National Forests Should Be Architects Hear Objections to T. Edward Wilder of Chicago Men Interested in Columbia Southern Project Praise Governor's Stand.

> (Salem Bureau of The Journal.)
> Salem, Or., March 18.—Letters and telegrams are pouring in on Governor West from persons interested in the de-West from persons interested in the development of central Oregon and who are commending him for his insistence that the state go ahead and complete the Columbia southern irrigation project. In Crook county, for which the legislature appropriated \$450,000, and not entered to the complete that the state go ahead and complete the Columbia southern irrigation project. In Crook county, for which the legislature appropriated \$450,000, and not entered the comparation of deavor to secure the cooperation of the reclamation service in order that a big-

ger project may be built.

J. E. Sawhill, secretary of the Central digging the canal could be profitably Oregon Development league, says in a transferred to the Mississippi valley for letter to the governor:

"Our organization feels it is abso lutely necessary for this work to be done with the greatest dispatch, and that settlers be gotten on to the land as soon as possible. The people of this section feel they have already had enough investigation and would now like to see some real work done."

Among the letters is one from Henry W. Coe of Portland, president of the Columbia Land company, who says he does not own land in the project, but is interested. He says: When it comes to waiting for the

United States to take hold of the matter, short of money as the reclamation lows who are of no value when stood up to be shot at, so our patriotism manifests itself in working in other ways southern might as well quote in unison what Dante read over the gates of hell, 'Leave hope behind, etc.' These people cannot wait. And it would be a wait very long.

The agitation has arisen over the sug gestion submitted to the desert land board by State Enginees Lewis that the board endeavor to get the reclamation service to cooperate in the completion of the project, and increase the area from 21,500 acres to 25,000. The gov opposed the proposition on the ground that this would cause unknown delays, that the legislature had put the matter up to the board and that he wanted the members to accept the re sponsibility and go shead.

Burns' Case Continued. (United Press Leased Wire.) San Francisco, March 18.—The case of E. O. Burns, a Portland real estate operator, arrested here on a charge of grand larceny, slieged by his former wife, Mrs. Amanda T. Burns, was con-tinued this afternoon by Police Judge Shortall until next Thursday to allow the defense to subpena witnesses.
