

### UNFAIR REFEREEING IS CHARGED BY DOCTOR STEWART OF AGGIES

#### O. A. C. Basketball Coach Asserts Inland Games Were Riots; Wants Change.

(Special to The Journal.)  
Oregon Agricultural College, Corvallis, Ore., Feb. 4.—Regularly appointed league officials are what Dr. E. J. Stewart, director of athletics at the Oregon Agricultural college, wants before the basketball season advances any further. Since recent trip taken by the local five, in which one game was lost because of the faulty decisions, a determined effort is to be made by the O. A. C. coach to secure some action on this matter.

Last year at the conference meeting the point was brought up and every institution in the northwest, with the exception of Washington university, expressed favorable sentiments in regard to the league, however, refused absolutely to even consider the matter, so it fell through, as such questions have to be settled by a unanimous vote of all the colleges represented.

Since the appointment of the new graduate manager, Horst, at the University of Washington, Dr. Stewart hopes to pull the measure through, and to that end has written Horst, asking him to consider the official appointment of such referees as are used in all conference games. In case Horst is willing the matter could be speedily and definitely settled.

#### Games Were Riots.

Feeling is rather strong here over the treatment the O. A. C. basketball team received on its late peregrination. The Idaho games were riots, and the first Pullman game was so poorly officiated that the O. A. C. team absolutely refused to play another game with the referee acting, and to settle the difficulty the O. A. C. paid the entire expenses of a referee from the University of Idaho. After the unsatisfactory treatment O. A. C. received at the University of Washington last year, Dr. Stewart is not likely to take his five up there on the 14th unless some satisfactory arrangements are made about the selection of the officials before the team leaves for the north.

"This question has come up at the conference meetings before," said Dr. Stewart, "this morning, and the only opposition it has received was from the University of Washington. The latter was willing to pay half of the expenses of an official referee while his team was traveling, but absolutely refused to allow anyone else to select the ones to officiate at any of the games on his own floor. The result of this condition is that we have to take incompetent officials, who are directly interested in the outcome.

"Down here we have wanted to do the right thing, and have always imported officials, yet when we travel we get nothing but the home officials. The games at Idaho were regular riots, simply because the referee turned the game over to the home officials, with the W. S. C. was a crime. To get a fair official we paid the whole expense of a man from the University of Idaho for the second game.

#### Poor Officials Lost Two.

"Last year we lost the only two games of the whole season because of the poor officials. The games at the University of Washington were both dropped because of that. It is impossible for a man interested in the result to give a fair decision if the teams are neck and neck, and the visiting team will get the worst of it every time. In a conference as big as this one it is disgusting to see the present conditions of selecting a referee tolerated.

O. A. C. sends seven men to Seattle next week for games on the 14th and 15th. Since the treatment of last year, Dr. Stewart will not go unless he is guaranteed a square deal on the officials.

Better than Better

Cascade is a so vastly superior whisky that "better" is too weak a word for describing its purity, richness and mellowness. It is better than better. The grain used, our scientific distilling method, the painstaking process of purification and its honest aging could produce no other kind.

### PORTLAND REVOLVER CLUB HAS HIGH SCORE

#### Hubbard Comes Within One Point of Making Possible Against Philadelphia.

The high score of the season of the Portland Revolver club was made last evening, when the local shooters made the record of 1115 against the Philadelphia club in match 22 of the United States Indoor Revolver league. In match 21 against the Columbus, Ohio team, the score of 1107 was hung up.

Captain Moore was high man in the first match with 227, and Hubbard and Hansen were tied for first place in the second match with the same score. Prescott, one of the new members of the club, did some excellent shooting during the evening. He made the score of 212 and came back in the second match with a 13 point gain.

The individual high score was made by Hubbard in the first round of match 22, when he lacked one point of having a possible.

#### Next Club Smoker to Be Staged Feb. 13th

The next boxing tournament of the Columbus Athletic club will be held Thursday night, February 13. The great success of the last meet held January 27, prompted the action of scheduling the February meet next week.

Instructor McDonald is arranging several new bouts. The feature bout of the evening will likely be between Forbes and McNeill.

The Lentz Athletic club will hold a smoker in its club rooms at Lentz tonight. The first bout will be started promptly at 8 o'clock. Three wrestling bouts and five boxing bouts are on the card.

#### Some of the events are:

Blaschhoff and Cate, wrestling, 140 pounds; Thirsk and Foster, wrestling, 150 pounds; Bunch and Maxon, boxing, 125 pounds; Owens and Galacio, boxing, 130 pounds; Kerns and Warner, boxing, 115 pounds; and Barks and Wands, boxing, 130 pounds.

The Sellwood Commercial club will hold a smoker in the near future. The main event of the program will be between Mahoney and Swayne.

