Groveland Park Association.-A temporary organization of the Groveland Park Improvement association was made Wednesday night at a meeting in a church at East Fifty-second and Lincoin streets. Residents of that section to the number of 42 present signed a petition which will be submitted to the city council asking that bids for improvement of the streets of that section with hard surface be rejected. The sign. ers declare that the city enginer has favored the paving trust in making specifi cations and that the prices given are ex cessive. A permanent organization will be perfected next Wednesday night.

Improvement Clubs Meeting .- There will be a meeting of the Greater United East Side Improvement Clubs Associa-Clifford, East Sixth and Morrison enough trouble. streets. The delegation from the Montavilla Board of Trade will enlist the support of the association in their agitation for registration booths in each of the four wards on the east side of the river. The matter of public markets will also come up for discussion, and it is thought that some definite action will be taken at this meeting.

Remanded for Trial.-Circuit Judge Davis yesterday remanded the non-support case against Dean G. Ray to County Judge Cleeton and the case will in all probability be heard before a jury next week. Ray asked for a writ of review on the ground that his demand for a trial by jury had been denied by Judge Cleeton. Owing to the fact that the new non-support law will go into effect within a few months and will provide for trial by jury, District Attorney Evans does not expect to appeal the case to the supreme court.

One Found Guilty, - Though both James G. Ayles and Mrs. Lydia Mulloy had confessed to the commission of a statutory crime, only Ayles was found guilty Wednesday. He will be sentenced Circuit Judge Davis next Saturday. Attorney Manning for the defendants held that Mrs. Mulley was the victim of her husband's desire to get a divorce and that A. C. Mulloy, her husband, had laid a trap for her into which she fell. Mulloy is a rancher in Washington county and has started a suit for divorce in that county.

Oppose Letting of Bids .- The temporary organization of a new East Side Improvement club was formed Wednesday evening at the Lincoln Street Methodist church, East Fifty-second and Lincoln streets. The main cause for the organization is to contest the letting of bids for hard surfacing in that vicinity, the citizens feeling that all bids yet received are entirely too high. Anmeeting will be held next Wednesday evening, at which time permanent officers will be elected.

To Discuss Bridge Opening.—A meeting of the North East Side Improvement club will be held this evening at the Albina branch library, 350 Knott street. Further plans for the celebration attending the opening of the Broadway bridge will be discussed. The matter of the widening of Union avenue will also be up for discussion, and it is expected Patterson conceived the idea of forging that something definite will result from the name to checks, which caused his the meeting. All citizens of North East arrest Wednesday night by the police. Portland are urged to attend.

tolen hats sold to the Oregon Loan office at 52 North Third street, were recovered vesterday by the district at-torney's office and turned over to the nat store of Drake & Mauck, 126 Fourth street. Contrary to the usual custom of paying the pawnshop owner for such goods, District Attorney Evans announced he would not indemnify the pawnshop men, as the goods were stolen. Special Officer Sherwood, assigned to the district attorney's office, confiscated the goods. In his inves-tigation he found the pawn shop dealer and paid \$10 for them, It was also earned that this dealer had attempted o sell them to another dealer. The nats were stolen Saturday night. Heretofore, the pawnship men have given up stolen goods, upon payment of the money paid by the shop man, but the law provides stolen goods may be confiscated, thereby throwing the responsibility of such purchases upon the second hand dealer.
