Over Half of California Crop  
Lost; Small Vegetables Are  
Wiped Out; Price of Living  
Soars Again.

(United Press Leased Wire.)  
Los Angeles, Jan. 8.—With the cold  
waves that have engulfed southern Cali-  
fornia for four days, recording, esti-  
mators are trying today to place a  
figure on the loss to this section of the  
country through the unusual visitation.  
From 40 to 50 per cent of the citrus  
crops a total loss. This is generally  
agreed by citrus experts, but the exact  
percentage, and the attending financial  
loss, cannot be definitely fixed for an-  
other week. It is believed, however,  
that the damage will exceed \$20,000,000.  
Not only the citrus crops suffered,  
small vegetables are practically wiped  
out. Beans, peas, tomatoes and other  
vegetables are soaring in price, and the  
cost of living in southern California  
threatens to be the highest on record  
for the next three months.  
Every attempt is being made in the  
citrus section to thaw the damaged fruit  
in such a manner that it will not be an  
entire loss. If proper temperatures,  
gradually reduced, can be maintained in  
groves some of the frost-killed fruit can  
be saved.  
Plans are under way to secure a num-  
ber of experiments, financed by state  
and federal governments to determine  
the best ways of combating the frost  
demon. While weather forecasters de-  
clare the chance of another blizzard of  
the proportions of the one that has struck  
this section is remote for years to come,  
it is believed that all growers will com-  
bine to discover methods of resistance.

More Snow in Siskiyou.  
(United Press Leased Wire.)  
Redding, Cal., Jan. 8.—Northern Cali-  
fornia, from the Oregon line to below  
Chico, is covered with a mantle of snow.  
At Dunsmuir it is one and a half feet  
deep and at Redding 10 inches.

Society Women Fight Frost.  
(United Press Leased Wire.)  
Pomona, Cal., Jan. 8.—Prominent so-  
ciety women of the Pomona valley have  
gone into the orchards with the men to  
fire and refill the greasy snudge pots  
during the past few nights, participat-  
ing in the fight to save the orange crop,  
which will be continued until normal  
conditions are restored.  
Encouraging reports are coming in to-  
day from the growers indicating that  
more than was supposed saved their  
fruit by snudging. It will be a week or  
more, however, before an accurate esti-  
mate can be made of the damage.

TWO WOMEN AND THREE  
MEN CAUGHT IN RAID

In a raid on a house at Third and  
Market streets last night, the police ar-  
rested two women and three men. C. E.  
Alpine, proprietor of the place, was  
first placed under arrest, the officers  
giving him a chance to change his  
clothes before going to the police sta-  
tion. While dressing, Alpine opened a  
window, crawled along a narrow ledge  
to the street below, and a bench war-  
rant was issued this morning for his  
arrest. Mrs. Alpine and Mrs. May  
Wiltwood, the latter living at 306  
Third street, were the two women ar-  
rested. The Wiltwood woman has a  
4-year-old child, which was taken charge  
of this morning by the juvenile court  
officers. Jack Sumner, Michael Kamm  
and Henry Taylor were the men ar-  
rested. Taylor proved he was only a  
lodger and was discharged. The two  
men were each fined \$50. Sumner and  
the two women were suspended until  
Thursday morning. The Wiltwood  
woman admitted being drunk. Twenty  
bottles of beer and two large bottles of  
whiskey were confiscated. Captain Kel-  
ler, Sergeant Bunn and Patrolmen  
Niles and Florence made the raid.

California now ranks first among all  
the states west of the Mississippi river  
in the value of its mineral production.

CRITICISM OF STATE TRAINING  
SCHOOL LEADS TO INQUIRY;  
SUPT. TOO LENIENT.

