

Building Inspector Takes No Chance With West Side of Marquam Building; Cause of Cave-In Linder Inquiry **Chance With West Side of** of Cave-In Under Inquiry.

section of the Marquam building were ordered to vacate their premises this morning on instructions from the office of H. E. Plummer, city building inspec-tor. That part of the old building va-cated today corresponds to the similar section on Sixth street which collapsed in two section yesterday morning. After the theatre or at dinner tongat, Morrison, is entirely closed to traffic Morrison, is entirely closed to traffic Hein Morrison, and just the sidemorning on instructions from the office

aged building, and present operations on it, are still a source of interest to pe-destrians, hundreds of eyes having been the building inspector's office, but it may de so, and it is thought heat to take no unnecessary chantes of loss of life and property. The other sections of the building are believed to be per-fectly make, and will be allowed to stand pecupied, unless further examination should prove them in dangerous condi-tion focussed on it all morning.

If and property. The other sections of the building are believed to be parfactly name, and will be allowed to stand be been and will be allowed to stand be been and the probable by builders and there been no siterations under way at the structure at the time of its cave-in. So far as has been determined, the camaged part, will depend largely on a report to be made by a committee of expert builders and engineers, who will go carefully over the Marquam structure and report their findings to be builders and report their findings to the builders and engineers, who is forcers of the National Fidelity company met this morning at the cate of the base been able to learn there are no records to show that the Marquam building was ever condemned. "It has been persistently rumored," said Mr. Kraemer, "that the structure was dependent of the transment of the structure was dependent of the structure was the base of the building was ever condemned. "It has been persistently rumored," said Mr. Kraemer, "that the structure was dependent of the structure was a de

Kraemer, "that the structure was de-clared unsafe several years ago. If such is the case the condemnation was OI Lave-in Under inquiry. In the Seventh street side ction of the Marquam building were ection of the Marquam building were start are examining the building this aft-work of alteration on undamaged building in the building is being contin-
