

CLARENCE DARROW

Attempt by Prosecution to Convince Jurors That Attorney Was in Panic After Arrest of Detective Franklin

(United Press Leased Wire.)
Los Angeles, Feb. 11.—Efforts to impress the jurors that Clarence Darrow's conscience was troubled following the arrest of Detective Bert F. Franklin on a bribery charge during the McNamara trial, were put forth by the prosecution in the trial of Darrow on a charge of bribing Robert F. Bain, Mrs. Lucy E. Franklin, wife of the detective, was called to the stand, and the following statement elicited by the state:

"After my husband's arrest Mr. Darrow said to me, 'Mrs. Franklin, I don't want you to feel too hard toward me because of this.'"

Lawyer Called to Stand

John R. Harrington, a Chicago lawyer who was connected with the McNamara defense, was recalled to the stand today to repeat alleged conversations in which he testified that Darrow insisted that he go to the jail where McNamara was confined and persuade him to testify favorably to the McNamara defense.

McManis Takes Stand

George McManis, brother-in-law of Clarence S. Darrow, today retracted his confession that implicated the McNamara brothers in the dynamiting of the Los Angeles Times building, Orde E. McManis declared that his wife in addition to others, was sent to him by Darrow to urge the retraction.

"Mrs. wife came to me June 25, 1911, while I was in the county jail," said McManis, "and told me that Darrow was going to get me out on bond and send me back to Chicago and get me the best job I ever had."

"This asked me what I was afraid of, and said that John Harrington knew where my apartment was. She wanted me to let Darrow talk to me but I wouldn't do it. I said that I had signed a confession, but she said that Darrow had not made any man off who had signed a confession and that the confession wouldn't make any difference. I wouldn't talk to Darrow for fear I might commit myself and the McNamaras would be set free, making me the goat."

"My uncle, George Behm, visited me June 27, and wanted me to see Darrow and say that it was all a frame-up. I refused. He said that he had all the money of the Federation of Labor behind him and that Darrow wanted to know how much it would take for me to talk off, but I said there was nothing in it."

Darrow Showed Money

John R. Harrington, of Chicago, former McNamara defense attorney, testified that Darrow showed him \$10,000 in bills with the remark that, "If I could arrange to reach a couple of million with the McNamara money, I could be convicted." This incident occurred, Harrington declared, at Darrow's home here in September, 1911.

Special Prosecutor Gray then questioned Harrington regarding an alleged conversation with Darrow an hour after Bert Franklin had been arrested for bribery, Harrington said:

"Mr. Darrow told me that Franklin had been arrested for jury bribery. I asked him if he could be involved in it, and he said: 'Yes, my God! If Franklin speaks, I'm ruined.'"

LADIES AID TO GIVE ITS FEBRUARY TEA

The February tea of the Ladies' Aid society of Trinity Methodist church will be given tomorrow afternoon at the home of Mrs. Margaret Enson, 433 East Sherman street. The following literary and musical numbers will be rendered: Piano duet, "Fairy Queen" (Sidney Smith); Miss Sadie Havelly and Mrs. Charles T. McPherson; recitation, Helen Mildred McPherson; soprano solo, "Cradle Song" (Yannah); Miss Constance Caldwell; reading, Mrs. C. Caldwell; contralto solo, "The Old Sundial" (Gwendolene); Miss Sadie Havelly; piano solo, M. Eloise McPherson; violin solo, Miss Zelma Savvan; piano solo, Miss Joyce Hall; soprano solo, "At Parting" (Rogers); Miss Ethel Luke.

Clogged Bowels a Menace to Health

Constipation at Bottom of Most Serious Illnesses—Avoided by a Simple Remedy.