(Special to The Journal.)  
Salem, Or., Jan. 8.—J. W. Saunders,  
cook at the state training school, was  
discharged last night by Superintendent  
W. S. Hale and he will appear at a  
hearing to be held Friday as a wit-  
ness against Superintendent Hale's ad-  
ministration.  
Saunders says he wrote a letter to  
the members of the state board call-  
ing attention to conditions that he  
considered undesirable at the institu-  
tion.  
His dismissal followed an altercation  
he had yesterday with Mrs. Hale, wife  
of the superintendent, while Hale was  
in Salem. When Superintendent Hale  
returned he discharged him.  
Saunders' principal complaint is of a  
moral delinquency of the boys, who he  
says are not corbed sufficiently under  
the lenient policy of Superintendent  
Hale.  
In reply to a story printed today,  
Governor West said any reference to  
his "honor system" or employment of  
convicts at the institution for the feeble  
minded had no bearing whatever on  
charges that had been made to him  
against Superintendent Frank E. Smith.  
"The statement attributed to Mr. Key  
as to a conversation between Superin-  
tendent Smith and myself regarding  
employment of Hall is correct so far as  
it went," said the governor.  
"But more followed. However, I don't  
care to mention it at this time. Refer-  
ence to the alleged hold up of Mr.  
Smith by an 'honor man' opens the  
way for a very interesting story, and  
might prove a very interesting ruling  
if results of the investigation which  
was made were given publicly. But  
that matter has no part in charges  
against Smith, and I had hoped it might  
have been forgotten history."  
The governor also gave out a state-  
ment showing that while a charge of  
\$1 per day was fixed for the use of the  
convicts, only 25 cents of this went to  
the convicts themselves, and the remain-  
der was merely made a book charge  
against the institution using the con-  
victs and was never collected because  
the money would have had to be turned  
into the general fund and would not  
have benefited the prison.

Contract for Work Is Let at  
That Figure by Lloyd's  
Agent to the Albina Engine  
& Machine Works.

Bids on the repairs to the British  
bark Inverclyde, damaged recently by  
collision with the British bark Crown  
of India at Astoria, were opened yester-  
day afternoon in the offices of Henry  
Hewitt, Lloyd's agent here, and the  
work will go to the Albina Engine &  
Machine works, as their bid of \$967 was  
the lowest.  
There were seven tenders in all, the  
amounts ranging from that on which  
the contract will be awarded to one of  
\$240. The work is to be completed in  
10 days. The people bidding were: Al-  
bina Engine & Machine Works, \$967;  
Robert McIntosh, \$990; Archie McIn-  
tosh, \$1000; John Wood Iron Works,  
\$1245; Willamette & Columbia River  
Shipping company, \$1,250; J. H. Roberts,  
manager, Elsie Yulcan Iron Works,  
\$1850, and the Willamette Iron & Steel  
Works, \$2800.  
Repairs to the bark will include the  
taking out of the bowsprit and renewal  
of two plates. The bowsprit struts  
will be renewed; the bowsprit will be  
fitted, and a large number of sundry  
other repairs.  
The largest amount of work will be  
done on the Crown of India, it being  
estimated that her repairs will amount  
to about \$3000. Bids on the work were  
to have been opened at 4 this afternoon,  
but because of the funeral of the late  
British consul, James Laidlaw, the time  
has been postponed until 10 o'clock to-  
morrow morning.  
The work to be done on the Crown  
of India includes the bulwark plates  
and fittings to restore the parts back  
to their original plan of construction,  
and a large amount of work to be done  
to the rigging.  
Until the bark is drydocked it will  
be impossible to determine whether any  
of her lower plates were materially  
damaged by her riding on the anchor  
chain of the Inverclyde.

TOWED IN GALE'S FACE  
Feat of Captain Sanstrom Brings  
Praise From Shipping Men.

As the master of the French bark Re-  
ne had been promised a tow from Lin-  
ton to the local harbor before today,  
Captain Sanstrom brought her up from  
the ballast dock to the North Bank  
dock during the night against a heavy  
southwest gale and very strong cur-  
rent. It is unusual to move a ship dur-  
ing the night, especially under these  
conditions and cannot be said to be a  
comment on the waterfront.  
The Monarch, operated by the Puget  
Sound Towboat company, went along-  
side the Rene at 11:50 o'clock last  
night and as the bark was headed down  
stream it is considered some feat to  
have turned her around successfully, as  
there was about a five mile current  
running in the Willamette due to the  
recent rains. Captain Sanstrom, how-  
ever, made no bones of it, saying that  
it was in the line of the day's work.  
The ship was anchored at the North  
Bank dock at 2 o'clock this morning  
after coming up in the face of a heavy  
southwest gale.

