MAIL SERVICE RESUMED IN THE BURNS DISTRICT

After spending a month in the Burns district of eastern Oregon, getting the mall delivery service under full sway again following its paralysis when the delivery contract was abandoned New Years Day, F. E. Whiting, United States postal inspector, is in Portland. He reports that the towns that suffered from the delivery being shut off are recelving better service than ever before All of the routes, five of them, constituting the government's arge "Star"

contract, have been reestablished and Beach, a wealthy New York man, all the towns touched by them are rewith assaulting his wife, ceiving daily service. The bondsmen of J. M. STOMACH TROUBLES - AS every suffered for some time past with a most aggravated case of Stomach Trouble. I take great pleasure to let outsiders know, too. I was so bad that the day that the Veronica Water agent called on me I had made up my mind to see another doctor, but his proposition was so fair that I gave it a trial. I followed his advice and had five or more operations from my bowels every day. I began to improve at once. I gained in weight and today I am a well man. You not alone have my word for it, but every member of our company will gladly verify this statement and will be pleased to tell you what Veronics Water has done for them. Respectfully. GEO. W. Amendments to the bill before the legislature providing that the city turn county, in accordance with the law passed by the people last November, are to be urged by District Attorney Evans on behalf of the county court. The county court is willing to as-

sume control of the bridges and operate them, but the amendments asked would provide for the city to pay the \$40,000 rental of the railroad bridge contracted with the O.-W. R. & N. company for making the bridges county roads and the approaches city streets. The latter provision is intended to compel the property owners on each side of the approaches to keep the roadways up and relieve the county of responsibility for accidents on approaches. Other measures which the county

court are advocating and which are to nember of our company knows, I have be introduced are an amendment making work camps along the Hood River road, a bill making the selling of liquor to an inmate of any county institution a misdemeanor, and a bill to permit the county to build roads on land which does not belong to the county, but on which the right has been given to construct the road.

The bill permitting camps is desired because of apparent antipathy of property owners along the route of the Hood River road. The last named bill is for the purpose of legalizing the building of sections of the good River road which overlap the O.-W. R. & N. company's

EVANS PUTS FENDERS UP TO GRAND JURY

the Portland Railway, Light & Power ompany as he expected to do some time ago District Attorney Livans has put the matter of the use of improper fenders by the company before the grand jury and that body will be asked to investigate. The specific instance of violation of the laws regarding fend ers is a car which was observed with out any fender whatever. The company claims that the state has no jurisdic-tion in the matter, as it holds it is governed by the city statutes. Mr. Evans believes the company is violating state statutes as well as city ordinances,
