

8-HOUR MAXIMUM FOR FACTORY AND LAUNDRY WOMEN

County Attorney System, Bubonic Plague Bill and Six Others Pass House at This Morning's Session.

(Staff Correspondence.)
Salem, Or., Feb. 14.—Lawrence's measure fixing 8 hours a day as the maximum for women workers in factories and laundries passed the house today with little opposition.

After being severely mangled in committee of the whole house, and meeting stiff opposition in consequence, H. B. 449, abolishing the present district attorney system and substituting for it a county attorney in each county, was adopted. Charges of "salary grab" were made by Blanchard, but others declared it would reduce the salary total.

McArthur's bill appropriating \$10,000 to fight bubonic plague was adopted after McArthur had told the dangers of the spread of the disease in this country.

H. B. 64, by Gill—To repeal the statute providing that the state shall refund counties for support furnished non-resident paupers, was defeated.

Nine bills in all were passed, as follows:

H. B. 309, by Lawrence—To regulate the hours of labor of females employed in factories, laundries, etc., limiting to 8 hours a day.

H. B. 298, by Murnane (request South Portland Boosters)—Bringing certain highways within corporate limits of certain cities under control of county courts.

H. B. 353, by Hurd—To provide the manner of proving issue by federal government of a license or internal revenue tax stamp for sale of malt liquor.

H. B. 221, by Hagood (tin plate law)—To require owners of property to place thereon a plate or sign giving their names and addresses.

H. B. 449, by Hill—Abolishing district attorneys and substituting county attorney system.

H. B. 125, by McArthur—Appropriating \$10,000 to fight bubonic plague.

H. B. 336, by Appelgren—Making willful non-support ground for divorce.

H. B. 382, by Hurd—Defining term "intoxicating liquors" in questions of evidence.

H. B. 49, by Howard (request of governor)—To enjoin and abate houses of prostitution, to declare them a nuisance, and to enjoin persons from conducting them.

POST CARD TOLD OF GIRL'S DEATH

Body Found at Foot of Canyon Near Santa Monica; Card Is Mystery.

(United Press Leased Wire.)
Santa Monica, Cal., Feb. 14.—The police are putting forth every effort to solve the mysterious death of Miss Nettie Soards, 35 years old, whose body was found late yesterday at the foot of a cliff in Dead Man's Canyon, near here. She apparently had been dead at least a week. Both arms and shoulders were broken and the head was badly bruised. No sign of a struggle was apparent at the top of the 100 foot bluff from which Miss Soards had either fallen or been hurled.

Added mystery is lent to the case by a mysterious post card mailed from Los Angeles on February 6, written in a palimpsest disguised hand and unsigned. The post card read:

"Go to north lease, Dead Man's Canyon, 40 rods from the road, turning to the left. You will find a woman's body. I was there and saw it."

On receipt of this card the police made a search but failed to discover the body, and treated the matter as a hoax until yesterday.

FISH ROW IS OVER UNTIL 1915; RIVAL BILLS WITHDRAWN

Upper and Lower Rivers Find They Cannot Legislate One Another Out of Business So "Shake" and Quit.

(Staff Correspondence.)
Salem, Or., Feb. 14.—The Columbia river salmon war is over and semblance of peace has at last settled on the troubled factions from the upper and lower river, who have been striving earnestly to legislate each other out of business by a host of bills before the legislature.

The peace is a good deal like that between the lion and the lamb, but so far as any legislation at this session is concerned, the cruel war is ended. The fight, which so far has centered in the house, and had been between Anderson, of Astoria, and Anderson, of The Dalles, was formally called off this morning.

Anderson, of Clatsop, withdrew H. B. 366, which would have closed the upper Columbia through the whole fall fishing season. Not to be outdone, Anderson, of Wasco, jumped up and withdrew H. B. 476, to close the Columbia below

the Willamette river to all fishing for five years, and H. B. 477, to stop gill net fishing at the mouth of the Columbia "in the interests of navigation."

"Since the lower river is going to be good, I'll meet it half way and withdraw my bills," remarked Anderson, of The Dalles, and he performed this laudable act.

Last night Carpenter, of Multnomah, withdrew a bill to prohibit all seining on the upper Columbia, so the calendar is now free of Columbia river fishing legislation, except for a bill aimed at fish traps which not even the fish trap men have opposed.

The fish equitable occurs at every legislative, but it has been particularly bitter this session. Some of the committee meetings to consider it have been very sultry.

THREE IRONWORKERS RELEASED ON BONDS

(United Press Leased Wire.)
Chicago, Feb. 14.—The United States court of appeals today ordered the release from the federal prison at Leavenworth, Kan., of Paul Morrin, of St. Louis, and William Shupe and E. H. Houlahan, of Chicago, three of the union men convicted at the Indianapolis dynamite conspiracy trial. The bonds furnished for the three men were approved yesterday.

Vale Wants Land Opened.

(Special to The Journal.)
Vale, Or., Feb. 14.—In 1909 the government withdrew from entry some 37,000 acres of public land embraced in what are known as the Harper, Beulah, Wakanwanga and Juntura reservoir and irrigation projects, lying in and adjacent to the Malheur river valley. Before the land was withdrawn, however,

OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After a Few Doses Are Taken.

Sleep disturbing bladder weaknesses, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Croxone, cures all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings, cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism;

and makes the kidneys filter and sift out all the poisonous waste matter from the blood and drive it out of the system.

It matters not how old you are or how long you have suffered, Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it.

It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate case.

It is the most wonderful remedy ever made for restoring the lifeless organs to health and strength and ridding the system of every particle of uric acid, and you can take it with the utmost confidence that nothing on earth will so quickly cure such conditions.

You can obtain an original package of Croxone at trifling cost from any first class druggist. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.