ALONG THE WATERFRONT  
Carrying passengers and freight,  
the steamer Rosanna, Captain Dickson,  
is scheduled to sail tonight for San Fran-  
cisco, San Pedro and San Diego.

The British bark was shifted yester-  
day afternoon from the stream to the  
ballast dock at Linnton and the British  
steamer Strathmore, from the North  
& Western mills to the Irving dock  
where she will begin loading barley for  
Europe.

Immigration Inspector J. H. Barbour  
left last night for eastern Oregon,  
where he has a number of Chinese cases  
to look into at Condon and Huntington.

In tow of the steamer Monarch the  
schooner King Cyrus will be towed down  
from St. Helens to Astoria this after-  
noon.

After the Age of Fifty  
From this age the human system  
gradually declines and the accumulated  
poison in the blood causes rheumatism  
in joints, muscles and back. These  
warnings should be promptly relieved  
and serious illness avoided by using  
the following prescription which comes  
from a noted doctor and is said to have  
so equal in curing rheumatism and re-  
solving physical vigor. Good results  
come after the first dose. "From your  
druggist get one ounce of Toris com-  
pound (in original sealed package) and  
one ounce of syrup of Sarsaparilla com-  
pound. Take these two ingredients home  
and put them into a half pint of good  
whiskey. Shake the bottle and take a  
tablespoonful before each meal and at  
bedtime." If your druggist does not  
have Toris compound in stock he will  
get it for you in a few hours from his  
wholesale house. Don't be influenced to  
take a patent medicine. You must  
insist on having the genuine Toris com-  
pound in the original one ounce sealed  
package. Published by the  
Pharmaceutical Laboratories of Chicago.

WHEN A LAXATIVE IS  
NEEDED—"CASCARETS."

Salts, Calomel and Cathartic Pills  
Act on Bowels as Pepper  
Acts in Nostrils.

Take a Cascaret tonight and thor-  
oughly cleanse your Liver, Stomach and  
Bowels, and you will surely feel great  
by morning. You men and women who  
have headache, coated tongue, can't  
sleep, are bilious, nervous and upset,  
bothered with a sick, gassy, disordered  
stomach, or have backache and feel all  
worn out.  
Are you keeping your bowels clean  
with Cascarets—or merely forcing a  
passageway every few days with salts,  
cathartic pills or castor oil? This is  
important.  
Cascarets immediately cleanse and  
regulate the stomach, remove the sour,  
undigested and fermenting food and  
gases; take the excess bile from the  
liver and carry off the constipated waste  
matter and poison from the intestines  
and bowels.  
Remember, a Cascaret tonight will  
straighten you out by morning. A 10-  
cent box from your druggist means  
healthy bowel action; a clear head and  
cheerfulness for months. Don't forget  
the children.

COMPOSER SEAGER DIES;  
HE WAS 82 YEARS OLD

(United Press Leased Wire.)  
Los Angeles, Jan. 8.—Professor Rich-  
ard Watson Seager, 82, composer of the  
cantata "Queen Esther," and a musician  
nationally known, is dead here at the  
home of a son. Professor Seager was  
associated during his active music work  
with Theodore Thomas, Colonel Maple-  
son and others prominent in the musical  
world.

TRIES TO MURDER  
HIS ONLY SON; DIES

After Quarrel With Wife Los  
Angeles Man Cuts Throat  
of Son and Kills Self.