Trace the origin of the commoner ills of life and almost invariably you will find that constipation was the cause. It is not to be expected that a mass of fermented food can remain in the system beyond its time without vitiating the blood and affecting the nerves and muscles. It congests the entire body. The result is a cold, fever, piles, headache and nervousness with its accompanying indigestion and sleeplessness. There is only one thing to do, and that is to remove the trouble; and when nature seems unable to do it, outside aid is necessary. You will find the best of all outside aids a remedy that many thousands are now using for this very purpose, called Dr. Caldwell's Syrup Pepsin. Many hundreds of letters are received by Dr. Caldwell telling of the good results obtained, and among the enthusiastic letters is one from Docia Wood of Little River Academy, North Carolina, who suffered with constipation and indigestion so badly that she could not sleep well at night and everything she ate distressed her. She writes that after her mother had given her Dr. Caldwell's Syrup Pepsin she "can now eat anything."

PREMIER OF JAPAN IS FORCED OUT; POWER OF MIKADO ON WANE

Fatal Riots in Tokio Result in Resignation of Prince Katsura Despite Commands.

(United Press Leased Wire.)
Tokio, Feb. 11.—Forced by renewal of the fierce rioting of yesterday, in which six persons were killed and scores wounded, Prince Katsura formally resigned today the premiership of Japan. Katsura's resignation is the greatest blow ever dealt to the prestige of the mikado by the ever-growing republican sentiment of Japan.

The withdrawal of the premier came in response to turbulent conditions which followed an episode without parallel in the history of the country. Katsura was practically forced to resign some days ago when the constitutional party, headed by Marquis Saionji, forced a vote of lack of confidence in the government by the Diet. After this occurred the mikado sent for Saionji and ordered him to recede from his stand of opposition to Katsura's policies. Saionji complied, but his colleagues decided to disregard the imperial command, and when the uproar of the populace became too great to be ignored, Katsura was forced out of public life.

More than 200 agitators were arrested today after rioting in the streets with the police and soldiers. Frenzied by the attitude of the city newspapers, particularly the Kokumin Shimbun, where a battle with guns, swords and knives resulted in four deaths, the mobs today began their activities by crushing police boxes throughout the newspaper section of the city. Soldiers were rushed to the scene of the trouble. A score of desperate clashes between the troops and the mobs resulted.

It is expected that now Katsura has admitted defeat and has formally handed in his resignation of his cabinet, the people will be satisfied with their victory and that the rioting will cease unless some government measure is taken which again stirs the populace to resort to mob law.

Official installation tomorrow of Count Gombou Yamamoto as premier of Japan to succeed Prince Katsura was announced here today. Baron Takasaki Kato, formerly ambassador to Great Britain, will retain the portfolio of foreign affairs.

BIG CONCERNS MAY USE ELECTRIC POWER

With the completion of the Northwestern Electric company's plant on the White Salmon electricity will probably play a very important part in the industrial activity of the Upper Columbia river district. It is reported today that two large concerns are seriously contemplating the introduction of electric power in place of steam.

The Dodge Lumber company is building a logging railroad into the timber in the vicinity of Stevenson, Wash., and it is regarded as very probable that all of its camp machinery will be electrically driven. The company will require about 2000 horsepower and negotiations for this amount are now under way with the electric company.

The Columbia Contract company, which operates a large stone quarry at Fisher's Landing, a point about eight miles east of Vancouver, is also reported as figuring on substituting its steam power with electricity to the extent of about 1000 horsepower.

W. B. Foslay, manager of the Northwestern Electric company, when asked about the rumors, admitted it was true that the two industrial concerns are figuring with the company for the amount of power indicated, but that he was not in position to say whether or not the contracts would be closed.

"If the Dodge Lumber company signs up for 2000 horsepower and the Columbia contract company for 1000, it will mean that three large industrial plants in that immediate vicinity will be operated by electricity, a feature that no doubt will attract considerable attention among industrial men," said Mr. Foslay.

"The electric power will play an important part in logging operations in the very near future was demonstrated at the logging congress recently held when a number of papers were read on the subject. A. C. Smith, the big logging operator and lumber manufacturer of Coos Bay, has adopted electricity, but the Dodge company will probably have the distinction of the largest plant of its kind if the contract under negotiations is closed.

GOVERNOR MAKES PERSONAL APPEAL TO PASS S. B. 34

Puts It Up to House Members to Protect Children and Women or Conserve Financial Interests of Weinhardts.

