Testifying before the house merchant marine committee Friday, William E. Halm, New York agent for the Houston line, said that a London "conference" controlled the New York trade to South Africa and Central and South America. "Keep the tariff as it stands or a hardship will result to American industry." That was the consensus of opinion by witnesses at Friday's hearing on the house committee on ways and means.

Republican senators declined Friday the proposition made to them by the Democrats to appoint committees from both sides of the senate to consider President Taft's nominations to office. Confirmation of some of President Taft's recent appointments is expected in the senate within a week.

His own money to be used against him, William Brokaw is under direction by the Brooklyn supreme court to pay his wife, Mrs. Mary Blair Brokaw, \$5000, so she may prosecute her suit for absolute divorce. Mrs. Brokaw, who secured two years ago a decree of separation from the millionaire sportsman, asked for \$15,000 counsel fees.

Clashes between pickets and the police continued Friday to mark the progress of the garment makers' strike in New York. Leaders of the knit and dress-makers' unions declared that the members of those organizations had voted to go on a strike next Monday. If these workers should quit work, it would mean that the strikers' ranks would be swelled by 30,000 or 40,000, in addition to those already out.

Bonds for \$30,000 for the release from Leavenworth prison of W. E. Reddin, former financial secretary of the Mil-

waukee iron workers' union, were approved Friday by the United States commissioner at Milwaukee. Advice received at Tampa, Fla., Friday, say that Captain Larkin and a crew of seven men lost their lives when the schooner Future foundered off Cape Hatteras Wednesday. The vessel left Tampa December 26 with a cargo of lumber.

The entire estate of the late Whitelaw Reid, ambassador to Great Britain, is left unconditionally to his widow, Mrs. Elizabeth Mills Reid, with the exception of specific bequests totalling \$110,000. The value of the estate is estimated for \$10,000,000 to \$20,000,000.

Maud Malone, a militant suffragette, who was arrested and convicted for disturbing a meeting in New York at which Woodrow Wilson was speaking, appeared in Brooklyn Friday, and asked that she be fined, in order that she might appeal her case. Her request was granted.

Pacific Coast.

Homer Laughlin, one of the best known capitalists in California, died at Los Angeles Friday of pneumonia following an operation for appendicitis. He was 73 years old. He had been a member of the board of managers of the American Protective Tariff league since 1882.

Four hundred thousand feet of lumber, the deckload of the steam schooner Piffeld, was swept overboard in a storm the vessel encountered off the Mendocino coast, while en route from

Bendish, Or., to San Francisco.

Three hundred citizens of Bendish and the surrounding country participated Friday in the opening of the potato warehouse of the Redmond Union Warehouse company, one of the largest and most substantial buildings of the kind in the northwest. Ex-Congressman Williamson was mayor of the day. The warehouse was built of stone, cost \$10,000, and will store 200,000 bushels of potatoes.

Harvey Glass, a sheepherder, died of starvation in a cheap rooming house at Weiser, Idaho, Friday. He had \$500 in cash, but refused to spend any of it for food.

A general budget of more than \$20,000,000, the largest in the history of Washington, gives ample assurance of a decidedly lively session of the state legislature which begins at Olympia Monday. The general budget of this year will exceed that of two years ago by approximately \$9,000,000.

L. W. Wright, a janitor at Hood River, craving cocaine, to which drug he is a slave, entered the drug store of C. A. Plath Friday night and holding up the clerk, Herman Kresse, secured a large quantity of the drug. He then barricaded himself in a shack and was only arrested after Policeman Stone had battered down the door.

Henry D. Gregory, a San Bernardino attorney and prominent orange grower and who for many years practiced law in this city, is dead at Osborne, Idaho, aged 62 years. That Green river is not a fit water supply was the startling statement made at a private session of the Tacoma city council by Dr. Eugene R. Kelly, commissioner of the state board of health. Tacoma is just completing a \$2,000,000 gravity plant on Green river.

