

WILSON PROMPTLY SWATS FURS AND FEATHERS OF JOB

He's the Real Hard-Working President and He Wants All Work Done Sans Gold Lace, Pomp or Sycofancy.

(United Press Leased Wire.) Washington, March 21.—It is becoming more and more certain that Woodrow Wilson is president of the United States.

Politicians have arrived at the decision that while apparently delegating increased powers to his cabinet officers, President Wilson intends himself to run the government. He intends personally to handle the legislative situation by discussing matters with the legislators and making his influence felt. He made cabinet officers official "sifters" of applicants for jobs but after they pass on candidates it will be Wilson who will do the appointing.

Moreover, the new president is going about his business so little ostentatious and fuss that if it weren't for the cries of the job hunters—and they are overpowering—nobody would think an administration had been inaugurated and another one installed except for certain precedents that have been smashed.

Gold Lace Aides Cut Out. The gold lace business has been eliminated at the White House. No military aides have yet been designated, but Major Rhoades, inherited from Taft, doesn't wear his uniform now when he goes out with the president. It is necessary, maybe, to have an aide, but Wilson doesn't want the gold lace business. It attracts attention and crowds.

There will be no "king" business at the White House. The chief executive has decided it is not necessary for him to wear a silk hat and a cutaway coat as his badge of office. A plain sack suit suits him. Under Roosevelt and Taft a couple of khaki coated motorcycle policemen acted as out-riders to the presidential automobile when the executive went riding. They have been dispensed with. The standing orders to Washington theatres to drape the presidential box and play the national anthem when the President goes to a show have been squelched.

He Gives Interviews Direct. When a statement to the public is issued at the White House nowadays it is President Wilson who says what is to be said—and says it in the first person. That shattering of precedent was a complete bodyblow at White House red tape. And the new president followed it up with the announcement that a plan was in formulation whereby all that transpired in cabinet meetings was to be given to the newspapers. Trailing along behind this comes the report that the regular bi-weekly cabinet sessions may hereafter be discontinued. It is possible that only called meetings will be held.

The new president hasn't turned all the Republicans out of office. Save for cabinet heads and some of their immediate assistants, they haven't been much changed since Taft left.

Wilson's a News Maker. President Wilson is pursuing the serene and calm and even tenor of his way. Governmentally speaking, there have been many departures from the old lines, but with the way his precedent in other lines is being smashed, politicians are expecting something to happen governmentally every day. The office seekers are on the job for it, and President Wilson is saying nothing.

MILLIONAIRE FINDS HIS WIFE; IS COMING HERE

(United Press Leased Wire.) San Francisco, March 21.—After a frantic four days search, his wife, during which time he visited San Francisco and other points, William P. Clark, a Belmont, N. Y., millionaire, finally found his spouse in a hotel here. The couple, both of whom are aged, are on their way from this city to Portland today.

Mrs. Clark dropped from sight as she was about to board a train for Los Angeles with her husband. She declared she had become confused and wandered away.

A Reasonable Plea For the Stomach

If Your Stomach Is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work? Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach. Scientific analysis shows that digestion requires pepsin, nitrogenous ferments, and the secretion of hydrochloric acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion and when placed at work in the weak stomach and small intestines, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and are found to contain nothing but natural digestives. Chemical Laboratory, Telegraphic address, "Diffindo," London. Telephone No. 11029 Central. 20 Cullum st., Fenchurch st., E. C.

London, 9th Aug., 1905. I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself at a city chemist's shop for the purpose), manufactured by the F. A. Stuart Co., 46 Clerkenwell Road, London, E. C., and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets, I am of opinion that they are admirably adapted for the purpose for which they are intended. (Signed)

John R. Brooke, F. I. C., F. C. S. There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among physicians. They are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, constipation, dysentery and kindred diseases originating from improper dissolution and assimilation of foods, because they are thoroughly reliable and harmless to man or child.

Stuart's Dyspepsia Tablets are at once a safe and powerful remedy. Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't. Ask your druggist for a fifty cent box.

CROOKS ASSAIL WHITMAN BY THREATENING HIS FAMILY

Mrs. Charles S. Whitman and her little boy. Tools of the "System" threaten to cut the boy to pieces.

New York, March 21.—Crooks, grafters, blackmailers and murderers, all tools of the so-called "system," the circles of crooked officials, alleged to exist in the New York police department, and all of whom, together with their managers, are in danger of feeling the weight of the heavy hand of the law—driven to desperation by the steadily progressing probe of District Attorney Whitman, are striking the last blow of a hopeless fight. Their target is Mrs. Whitman, wife of the determined young prosecutor.

