

**RATING DISSATISFIES HIM;
REQUESTS CUT IN RANK**

In view of what he considers unfair rating in the recent civil service examination for captain of police, Acting Captain Harry Riley yesterday evening asked Chief Slover to place another man in charge of the shift heretofore under his command. The chief asked the acting captain to wait a few days and see what developed.

"I feel that in view of the recommendation given me in the examination I should not command the first night relief," says Captain Riley. "While I know what I can do, and know my own ability, and furthermore know that I have successfully directed the relief for several months, I feel that under the circumstances it would be best for the relief and department in general to have another man in charge of it."

The captain further asked the chief to relieve him of the work last night,

also asking that if he reduced him to sergeant, that he be given the rank of detective sergeant and placed in that department.

It is also pointed out that several questions were asked the applicants, wherein an advantage was given Acting Captain Joe Keller and Detective Craddock, both seeking a raise to captaincy. Sergeant Lyons is another who is said to have been rated higher than he deserves, which rating was due to his friendship with Mayor Bushlight.

**BODY WITH THROAT CUT
FOUND ON N. P. TRACK**

(Special to The Journal.)
Centralia, Wash., Nov. 22.—Another chapter was added to Centralia's week of crime this morning by the finding of the body of an unknown man lying on the Northern Pacific's right of way two miles north of Centralia, with his throat cut from ear to ear. The man was well dressed. Coroner Sticklin went to the scene to bring the body to the city, where an investigation will be made. It is believed the case was one of suicide.

ALAMEDA PARK

Prices Will Advance

Owing to the continued sale of lots in Alameda Park these past few months, the owners have notified us that on the second day of December they will advance the prices of all the lots in this tract from \$50 to \$200 per lot.

There are less than 100 fine sites left in Alameda Park, and if you want to get a good lot, one that will make you some money, or if you want a homestead, there is none better. Here is the place for you to buy.

Alameda Park lies on an elevation about 200 feet above the river and is reached by the Broadway carline. The entire tract has all modern improvements. Prices are now very low and the terms are 10 per cent down and as low as 1 per cent a month.