State Printer Dunaway is preparing an elaborate statement which he intends to submit to the members of the legislature showing in detail the questions involved in the work of state printing and also urging that the law passed by the 1911 session be repealed.

Foreign.

According to statistics published by the ministry of labor, there were, during 1910, 1592 strikes in France, involving 281,435 strikers. Of these 729 were for higher wages. Of the latter 169 were successful, 264 failed and 296 ended in a compromise.

A new cabinet has been announced in Portugal with Dr. Alfonso Costa as premier and minister of finance. Suffragettes are active at the head of a movement to picket all the approaches to the parliament chamber when the franchise reform bill comes before the house of commons. The Actresses' Franchise league has called for aid from all suffragette societies, so that, through the greater part of the day and night, no member of the house will be able to pass in or out without being buttonholed by an ardent suffrage worker. The plan is for a peaceful demonstration and the women hope to be successful despite the alienated sympathy through the acts of the militant suffragettes.

Miscellaneous.

Definite decision to carry out a co-operative plan whereby they will work for "fair" operators for half wages to assist independent coal companies to fight the coal trust was reached in Denver Friday by members of the United Mine Workers of America employed in northern Colorado coal fields.

For several years there was a decline in the metallic output of the state of Oregon, more especially in its gold and silver, but preliminary returns for 1912 show that this has now been checked. The mine report of the geological survey for 1911 showed an output of gold valued at \$53,407 and 221 ounces of silver. The preliminary returns for 1912 indicate that the Oregon yield was about \$67,000 in gold and \$6,951 ounces of silver, a marked advance in the silver output.

Swinging themselves out by a rope made of braided strips of blankets, two women prisoners, during a blinding snowstorm, let themselves down from a second story window of the city jail at Ogden, Utah, Friday, and escaped.

Four girls, ranging in ages from 8 to 10 years, all Sunday school children, confessed to juvenile judge Ben E. Spokane, Wash., Jan. 11.—Harry Bladen, convicted of burglary in Portland last June and sentenced to from one to seven years in Salem penitentiary, will be a single man when he leaves his present place of abode. In a divorce in Judge E. H. Sullivan's department of superior court here Thursday afternoon Mrs. Bladen said her husband deserted her at St. Paul two years ago after she by suit recovered \$90 lost in a gambling house. She produced records of her husband's trouble at Portland as evidence.

NEW MEMBERS ELECTED TO STATE LEGISLATURE

J. L. Hoskins of Newberg, state senator from Yamhill; Republican.

NEW MEMBERS ELECTED TO STATE LEGISLATURE

Newberg, Or., Jan. 11.—J. L. Hoskins, state senator from Yamhill county, is a native of Ohio, coming to Oregon 34 years ago and settling near Newberg on the farm a part of which forms his present beautiful home, "Sunnyslope." A log cabin, the first home, still stands on the place. At the age of 17 Mr. Hoskins enlisted in the Thirtieth Ohio cavalry, serving until the close of the war and being under General Grant's command at Lee's final surrender. Senator Hoskins is one of the few men in the senate who is not a lawyer. He has been a convict in the penitentiary of his life, but now divides his time between his home place and business interests. He was elected to the state senate in 1912 after having served the county two terms as county recorder. In politics Mr. Hoskins has been a long Republican. While in the army and yet only 18 years of age, he cast his first vote for Abraham Lincoln for president and has voted for every Republican president since.

TRUSTY PAROLE TIME NOT PART OF SENTENCE

Salem, Or., Jan. 11.—Replying to a question from Superintendent Lawson of the state penitentiary, Attorney General Crawford today gave opinion that the time a convict is out on trusty parole does not apply to his sentence in case his parole is revoked. Trusty parole is similar to conditional pardon and if a convict violates his parole and is returned to prison he must serve out the full time of his unexpired term, as it stood at time of his being paroled.

RAILROAD TIED UP, STUDENT HIKES

Charles McMillan Walks 30 Miles to Avoid Cutting Classes.