Under the new law, which becomes effective June 1, the attorney general points out that the county clerks must be prepared at all times to register voters, beginning with the day the law goes into effect. The county clerk must appoint precinct registrars, who will be authorized to take registrations. Then when a voter is once registered it will not be necessary for him to register again, unless he changes his address.

The law provides that the registration shall cease 30 days before the primary or general elections, and 15 days prior to a special election, and that a person who is not registered cannot vote. It prohibits votes being sworn in, but a saving clause is inserted which says in case the supreme court holds this restriction to be unconstitutional, then "blank A" as now used will become effective again.

One registration is sufficient for both general and city elections.

REGISTRATION, AFTER JUNE 4, CONTINUOUS

(Salem Bureau of The Journal.) Salem, Or., March 21.—Attention is directed to the new registration law enacted by the recent legislature by an interpretation of it made by Attorney General Crawford yesterday afternoon, in response to inquiries from Charles G. Blye, county clerk of Malheur county.

Under the new law, which becomes effective June 1, the attorney general points out that the county clerks must be prepared at all times to register voters, beginning with the day the law goes into effect. The county clerk must appoint precinct registrars, who will be authorized to take registrations. Then when a voter is once registered it will not be necessary for him to register again, unless he changes his address.

The law provides that the registration shall cease 30 days before the primary or general elections, and 15 days prior to a special election, and that a person who is not registered cannot vote. It prohibits votes being sworn in, but a saving clause is inserted which says in case the supreme court holds this restriction to be unconstitutional, then "blank A" as now used will become effective again.

One registration is sufficient for both general and city elections.

OREGON ARCHITECTS TO DESIGN P. O. BUILDING

(Washington Bureau of The Journal.) Washington, March 21.—Senator Chamberlain has submitted to the treasury department the names of the Oregon architects who wish to compete for plans for the Portland postoffice. These include Doyle, Patterson and Beach, Otto J. Kraemer, R. Lea Barnes, Whitehouse & Foulhoux and Lawrence & Holford, all of Portland.

GRAVES DENIES TOO MANY RANGER POSTS

(Washington Bureau of The Journal.) Washington, March 21.—Replying to complaints that large areas are held in ranger stations in Oregon, Chief Forester Graves informs Senator Chamberlain that in Baker county there are 2950 acres in such stations and Grant 9741, which he considers no more than administrative work requires.

TEN STRIKING MINERS RELEASED, OTHERS HELD

Charleston, W. Va., March 20.—Acting on recommendations of Judge Advocate Wallace that the evidence is insufficient to hold them, Governor Hatfield has today ordered the release of 10 of the 42 miners tried in court martial with Mother Jones, the woman labor leader, on charges of conspiracy, to commit murder. The verdict in the case of the other defendants is still withheld, but the release today of the 10 men is not taken to indicate that "Mother" Jones and the others would be acquitted.

Governor Hatfield yesterday visited "Mother" Jones and the other prisoners and assured them of a square deal. It was predicted here today that the strike in the Paint Creek and the Cabin Creek districts, out of which the conspiracy charges grew, would be settled soon.

MAYOR GILBERT TO FIGHT HIS RECALL UP TO FINAL DITCH

"Man Who Opposes Me Will Have to Spend Fortune to Be Elected," Seaside Executive's Ultimatum.

(Special to The Journal.) Seaside, Or., March 21.—The specific charges against Mayor Alexander Gilbert, whose removal from office is being attempted by means of the recall measure, are that he has usurped the powers of the council, that he has misstated the council proceedings on various occasions, that he has entered into lengthy discussions and arguments during the council meetings with a view of influencing legislation, and that he lacks the proper education and the ability to conduct the affairs of the office.

Mr. Gilbert is practically the wealthiest man in Seaside, but his early education was received in France. Before coming to Seaside, where he entered the real estate business, he conducted a saloon and boarding house in Astoria. His early environment is considered responsible for his lack of fitness in parliamentary conduct, and this was in a large measure responsible for petitions being circulated asking for his recall. In several instances his arguments from the chair have been declared extremely unstatesmanlike.

At the present time the petitions are still in circulation, although more than enough names have been secured to bring recognition to the demands set forth. The recall law requires 25 per cent of the registered voters at the last judicial election to sign the petitions, and as there were about 300 voters at the last judicial election held in Seaside, only 75 names are required. About 65 signatures now appear on the document.

The mayor stoutly affirms that he will fight the recall, and is credited with the statement that "the man who opposes me will have to spend a fortune to be elected." At the present time, it appears that E. N. Hurd, part owner in the Seaside Publishing company, will be the opposing candidate.

The petition was drawn by former city attorney A. W. Norblad, and was first circulated by J. E. Oates. The petition and names will probably be filed with Auditor and Police Judge J. L. Berry about the first of the week. From that time, the election must be held within 30 days.