#### BASEBALL NOTES

The Hill and Portland academy basketball teams will play tomorrow afternoon in the Portland academy gymnasium at 3:15 o'clock. The Portland team will be without the services of one of its most consistent players, Hill, who is suffering from an injured leg. The H. M. A. team will be stronger tomorrow afternoon than any time this season.

The Columbia university team will play the Columbus club team tomorrow night on the Columbus club floor. Coach Callierate is drilling his players each afternoon on the dirt floor and is getting the boys to pass the ball better than they have in past practices.

The Christian Brothers basketball team will play the McLoughlin quintet tonight on the McLoughlin floor, and the Weonas will play the Columbus club quintet. The Christian Brothers-McLoughlin game will likely be played on the McLoughlin or Multnomah floor.

The opening games of the Bankers' league will be played tonight on the Portland academy floor. The first game will be between the United States National and Ladd & Tilton quintets, and the Hibernia team will meet the First National five in the second contest. The first game will start at 8 o'clock.

Silverton, Ore., Feb. 4.—The Silverton Commercial club basketball team defeated the strong Mt. Angel college quintet in this city Saturday evening in one of the hardest fought battles in the history of that sport in this vicinity. At the end of the first half the score stood 10 to 11 in favor of the visitors. Although Silverton played in hard luck and under great difficulties, they succeeded in tying the score before the finish. When time was called a tie was announced. After 15 minutes of hard playing the locals were successful in passing the sphere through the ring, giving them the game by 22 to 20. The Dallas team plays here next Saturday evening.

#### Propose New League.

Los Angeles, Feb. 4.—The proposed "Class D baseball league," to serve as a farm for Pacific Coast league clubs, is almost a certainty today, according to a statement by President Baum, of the larger organization. Final decision, he said, rests with the Oakland management. If the Oaklanders consent to maintain a Class D club at Oakland the plan will go through. Fresno, Stockton and San Jose are the other club locations proposed.

### SOPHOMORES PULLED INTO CRYSTAL DEPTH BY HUSKY FRESHMEN

#### Reed College "Babies" Are Short on Skill but Mighty Long on Strength.

Yo-heave! Splash! B-r-r-r-r!!!  
The freshmen won the pull! While the freshman-sophomore track meet, which was held at Reed college yesterday, went to the older class by a score of 59 1/2 to 22 1/2, the new men placed a long and curly feather in their cap, when the freshman tug-of-war team dragged their struggling opponents across a 20 foot stretch of icy, scum-covered water.

Both teams dropped with the gun and held steady for the first minute. Then the sophos, with a burst of strength, pulled the freshmen down almost to the water's edge. For a short time it looked rosy for the second year men, but their temporary success proved their undoing. In an attempt to get a firm footing the sophomores tore up all the turf under their feet and found themselves with nothing to stand on but slick, slippery mud. The sight of the water caused a reaction in the freshmen. Their death struggle was too much for the sophos, who, unable to brace themselves, were pulled along the mud path into the stream. Hauck, Johnson, Trousdale, Runyan, Sabin, Lancefield, Loucks and Scott made the water excursion, while Carl, Koenig, Ross, Norman, Piper, Lewis, Mau and Clark furnished the motive power.

#### Lots of Anchor Kinders Sophs.

The loss of Redman, their 190 pound anchor, undoubtedly was a great handicap for the sophomores, but the success of the novices is generally attributed to the coaching of Professor Hastings, who has been using the freshman team to pull down old trees about the campus.

Each of the other events was hotly contested, but the final score stood well in favor of second year men.

Lancefield, Loucks and Brace, all sophos, won the three heats of the 50-yard dash. The best time, 5:3-5 seconds, was made by Lancefield. The first run of each heat was a tie.

In the standing high kick, Axtell touched the basket at a height of 7 feet 5 inches. So far as records are concerned, this is the best mark made in the meet. Sabin and Lackey took second and third.

Lewis and Schuckmecht brought the freshmen one point when they tied at 4:11 for third place in the running high jump. Brace took second place with a leap of five feet. A jump of 5:1 gave first place to Loucks, who failed in an attempt to go 5:3.

The results in the dips were: Tomlinson, sophomore, first, 19; second, Hauck, sophomore, and Wembridge, freshman, 15; third, Brace, sophomore, 14.

Carrick, freshman, took first in the pulleys with 20. Tomlinson was second with 17, and Lancefield third with 14.

The sophos made a clean sweep of the standing broad jump. Runyan went 9 feet, Loucks 8:10, and Brace 8:9 1/2. Loucks traveled 27 feet 3 inches in the hop, skip and jump. Axtell went 25:10 1/2, and Brace cleared 25:7.

The relay was captured by the sophomores in the fast time of 20:4-5 seconds. The teams ran in the following order: Sophomores, Lancefield, Loucks, Trousdale, Brace; Freshmen, Koenig, Lewis, Schuckmecht, Wembridge.