(Salem Bureau of the Journal.)
Salem, Or., Feb. 11.—A warm appeal was sent to the house today by Governor West in behalf of senate bill 34, prohibiting saloons within any building housing a passenger depot, which is now on the house calendar for third reading. He declared that the only question at issue was whether the safety of women and children or the pecuniary interests of the Weinhardt estate prevailed, referring to the Jefferson street station in Portland. His message said:

"I wish to call your attention to senate bill No. 34, now before your honorable body on third reading. The bill was reported back by your committee on alcoholic traffic with the recommendation that it do pass as amended. The amendment provides that the bill, which is intended to bring about the removal of certain saloons from depot buildings, shall not take effect until January 1, 1914.

"If it is proper that public stations where our wives and daughters are obliged to wait for incoming and outgoing trains shall be used as a loafing place for swearing and vomiting drunkards, and where they are forced to submit to indignities and insults, then this amendment should carry. Otherwise it should not. There is but one question to decide, and that is, shall the safety of the women and children or the pecuniary interests of the Weinhardt estate prevail.

"This office is for the wives and the babies, and appeals to you in their behalf."

DEADLY REVOLVER MEASURE HAS GOOD CHANCE OF PASSING

Substitute Bill Requires Permit for Gun-Toting and Bars Store Pistol Displays.

(Staff Correspondence.)
Salem, Or., Feb. 11.—Senator Neuner from the committee on revision of laws today returned a favorable report to the senate on a bill striking at the deadly revolver. The bill is in the form of a substitute for Senator Perkins' bill on that subject, and is less stringent than the original bill, which met the disfavor of the senate two weeks ago.

The principal provision of the bill is to require a permit for carrying a revolver, registration of all sales and a prohibition against display of pocket weapons in any store. A permit may be obtained from a justice of the peace in the county districts, or the recorder or municipal judge of a town, upon application presenting an affidavit signed by two freeholders vouching for his good moral character.

Merchants are prohibited from displaying pocket weapons or from selling except upon exhibition of a permit. When a weapon is sold, the name of the purchaser must be taken, along with the number and description of the gun. Sales are to be reported on the first and fifteenth of each month to the sheriff or chief of police.

The bill is modeled on a bill pending in the Washington legislature, the senate at Olympia recently passing by unanimous vote a measure on much the same lines. Objections of the country people have been largely met in the new draft, and it is thought the bill has a good chance for passage.

BIEHL GETS NINETY DAYS TO APPEAL

A. J. Biehl, who was convicted in the United States district court in December for use of the mails to defraud while member of the Columbia Orchards company, was today sentenced to two years' imprisonment at the Neil Island penitentiary yesterday afternoon by Judge Bean, was granted 90 days in which time his attorney is to prepare an appeal to the United States circuit court of appeals.

Bond of \$5000 for the spot was offered by Attorney Hume, representing Biehl, but this was not enough and Judge Bean allowed five days' time in which to raise a \$10,000 bond. The attorney said that the amount would have to be secured from Seattle.

R. H. McWhorter and H. H. Humphreys, the other two defendants in the case, who pleaded guilty before the trial began, were in court to hear sentence pronounced upon them. United States District Attorney McCourt being late, it was decided not to sentence them until Thursday morning.

As they are regarded as minor defendants in the case, their punishments may be lighter. Possibly neither will receive more than a heavy fine.

ROTARIANS TO ELECT 8 TRUSTEES TONIGHT

Eight trustees are to be selected from a list of 26 candidates by the Rotary club at dinner tonight in the Commercial club. The campaign centers about the fight for the president, who will be elected by the new board of trustees. Each of the presidential candidates, C. V. Cooper and Harry E. Coffin, is understood to have pledged his support of the candidates for trustee. The friends of both candidates are working for favored lists. Each this morning predicted success. A number of the candidates for trustee have not taken sides. Mr. Cooper is at present vice president of the club. Mr. Coffin is chairman of the membership committee. The dinner is at 6 o'clock.

FAMILIES TO BE PENSIONED

London, Feb. 11.—Premier Asquith said this evening that while he was not in a position to be definitely quoted, it could be understood that the government would pension the families of Captain Scott and his companions.