(United Press Leased Wire.)  
Los Angeles, Jan. 8.—After a quarrel  
that had its origin in the temporary  
separation of himself and his wife,  
George Brumfield, 55, today cut the  
throat of his son, Sherman Brumfield,  
22, and then killed himself by cutting  
his throat. The younger Brumfield  
was taken to a hospital where it was  
stated he had a chance to recover.  
According to the police, George Brum-  
field and his wife quarreled several  
days ago and she left her home. The  
son is alleged to have called his father  
to task for the separation and the men  
are reported to have quarreled through-  
out the night in their apartments in the  
south end of the city.  
At daylight today sounds of scuffling  
and falling furniture in the Brumfield  
apartment aroused neighbors and police  
were called. When the doors were  
broken down, young Brumfield lay  
gasping for life. The father lay on  
the opposite side of the room, his own  
head almost severed.

BURIAL IN SAN FRANCISCO  
Body of Captain Johnson Will Be  
Sent to Old Home.

Arrangements were made by Cap-  
tain O. L. Thomsen, master of the  
steamer Westerner, this morning, to  
have the body of Captain L. F. Johnson  
of the Rosecrans sent to San Francisco  
for burial. Captain Johnson's body  
will be shipped to the Masonic lodge  
there, of which they were both mem-  
bers. The master of the ill-fated oil  
tanker lived at the California port with  
his mother and sister.

JOKES OVER DEATH  
BUT SCHEME WORKS

(United Press Leased Wire.)  
Los Angeles, Jan. 8.—Combining hu-  
mor and a marvelous ingenuity with  
his desire to kill himself, O. D. Comber  
constructed a box fashioned to fit over  
his head and closely about his shoul-  
ders, printed neatly on the cover "ab-  
solutely fatal," attached the arrange-  
ment by means of a rubber tube to  
gas jet, the cock of which was controlled  
by an alarm clock arrangement to go  
off at midnight, and lay down to die.  
The clock's alarm, which jangled si-  
multaneously with the turning on of  
the gas, aroused other lodgers in the  
house, many of whom rushed to Com-  
ber's room. They found the man dead  
with the box on his shoulders. There  
was no gas in the room, although there  
was sufficient in the box to kill several  
men.

(United Press Leased Wire.)  
Washington, Jan. 8.—Senator Works'

nature of the offenses charged and the  
conditions of the prisons, is on file in  
the senate today as adopted by that

south end of the city.  
At daylight today sounds of scuffling  
and falling furniture in the Brumfield  
apartment aroused neighbors and police  
were called. When the doors were  
broken down, young Brumfield lay  
gasping for life. The father lay on  
the opposite side of the room, his own  
head almost severed.

JOKES OVER DEATH  
BUT SCHEME WORKS

(United Press Leased Wire.)  
Los Angeles, Jan. 8.—Combining hu-  
mor and a marvelous ingenuity with  
his desire to kill himself, O. D. Comber  
constructed a box fashioned to fit over  
his head and closely about his shoul-  
ders, printed neatly on the cover "ab-  
solutely fatal," attached the arrange-  
ment by means of a rubber tube to  
gas jet, the cock of which was controlled  
by an alarm clock arrangement to go  
off at midnight, and lay down to die.  
The clock's alarm, which jangled si-  
multaneously with the turning on of  
the gas, aroused other lodgers in the  
house, many of whom rushed to Com-  
ber's room. They found the man dead  
with the box on his shoulders. There  
was no gas in the room, although there  
was sufficient in the box to kill several  
men.

After the Age of Fifty  
From this age the human system  
gradually declines and the accumulated  
poison in the blood causes rheumatism  
in joints, muscles and back. These  
warnings should be promptly relieved  
and serious illness avoided by using  
the following prescription which comes  
from a noted doctor and is said to have  
so equal in curing rheumatism and re-  
solving physical vigor. Good results  
come after the first dose. "From your  
druggist get one ounce of Toris com-  
pound (in original sealed package) and  
one ounce of syrup of Sarsaparilla com-  
pound. Take these two ingredients home  
and put them into a half pint of good  
whiskey. Shake the bottle and take a  
tablespoonful before each meal and at  
bedtime." If your druggist does not  
have Toris compound in stock he will  
get it for you in a few hours from his  
wholesale house. Don't be influenced to  
take a patent medicine. You must  
insist on having the genuine Toris com-  
pound in the original one ounce sealed  
package. Published by the