In the shot put Runyan threw the 12 pound ball 38 feet 11 inches. Trousdale made second place with a toss of 35:2. An even 33 feet earned third place for Lewis.

Elton Loucks, the captain of the sophomore basketball team, had the highest individual score. He won 17 1/2 points for his class.

A meet in which the residents of the dormitory will oppose the students who live in town has been suggested and will probably be held soon.

The officials: Starter, Professor Torrey; clerk of the course, Professor Wood; judges, Professors Griffin and Hastings and Mr. Weber.

#### Big Stakes for This Game.

Madrid, Feb. 4.—Leon Carvalho, having lost a game of chess to his brother, Pascual, at Oviedo, paid the wager by exchanging his mother-in-law for the winner's, and taking the latter to live with him.

### DUNNE AND HOLBROOK SURPRISE THE ENEMY

#### Come From Behind on Frank and Stipe and Also Sting Gus Wakeman.

T. Morris Dunne, with his partner, Sam C. Holbrook, signaled his return to the handball game last evening by defeating Edgar E. Frank and H. Stipe in one of the greatest uphill double handball matches ever witnessed on the club courts. Frank and Stipe won the first set 21-12, but lost the second and third after piling up a big lead.

In the second set Dunne and Holbrook were on the short end of a 12-love score, but by a series of brilliant strikes defeated Stipe and Frank 21-16. The former club champion and his partner won the third set by a 21-18 score. Frank and Stipe had a 17-point lead in this set, but were unable to make the necessary four points to win the game.

The chargin' of Stipe and Frank in the third set was pitiful to witness, arousing the sympathy of the watching club members.

Besides winning the match, Dunne and Holbrook will be the guests of Stipe and Frank at a dinner and theatre party in the near future. Gus Wakeman, of tennis fame, backed the Stipe-Frank combination and will have the pleasure of helping the losers pay for the party.

Wolgast states in the letter that he is gunning for Jack Britton for a fight in the east, and will then go after Ritchie, who he declares to be the "champion by mistake."  
It is expected today that Wolgast will remain in the northwest for a week or so.

### RUNNING 'EM OUT BY THE DOZENS

An Aftermath Opportunity That Is Proving an Eye-Opener.

No wonder we're running them out by the dozen. No wonder that all day yesterday, from early morning until late in the evening, the big Ellera establishment was crowded with eager buyers.

When a fine cottage sized, genuine mahogany cased Emerson, which came from one of Irvington's finest homes, is offered for only \$150, and a nice toned Fisher is offered at only \$85, and genuine Hobart M. Cable pianos are going at only \$150—when such little prices are made on really desirable upright pianos (not old squares), it is bound to result in mighty lively buying.

#### AN AFTERMATH OFFER.

During the closing days of our great clearance sale we received an unusually large number of very fine pianos in part payment of the latest Kimball Acme-Modulo Player Pianos, the player pianos de luxe, and the Autopianos, and also for Chickering, Kimball and a number of other makes of Baby Grands.

The savings to the buyers of these latest and finest instruments, which our little-profit-per-piano principle made possible, induced them to let us have their former pianos at correspondingly low valuations. Hence, in order to make a clean sweep of it, we are offering the following:

An elaborate Pape, elegant mahogany, \$190, and a plainer style, only \$115.

Very fancy mahogany Hardman, with harp stop, only \$160, and another very fine wood but sweet toned Knabe, \$235.

Splendid toned New England piano, medium size, \$110, and a large size Singer in finest order, \$150.

Sample mission design Schaeffer piano, only \$175; did not match in surroundings as intended; therefore exchanged toward payment of a new style mission design Kimball.

Another Fischer, larger size, only \$100.

A splendid Kimball in mottled French walnut finish case, only \$185; another elegant Kimball \$250, which is less than half its value.

A good and largest size Willard piano, \$115, and a fine new oak case Smith & Barnes, like new (left on sale), only \$170.

#### SOME MORE UPRIGHTS.

A neat mahogany Milton (genuine Milton make), \$135 and a virtually new Milton, taken Saturday in part payment for one of the latest Kimball Acme-Modulo Player Pianos, will be \$150.

Two genuine Hobart M. Cable makes, in finest possible condition, made during the lifetime of the illustrious Hobart M. Cable; the largest one for \$150, the plainer design only \$125.

A CHICKERING—BARE ORANGE.

Then last, but not least, one of the finest Chickering pianos ever sold by us. Left in sale here by the family of a business man who has met with business and other reverses. A rare chance to secure the costliest and best piano in the world, positively like brand new, at a saving of \$226—the amount (less interest) paid by former owner.

With the exception of the Chickering and the other piano for which terms of payment must be \$15 a month, we will sell any of these instruments at the specially low terms of only \$5 a month. Bring this list with you. Telephone, if you cannot call right away.

Ellers Music House, the nation's largest, guarantees each instrument and each price. Ellers building, Alder street at Seventh.