In delivering his eulogy of Scott in parliament, Premier Asquith was so moved that his words were almost inaudible. He said in part:

"We all at this moment are under the deep impression created by receiving the last message to the world left by Captain Scott. It is one of the most moving and pathetic utterances in the annals of discovery. It is the message of a brave, enduring man in the face of a most tragic death. His career was one of self-sacrifice and devotion to his country.

"We can only say that his last appeal will not fall on deaf ears."

ENTER PLEA OF GUILTY; PROMISES TO REFORM

After signing a promise to avoid liquor and bad companions, a note for \$63 to pay for 21 pairs of shoes stolen from John Hartung on November 27, and a full confession of his connection with the robbery, Leo Bush, 20 years old, was allowed to plead guilty to larceny before Circuit Judge Gatens this morning and sentence was postponed for the time being. He was released under \$150 bail and will be used as a witness against John Campbell, one of his companions in the robbery. Campbell was the leader of the gang, it is charged. A third man, Harry Johnson, is serving a 360-day sentence imposed by Municipal Judge Tuxwell on the latter's plea of guilty. Bush declared he received a pair of shoes too big for him and two which were not mates as his part of the booty.

President Sends Condolence

(United Press Leased Wire.)
Washington, Feb. 11.—President Taft cabled today his condolences over the death of Captain R. F. Scott, the explorer, to King George of England. President Taft's message read:

"I offer my heartfelt sympathy on the death of Captain Scott and his companions. I reflect the sentiment of my countrymen, who share the sorrow of the British people at the loss of so many noble lives."

DESCHUTES SURVEY BILL EXPECTED TO PASS LATE TODAY

Emergency Clause Is All but Attached to It for Passage This Forenoon; Reason for Fast Action Given.

(Staff Correspondence.)
Salem, Or., Feb. 11.—M. B. 73, appropriating \$50,000 for survey of Oregon streams, passed the house this afternoon by a vote of 42 to 6. Chapman, Childs, Hill, Massey, Meek and Porter voted so.

Salem, Or., Feb. 11.—With Abbott of Multnomah, chairman of the house ways and means committee, and Speaker McArthur working hard to secure its passage, H. B. 73, which appropriates \$50,000 for surveys and investigations of water resources of Oregon in cooperation with the federal government, will probably be enacted this afternoon.

This is the so-called "Deschutes Survey Bill," which has the united support of eastern Oregon legislators. It would open the way for scientific development of the interior of the state through proper use of water resources for irrigation projects.

In the house this morning, Abbott fought to retain the emergency clause, making the money immediately available, declaring that if it were taken off the measure might become inoperative through the refusal of the new secretary of the interior after March 4 to cooperate.

ANTI-MERGER BILL IS EASY VICTIM OF SENATORIAL BAND

(Continued From Page One.)
Distance company. The bill also forbids the purchase by one railroad of another competing line without consent of the state railroad commission.

McColloch of Baker made an earnest speech for the bill, asserting that it is in line with the progressive legislation of other states which recognize the need for a strong arm to protect the public from combination of railroad and telegraph lines. Then Day took the floor to oppose the bill, declaring it is poorly drawn and manifestly unfit for the purposes outlined.

Smith came back at Day at once, asking the senate whether it preferred the legal opinion of Day, who is not a lawyer, to the opinion of the attorney-general of the state.

He added that "possibly the senator from Multnomah may have interests in conflict with the purposes of this bill." This brought the display of fireworks before described.

Mail Order Parcels Delivered Free

Do not hesitate a single minute, But see now what we are offering.

This clearance sale affords many bargains in Men's and Boys' Clothing.

\$20, \$25, \$30 Men's Suits \$14.85 and Overcoats only \$14.85

LOST EYE WHEN DERRICK FELL, NOW ASKS \$12,500

Damages of \$12,500 are asked by D. Rohde, a bridge carpenter of the Union Bridge & Construction company, for the loss of an eye sustained in an accident. Suit to recover was begun this morning in the United States district court.

