BAPTIST CHURCH MEN FORM SOCIAL UNION

A representative body of men of the Baptist churches of Portland organized the Baptist Social Union of Portland last night in the social rooms of the White Temple. The women of the White Temple were the hostesses and furnished the banquet.

Addresses were made by Secretary Harry Stone and Dr. W. H. Hinson. The pleasure of the evening was greatly enhanced by the musical selections and readings. Misses Alvina Howard and Kathleen Hinson rendered piano solos, Miss May Pendergast gave a reading, a poem written by Dr. Hinson, and R. Wells Lovgren rendered a vocal solo. H. C. Knapp was elected president and O. C. Wright was elected secretary. A strong resolution was unanimously passed, condemning as unwarranted and unprincipled the attack of the Portland News against the Y. M. C. A., and voting that the union banquet in January, at which time a permanent organization will be effected.

What every one should know about advertising

The merchant who spends his money for advertising serves the men and women who buy. His sole object in advertising his business, his store, and his merchandise is to secure new customers and increased patronage—to make new friends and keep them.

To do this most successfully he must build for the future. He must be truthful. He must establish the confidence and create a prestige with the people with whom he wants to do business. He must have the right goods—dependable and fashionable merchandise. He must serve his customers satisfactorily. He must convince them that he sells good goods at the lowest prices for which good goods can be sold.

Every advertisement in THE JOURNAL is an expression of confidence on the part of the advertiser, and an invitation for the confidence of THE JOURNAL'S readers. To get the greatest value for every dollar you spend, you should read the advertisements in THE JOURNAL closely and constantly.

DECLARE WAR ON USE OF THE WORD "CO-ED"

University of Oregon, Eugene, Or., Nov. 29.—War upon the use of the word "co-ed" has been begun by a number of the women students of the University of Oregon who declare that from now on they are to be called "college women." They plan to ban upon the former word, which has long been in use here, on the grounds that in many institutions, especially in the middle west and east, it has come to connote a lack of respect to the woman students. Miss Ruth Cuddy, dean of women at the university is very emphatic in this respect, and declares: "The word 'co-ed' when first used in the universities for the middle west, was given as a term of derision. A 'co-ed' was a girl very pronounced in style. She adopted make-up, and was regarded as a person who was associated with the best interests of the woman students."

This use of the word "co-ed" has never been applied at the University of Oregon. To "tag" the women students here are more highly respected, perhaps, than at any other institution in this country.

When the average man does make an honest confession he makes it in strict confidence to himself.
