ASSERTS THIS NOT DAY OF TRIUMPH

President Wilson's Great Gospel Taken as Topic of Sermon

"President Wilson's Great Gospel for America" was the subject of the discourse delivered last evening at the White Temple by the pastor, Rev. W. B. Hinson. The speaker said in part:

"There came a day when Columbus, sailing over the seas in search of a new world, was surrounded by sick and despairing sailors who urged him to give up the project and turn back, but strong in faith he cried 'Sah on!'

"There came another day when the band of Pilgrims left the old world, and, sailing over stormy seas, anchored on the wild New England shores, seeking and finding 'freedom to worship God.'

"Then there was the period of the Revolutionary war and then the Civil war and Lincoln's prayerful life, and out of all these things God has made this a great and wealthy and exalted nation."

Pastor Draws Lesson.

"Last Tuesday, in stately simplicity, Woodrow Wilson, just elected to the proud position in all the world, ruler of the American people, kissed the Bible, in taking his oath of office, and the words he kissed I have taken for my text, Psalms 119:41. This is a fitting text to be our national prayer.

"America needs the mercy of God, because we are a great people and there are great evils among us. The traffic in women, the traffic in drink, divorce, luxury, materialism, selfishness and pride. There are the sins against childhood, lily born, bad environment, deprived of proper places to play; womanhood is sinned against, the age of consent has been lowered, mere children are forced into marriage, women are underpaid. There are sins against manhood, unemployed, underpaid, class hatred is fostered. Signs of the times are ominous. Cities are a menace. Wendell Phillips said, 'There will come a time when a city's institutions will test it as slavery never did.'

"Places of amusement too often are places of deterioration but are largely patronized—by the places of instruction have the scanty few.

Education Seeking Wrong Goal.

"Religiously we are menaced by ecclesiasticism and irreligion—and it was these two forces meeting which produced the French Revolution. Education is seeking the wrong goal. The press, while good in spots, is largely partisan, spreading lies and controlled mercenary. Lincoln said, 'Government of the people, by the people, for the people.'

"The government 'by and for' seems often to be gone. Government alone seems left.

"President Wilson says we must stop waste, that we have been thoughtless, we haven't stopped to count cost. Now the time for second thought has come. Stirred by solemn passion we feel this to be not a day of triumph but a day of dedication. Our duty is to reconstruct, restore, correct, cleanse."

WEIR RETURNS FROM PLAYGROUND CONGRESS

L. H. Weir, leader of the Portland playground movement, returned yesterday from San Francisco, where he attended the first National Playground and Recreation congress.

"No gathering ever held had more important and significant relation to the interests of child life," said Mr. Weir. "The gathering was exceedingly well organized and in charge of A. B. De Groot."

Mr. Weir expects to give first attention now to the campaign for more parks and playgrounds, the provision for a municipal play and recreation superintendent and the equipping of the park donated by J. Fred Larson, the cost of equipment to be met by Gay Lombard.

Howard Everts Weed chairman of the playgrounds committee of the Greater Portland Plans association left Saturday night for southern Oregon where during the week he will deliver addresses in behalf of more parks in Ashland, Klamath Falls, Medford and Grant's Pass.