Rohde, in the employ of the Oregon Electric company, was injured on the Santiam river bridge last fall. The defendant company, in building the new steel bridge to replace the old wooden structure, weakened the latter by blasting and trenching for the concrete footings. It is said Rohde, with others, was engaged in strengthening the wooden bridge when the boom of a derrick fell. As it crashed through a scaffolding the wood was splintered and one of the splinters struck Rohde, inflicting the injury.

Corbett Rapidly Recovering

Hamilton Corbett is rapidly improving from an operation performed at the Good Samaritan hospital, Friday, according to a report from the hospital today. His nurse stated that he was

OWES HER LIFE TO ECKMAN'S ALTERNATIVE

A Valuable Remedy for Throat and Tuberculosis.
Eckman's Alternative is being used with success in the treatment of Tuberculosis in all parts of the country. Persons who have taken it improved, gained weight, exhausted night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it, we will put you in touch with some who are now well. You can investigate and judge for yourself. Read of Mrs. Govett's recovery.

"Gentlemen: Thinking that perhaps a short history of the remarkable recovery of my mother-in-law (Anna Govett) might benefit some other sufferers, I give the following testimonial: About September 10, 1908, she was taken sick with Catarrhal Pneumonia, and eventually grew worse, requiring a trained nurse. Night sweats were so bad that it was necessary to change her clothing once or twice every night; her cough increased and got so bad that everybody expected that she would not live much longer. In January, when Rev. Wm. Berg, of St. Michael's church, at Shreveville, Ind., prepared for her death, he recommended that I get Eckman's Alternative, and see if it would not give her some relief. I then requested the attending physician to give his diagnosis and he informed me that she had Consumption and was beyond all medical aid. When I asked if he thought that it was useless to try the Alternative, he replied that 'No physician could help her any and I could suit myself about it.' So I immediately had Rev. Wm. Berg to improve. Now, she works as hard as ever, weighs twenty pounds heavier than she ever did before she took sick, and is in good health. She frankly says she owes her life and health to Eckman's Alternative."
(Sworn Affidavit.)

Are You an Athlete?

You should be. Outdoor exercise is good for your eyes. If you have neglected outdoor life, if you have bent over books until you have brought on eyestrain, let us make glasses that will relieve the strain. Then get outdoors. Suggest this to your parents.

The Best Cough Syrup is Easily Made at Home

This recipe makes a pint of cough syrup, and saves you about \$2.00 as compared with ordinary cough remedies. It stops obstinate coughs—even whooping cough—in a hurry, and is splendid for sore lungs, asthma, croup, hoarseness and other throat troubles. Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. Take a teaspoonful every one, two or three hours. Tastes good.

This takes right hold of a cough and gives almost instant relief. It stimulates the appetite, and is slightly laxative—both excellent features. Pinex, as perhaps you know, is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and the other natural healing pine elements.

No other preparation will do the work of Pinex in this recipe, although strained honey can be used instead of the sugar syrup, if desired.

Thousands of housewives in the United States and Canada now use this Pinex and Sugar Syrup recipe. This plan has often been imitated, but the old successful formula has never been equaled. Its low cost and quick results have made it immensely popular.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind. Pinex is fully guaranteed by Laurie-Davis Drug Co., distributors, Portland.

An Aid to the Treatment of TUBERCULOSIS

Fresh air and nourishing food are absolutely necessary in fighting tuberculosis. In addition we can strongly recommend a preparation which has aided and is aiding in the treatment of tuberculosis and all diseases of the respiratory organs. This preparation, which acts as a tonic on the entire system, is—

SIROLIN

Write for booklet and information to SIROLIN CO., 225 West Broadway, New York City. Recommended and distributed by The Owl Drug Co., 309-311 Madison Street, and all leading druggists.

A HAPPY CHILD IN A FEW HOURS.

When Cross, Sick, Feverish, Tongue Coated or Bilious Give Delicious "Syrup of Figs."

Mother! look at the tongue! see if it is coated. If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad; has stomach-ache, diarrhoea, sore throat or is full of cold, it means the little one's stomach, liver and 30 feet of bowels are filled with poisons and clogged up waste and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of Figs, and in a few hours the foul, decaying, constipated matter, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well and smiling child shortly.

With Syrup of Figs you are not drug-giving your children, being composed entirely of luxurious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.
