Following a vigorous fight upon it, led by Senator La Follette, the conference report on the Burnett-Dillingham immigration bill was rejected by the senate Monday, because of a clause, which it was claimed would exclude a majority of Jewish immigrants from Russia and Roumania.

Blistering opposition to the bill providing for the erection of a \$2,015,000 monument to the memory of Abraham Lincoln is threatened. Its opponents are trying to substitute for it a plan to construct a memorial highway from Washington to Gettysburg.

Christians were started Monday when a well dressed woman climbed to the rail of the Brown bridge, spanning the Monongahela river at Homestead, Pa., and threw herself into the water, almost 100 feet below. All I ask is peace and to be left alone as even the meanest sweep is with her offspring." This was the gist of a letter handed to the district attorney at San Francisco Monday by Dr. W. F. The Interstate Commerce commission has suspended the advance in freight rates on shipments of lumber from points west of Huntington via the O-W. R. & N. in connection with the Santa Fe, Burlington, Rock Island and Missouri Pacific to eastern points via Denver and Pueblo, Colo., until April 30, or pending the hearing and decision as to the reasonableness of increased rates.

RAILROAD MAN TELLS "13" HOODOO STORY THAT IS A "RINGER" Apropos the numerous "13" stories now making the rounds, here is one vouched for by William Cooper, an ex-railroad man, now living on the east side, which seems to have an edge on any thus far given.

On January 13, 1905, train No. 13 received order No. 13 at 12:13 a. m. It left Kansas City and after proceeding 13 miles met, head-on, an extra, the number of whose engine was 1312.

There were 13 people killed and three times 13, or 39, were taken to the hospital. The extra was a cattle train and had 13 cars derailed, while 78 (six times 13) head of cattle were killed.

The relief train, consisting of engine 2313, flatcar 2632 (the digits added together make 13), and the superintendent's car, No. 1313, left Kansas City with 13 men and made the 13 miles in exactly 13 minutes.

The repeated recurrence of the No. 13 seems almost beyond belief, but Mr. Cooper states that all of the facts given are correct and can be easily verified at the company's offices at Kansas City.

Mr. Cooper had thought somewhat of going back to railroad-ing, but inasmuch as "13" has played a prominent part in most of his mishaps he has decided to wait until after December 31, 1913.

HUNT FOR MURDERER OF LONE TELEGRAPHER

(United Press Leased Wire.) San Bernardino, Cal., Jan. 21.—A score of miles of the most historically romantic country of Southern California is being searched for the murderer of Telegraph Operator George Cox, who was found dead at his key at the Santa Fe station at Summit Saturday morning.

Deputies directed by Sheriff Ralphs are patrolling the wild, mountainous section about Summit that was made famous in the late '40s by the flight and pursuit of the Mexican bandit Vasquez. The Mormon trail, through which thousands of pioneers entered California, and which was the scene of a dozen Ute Indian massacres, also is being guarded. Ralphs does not believe the fugitive can escape.