JOSEPH M. GALE DIES AT SOLDIERS' HOME

(United Press Leased Wire.) Quilicura, Wash., March 21.—Joseph M. Gale, veteran of the Civil war, Indian wars in Oregon, and newspaper man, is dead at the Soldiers' Home. Gale came to Oregon in the 40's and fought the Indians and later joined the first organization regiment during the Civil war. He worked on two Oregon newspapers and at one time was principal of the Roseburg academy.

GIRL BREAKS HER LEG IN SKATING RINK FALL

(Special to The Journal.) Cottage Grove, Or., March 21.—Both bones of one leg were fractured when Miss May Witcher fell on the floor of the Baginaw skating rink.

Foods That Bind Little Children

Start Them Off Right With a Good Laxative and Then Watch Their Diet. Mothers are often unconsciously very careless about the diet of their children, forcing all to eat the same foods. The fact is that all foods do not agree alike with different persons. Hence, avoid what seems to constipate the child or to give it indigestion, and urge it to take more of what is quickly digested.

If the child shows a tendency to constipation it should immediately be given a mild laxative to help the bowels. By this is not meant a physic or purgative, for these should never be given to children, nor anything like salts, pills, etc. What the child requires is simply a small dose of the gentlest of medicines, such as Dr. Caldwell's Syrup Pepsin, which in the opinion of thousands of watchful mothers is the ideal remedy for any child showing a tendency to constipation. So many things can happen to a constipated child that care is necessary. Colds, piles, headaches, sleeplessness, and many other annoyances that children should not have can usually be traced to constipation.

Many of America's foremost families are never without Syrup Pepsin, because one can never tell when some member of the family may need it, and all can use it. Thousands endorse it, among them Mrs. M. E. Darling, R. F. D. No. 4, Bellevue, Pa., who writes: "I certainly think Dr. Caldwell's Syrup Pepsin saved my baby's life. Marjorie is a bottle baby and could not get her food to digest, but I found by giving her

MARJORIE DARLING

a small dose of Syrup Pepsin when she had colic it always cured her." Dr. Caldwell's Syrup Pepsin is sold by druggists at fifty cents and one dollar a bottle, the latter size being bought by those who already know its value, and it contains proportionately more. Results are always guaranteed or money will be refunded.

Everyone likes Syrup Pepsin as it is very pleasant to the taste. It is also mild, and non-gripping and free from injurious ingredients.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

SINNOTT ASKS FAVOR FOR WALLOWA MEN

(Washington Bureau of The Journal.) Washington, March 21.—Representative Sinnott made an appeal today to Commissioner Bennett of the General Land office, in behalf of a score or more applicants for isolated tracts in Wallowa county, whose applications have been rejected on account of technical insufficiency. On account of their great distance away, Sinnott asked that an exception be made and that they be allowed to file new applications. "The matter is being considered," said Sinnott. "I am sanguine the request will be granted."

Captain Grant Loses Sinecure.

(United Press Leased Wire.) Washington, March 21.—Orders relieving him from duty as superintendent of the state, war and navy buildings here, were issued today to Captain Ulysses S. Grant, U. S. A., son of the late Major General Fred D. Grant. The order becomes effective April 2. Captain Grant will be stationed at Fort Leavenworth, Kan.

A Wonderful Tonic That Aids Digestion

Thousands are unable to digest certain kinds of food. In most cases it is not the fault of the food, nor the stomach. It is probable that the stomach has been abused. Many resort to pre-digested foods and various kinds of medicines to get relief from dyspepsia, indigestion and heartburn, but without permanent benefit.

If your stomach was in perfect condition, you would not need medicine to digest the foods you eat. Jayne's Tonic Vermifuge is a stomach regulator. It gets the stomach in such a condition that it will digest food without other assistance. It overcomes the acidity and stimulates the coating of the stomach and intestines so that they will properly absorb and assimilate the nutriment from the food eaten. Sufferers from dyspepsia and indigestion will find permanent relief in a short time after beginning the use of the tonic. For children, the addition of a little sugar will make it most palatable.

Many forms of supposed indigestion are the result of intestinal parasites, for which Jayne's Tonic Vermifuge is unsurpassed. Insist upon Jayne's; accept no other. Millions have praised it for more than eighty years. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

"Fifty Years Ago, When Golden Wedding Rye Was Young"

When you're choosing a whiskey, elect this old brand for its mellow, mild flavor—for the qualifications that make it the leader—dependability—its known past reputation—and its present-day honest worth!

Finch's Golden Wedding Bottled in Bond

These qualities are due to its unequalled purity. It is distilled by its own special and different formula and process. These are worked out with one object—to preserve its wholesome purity from grain to consumer.

Keep it on your sideboard, or in your medicine chest for family use. See that it has the Government stamp over the cork.