University of Oregon, Eugene, Or., Jan. 11.—Cut off from the outside world by a slide that a week ago destroyed the Tillamook railroad, Charles McMillan, a sophomore, arrived at college last night after walking 30 miles through the snow and over frozen ground. McMillan was spending his Christmas vacation at his home in Tillamook, when, just before he was about to return, traffic on the Pacific Railroad & Navigation company line was interrupted by a slide that tore out a portion of the track.

College reopened on January 6, and McMillan knew that the recent stringent anti-faculty regulation of the university faculty would cost him college credits if he were not back on time. After waiting until Tuesday for the line to be reopened, he set out afoot, rather than risk his semester's work by a loss of credits. It was snowing, and his path lay through deep snow.

Following the coast line from Nahc City he reached Seaside by night, walking almost 30 miles in 9 1/2 hours. From there he took the train to Astoria, and then to Portland, arriving in Eugene early this morning. He had lost but four days of recitation. Under the system of fines, this will cost him almost one college hour.

He was accompanied on his walk by H. M. Bubersten, a Portland real estate man.

McMillan does not consider his long hike an unusual feat. He has long lived in that coast country, having served at times as lifesaver in the Tillamook lifesaving station, for he is an expert with a boat.

He was not the only other university student cut off from return to college by the accident to the railroad. Miss Luella Sweeney is at present at her home in Tillamook, unable to get to Eugene until the railroad service is resumed, or until a stage line can be established.

WORKMEN GET ONLY ONE FOURTH BACK

Salem, Or., Jan. 11.—George M. Cornwall, an enthusiastic supporter of the workmen's compensation measure that will be presented to the legislature, has compiled from the annual reports of the state insurance commissioner figures showing the amount paid out in Oregon to liability companies for liability insurance and the amount paid back for losses.

These figures show that the liability companies collect in premiums nearly twice as much as they pay back for losses, and then we must figure that the lawyers get half of what is paid to the beneficiaries, thus reducing the actual amount the beneficiaries receive to one-fourth of the sum paid out in premiums," said Mr. Cornwall.

The figures are taken from the reports for 1909, 1910 and 1911, and are as follows:

Table with 5 columns: Year, Net premiums, Net losses paid, Percentage of net premiums paid to beneficiaries, Commissions, Court costs, and other expenses, profit, and net premium.

GIRL GETS \$1470 FOR FALSE IMPRISONMENT

Salem, Or., Jan. 11.—Mrs. Lillian Walling Williams was given a verdict of \$1470 against Mr. and Mrs. A. M. LaFollette, prominent residents of Marion county, as damages due for false imprisonment. Miss Walling, who since filing of suit has become Mrs. Williams, sued for \$5000. The case will be appealed.

While at the military ball in honor of dedicating the new armory here last fall, police officers arrested Miss Walling on complaint of the LaFollettes that she had stolen Mrs. LaFollette's pocketbook and a small amount of money. She was kept in jail over night. Soon after Mrs. LaFollette found the pocketbook where she had misplaced it at her home. Miss Walling was employed in the LaFollette home at the time.

WOMEN TAKE HAND IN NEWBERG POLITICS

Newberg, Or., Jan. 11.—For several days there had been intimations that there would be "somethin' doin'" at the caucus called Wednesday night to nominate candidates for city officers. And sure enough there was. The women turned out in force and took right hold of the political situation.

Then there was so close a contest for the office of mayor that the vote for the present incumbent, J. D. Gordon, and S. E. Launer, one of the teachers at the high school, came near being a tie, the former having only a few votes over his competitor. And the contest is to be fought over again at the polls on January 12, when the election is to be held.

Mr. Gordon has made an excellent official, giving freely of his time and of his money in the conduct of the office. Mr. Launer is a man of superior ability and a Socialist. He has not lived here long, but is held in high esteem. What his experience has been in political office is not generally known.

W. W. Nelson, who has been city recorder for 10 years, was again nominated, there being no nomination in opposition. The result of the vote was heartily applauded.
