

### SUCCESS OF DAIRY SHOW STARTS PLAN OF ENLARGEMENT

Breeders and Dairymen of British Columbia and Other Canadian Provinces Will Be Invited to Participate.

Plans are rapidly shaping themselves among the backers of the Northwest Dairy Products show, now being held at the stockyards, to make the annual exhibition an international affair. It is now proposed to enlarge the show to include British Columbia and other Canadian provinces that care to enter stock and promises have already been received that next year California will be more strongly represented in every department of the exhibition.

The British Columbia dairying industry is not advanced as far as in the northwest Pacific states, it is said, but there are breeders and dairymen in the British provinces who can give local stock raisers a run for their money. This step will probably be made an official one at the next meeting of the Pacific International Dairy Show association, as it is realized that the admis-

sion of entries from the northern provinces would be a long step toward the attaining of the standard of the National Dairy Show, held each year in Chicago.

E. V. Illington, of Moscow, Idaho, started judging the Jersey stock this morning and will have finished before the show closes tonight. The sweepstakes prizes will be awarded tomorrow. These prizes are silver cups given by the three railroad companies, the O-W-R., N., the S., P. & S., and the Northern Pacific.

The sale of stock started this afternoon and some high prices were being received.

The third day of the show saw the largest attendance that it has had yet and the attendance for the day was expected to pass the thousand mark.

Prize cattle awards made by the judges this morning were as follows:

**Ayrshire Division.**

Aged bulls—Beuchan Peter Pan, J. W. Clise, Redmond, Wash., first; Triune, Walter J. Domes, McCoy, Or., second; Riverside Pleasant, A. P. Stockwell, Aberdeen, Wash., third; Lord Ellen, same, senior championship and grand champion.

Calves herd—Hazelwood-Holstein, first and second; J. C. Roberts, Battle Ground, Wash., third.

Four animals, get of one sire—Hazelwood-Holstein, first and second.

Two animals, product of one cow—Same.

**EJECT MEMBERS FROM AUSTRALIAN ASSEMBLY**

(United Press Leased Wire.)

Sydney, N. S. W., Nov. 20.—Four members of the New South Wales house of assembly were ejected yesterday and four others were named by Speaker Willis. This action roused the ire of Attorney General William Holman, who threatened the speaker with personal violence.

As the government has a majority of only one, and Willis is, although speaker of a labor administration, a liberal, the position of the government is peculiar. Should the speaker resign, the government would be forced to appoint a speaker from its ranks and this would precipitate a general election.

**BOY IS GIVEN PILLS BY FRIEND; DIES OF POISON**

(United Press Leased Wire.)

Toronto, Ont., Nov. 20.—Twelve-year-old Archie Duncan is dead in his father's home and search is being made for an unknown boy who gave the little fel-

low several poisonous pills Monday which resulted in his death the following afternoon. All that is known about the tragic happening is the meagre details which the boy's parents were able to gather from him after he returned to his home, complaining of dizziness and thirst and drank copious draughts of water. Later he was seized with vomiting spells. The police are endeavoring to locate the boy who gave young Duncan the deadly pills.

**J. E. HUDSON ALSO WANTED IN DENVER**

John E. Hudson, alias J. E. Ringling, who has posed as a relative of the circus king, is also wanted in Denver, Col., for passing a forged check on a bank in Texas. Word to this effect reached the local detective department this morning. This information is to the effect that Hudson secured \$500 on the bogus draft.

An officer is now on his way from

Baltimore, Md., to return Hudson to that place on a charge of embezzlement. He is also wanted there on a charge preferred by his wife for desertion. The officer is due to arrive tonight.

**WILL DISCUSS LOCATION FOR PUBLIC AUDITORIUM**

The annual meeting of the Greater Portland Plans association will be held in the assembly room of the Multnomah hotel at 7:30 o'clock this evening. After the business meeting, including brief addresses by the president, secretary and treasurer, and the election of officers for the ensuing year, the site for the auditorium will be discussed. The association is gathering data from the property owners in the vicinity of the site recommended in the Bennett plan at Nineteenth and Washington streets, with a view to securing support for that location.

**WARRANT SHAVER MAY TAKE LAW TO COURT**

Mose Bloch has retained an attorney to represent him in an effort to force City Auditor A. L. Barbur to recognize assignments of salary amounting to \$5000, made out to Bloch by judges and clerks of the municipal election held November 2.

City Attorney Frank S. Grant has ruled that the assignments are illegal. Bloch's attorney holds that the city ordinance prohibiting assignments of salaries by city employees will not stand in the courts. Mr. Grant, however, maintains that the ordinance is valid, as it was modeled after a Kansas City ordinance which was sustained by a supreme court decision.

Change of entertainment at the Louvre: Philip Pels and Russian Court symphonic orchestra; Mrs. Philip Pels and Helen Horn, singers. Nightly, 8 to 8 and 10 to 12.

# THE Yamhill Sanitary Public Market

## A MARKET DEPARTMENT STORE

## HERE'S THE ANSWER

There is NO satisfaction in having a nice turkey, or duck, or chicken, or even roast, WITHOUT

### A Suitable Carving Set

But cheer up; there is no reason why any home should be lacking in this respect. Every householder in Portland not possessing a thoroughly satisfactory carving set, or any one having no carving set at all, should see the large line we bought specially for the Thanksgiving trade. The assortment is very complete; each set consists of knife, fork, and steel, with stag handles and good silver tips and ferrules; all blades guaranteed steel. **YOUR CHOICE** of several designs of handles for \$3.00 and up per set.

### A Real Nut Cracker at Last

Who of us, when using the old style nut cracker, have not pinched our fingers, smashed the meat of the nut all to pieces, lost our temper and damaged our religion? The Great Grip is beautifully made, will last a life time, and is constructed on new and scientific lines. The jaws never close fully; will receive a table nut of any size and variety, and crack the shell **ONLY**, bringing out the meat **WHOLE**. This is an article as much of a necessity as the carving set, at Thanksgiving time. Price, \$1.50 each. Your money back if not satisfied.

"LOOK FOR THE SIGN OF THE PLANE"

## GOOD ROADS Should Be Built On Concrete Base

Mr. L. W. Page, Director of the Office of Public Roads at Washington, says: "Between \$500,000,000 and \$1,000,000,000 would be saved annually in the United States if every state would improve its main highways to the highest point of efficiency."

Concrete is unaffected by heat or cold after its first hardening. Climate conditions have no effect. It is impervious at all times of the year. Unquestionably it should be used as a base for all permanent road construction.

The main country highways are, of course, those into which rural traffic converges as it makes its way to the market. These much traveled highways should, therefore, be built on Portland Cement Concrete base.

Its use in city pavements should be sufficient basis for making it the standard construction for permanent road improvement. It has stood up under conditions that proved disastrous to other classes of material for road base.

"Permanent Construction" is a book published for all who wish to know how to manufacture Portland Cement Concrete and how to lay it properly. If you follow the directions in this, or see that your contractor does it, you will be absolutely certain of permanent improvements, which will not need to be replaced in your time. This book mailed free.
