tenth and Taylor streets, this forenoon, will adjourn Friday afternoon.

Approximately 200 delegates were present when the convention was called to order, 50 of them being representatives of clubs outside of Portland. Fifty-eight clubs comprise the federation. Preceding the president's address, reports were read and delegates were welcomed by City Attorney Frank Grant, representing Mayor A. G. Rushlight; Mrs. C. B. Wade of Los Angeles, the first president of the federation; Mrs. Allan Todd, president of the Shakespeare Study club of Portland, and Mrs. George Gerlinger, president of the Woman's club of Dallas. In each case the speakers congratulated the federation on the adoption of equal suffrage in Oregon, and called on them to stand for good government irrespective of party. Mr. Grant addressed them as "fellow citizens."

CLUB WOMEN FROM OVER STATE IN SESSION HERE

Left—Mrs. Sarah A. Evans, president. Right—Mrs. Lee Moorhouse, first vice president, State Federation of Women's Clubs.

The crux of woman's future course in political activity was expressed by Mrs. Evans, who went into detail in recommending what she, as president of the federation, believes the clubwomen of Oregon should undertake to accomplish with the aid of the ballot. She said in effect: "Since the last meeting of the federation, equal suffrage has come to be an accomplished fact in Oregon. As an abstract proposition it was not an issue with the federation, but now it is no longer a matter of approval or disapproval of women, but an issue that will be a silent influence in the work of all clubs from now on. A study of labor questions, of the high cost of living, disease, crime, and all matters pertaining to government show there exists a close relation between the individual and the community.

"Women should take an active part, therefore in directing governmental affairs. They should aid in improving conditions. For this reason it is recommended that the clubs of the federation, during the forthcoming year, devote time to the study of civil government, the Oregon system, and take a keen, active interest in all political matters that affect the home." Urges Modest Dress. In concluding, Mrs. Evans, provoked much applause when she called upon the federation to advocate dress reform. She suggested more modest dress for school girls, and for their mothers when they appear on the streets. Following the reports of various officers, the federation adjourned for lunch at the Commercial club. The report of the treasurer showed the organization to be in good financial condition.

The total receipts for the year were \$542.73 and the total expenditures \$294.95, leaving a balance of \$247.77 in the bank. This afternoon's program included announcement of committees; music by the Monday Musical club, and addresses by Governor West and other prominent men and women. Among those scheduled for speeches are the following: Howard Evans Wood, "Civics for Women's Clubs"; Dr. Henry Russell Talbot, "Am I My Brother's Keeper?"; Mrs. Helen E. Brooks, professor of domestic arts, O. A. C., "Some Phases of Industrial Education for Girls"; Miss Margaret Tandy, "The Mission of the Nurse." A reception to the club women and their friends will be tendered by the Commercial club tonight in the club rooms, Fifth and Oak streets.

POSTOFFICE WILL EDUCATE PEOPLE ON PARCELS POST

The Portland postoffice in its campaign to educate the people in the use of the parcels post system has had printed thousands of circular notices, including the three important rules of the new service that is to begin January 1. Stacks of these notices are to be placed at the windows and around in places in the postoffice where the people can conveniently secure them, and the clerks in the office will see to it that the circulars will be continued as long as there is a demand for them, and every branch office and station under the Portland office will be liberally supplied. The three important points to be remembered are these: A distinctive parcels post stamp will be used; parcels will be mailable only at the postoffice or at branch offices and not in the boxes, and all parcels must bear the return address of the sender, or otherwise they will not be accepted for mailing.

BOY, 16, ELECTROCUTED AT PHONE SWITCHBOARD

(Special to The Journal.) Castle Rock, Wash., Nov. 13.—Roy Fowler, a 16-year-old boy, was instantly killed a few minutes after 7 o'clock this morning while working at the switchboard in the local office of the Home Telephone company. He was alone at the time and no one is able to explain the cause beyond the fact that the wires were crossed with an electric light wire carrying 1100 volts. The coroner has been summoned from Kalama, and an investigation will be made as soon as he arrives. As soon as the boy was found medical assistance was called, but the doctors were unable to restore the youth to consciousness.

KRUTTSCHNITT FINDS WEST IN FINE SHAPE

(United Press Leased Wire.) New York, Nov. 13.—"Business is big throughout our territory." This is the announcement of Julius Kruttschnitt, vice president of the Harriman lines, here today, after a six weeks' trip over the company's property inspecting Pacific coast territory. Concerning reports that the Southern Pacific intended rushing the proposed new short line between Portland and Los Angeles, Kruttschnitt declared the work was being pushed to serve local territory, but prospects for a through line were still far distant.

HOME RULE TO GET ANOTHER CHANCE

Premier Asquith Moves to Reconsider Vote of Last Monday. (United Press Leased Wire.) London, Nov. 13.—Speaker Lowther, of the house of commons, today ruled Premier Asquith's motion for a reconsideration of the home rule vote of Monday in order. He declared, however, that it is without precedent in British parliamentary history. Premier Asquith said a reconsideration of Monday's vote was necessary or it would be impossible to continue the home rule bill. Andrew Bonar-Law replied. He quoted Asquith's bitter denunciation of Balfour for refusing to resign following an adverse vote against the conservative administration several years ago. He concluded: "The only honorable course for the present Liberal cabinet is to resign or to dissolve parliament and force an election." In view of the Balkan crisis I am willing to delay pressing such a policy temporarily.

"BANANA TRUST" WILL BE PROSECUTED NEXT

(United Press Leased Wire.) Washington, Nov. 13.—For violation of the Sherman anti-trust law the department of justice intends to file suit against the United Fruit company in the near future. It is charged that the company has built up a countrywide distributing business and resorted to unfair practices. The company has an authorized capital of \$35,000,000 and owns the entire capital stock of the Tropical Fruit Steamship company, operating 18 steamers between the West Indies, South America and the United States. The government, it is said, intends to push the impending suits as fast as possible before President Taft goes out of office.

CAPPER WINS KANSAS BY PLURALITY OF 53

(United Press Leased Wire.) Topeka, Kan., Nov. 13.—In the closest race in the state's history Arthur Capper, Republican, is today elected governor of Kansas over Hodges, Democrat, by a plurality of 63 votes, according to complete official returns. Hodges refuses to admit defeat, claiming election by 59 votes. He will contest the election, it is said, before a Republican canvassing board, and later before a Democratic state senate. Office in New Courthouse. Walter H. Evans, the newly elected district attorney, is to have quarters in the new courthouse when he assumes his office January 1. The permanent quarters for his office have been used for the office of County School Superintendent Robinson and his office will be moved to another part of the building until the new wing is completed.

BARTCHER MAKES EXPLANATION

Charles W. Bartcher, one of the chief witnesses in the coroner's inquest over the remains of George W. Barr, who was mysteriously murdered on the Linnton road some time ago, whose desertion of his automobile in an east side garage had created a feeling of suspicion toward him, returned from San Francisco yesterday and explained to the police regarding the affair. He stated that inclement weather and the necessity of making several business trips out of the city were responsible for the leaving of the car there. His explanations have been accepted as entirely satisfactory.

NOME REPORTS BIGGEST STRIKE IN MANY YEARS

(United Press Leased Wire.) Nome, Alaska, Nov. 13.—That the Pioneer Mining company has made the biggest strike in years in an old channel opposite No. 3 Anvil creek, is the news brought here today. The pay dirt runs 25 cents to the pan, it is reported. Journal Want Ads bring results.

Lipman, Wolfe & Co. Showing Complete Christmas Stocks

Untrimmed Silk Velvet Shapes
Copies of the Latest Paris Models
