

### PENDLETON WATER FUSS NEARING END

#### Possibility of Getting \$200,000 Gravity System, Voted by People, Seems Closer.

(Special to The Journal.) Pendleton, Or., March 21.—A gravity water supply for Pendleton seems to be getting closer. Though it has been two years since the people voted \$200,000 bonds for that purpose, the bonds have never been sold.

### SOCIETY NIGHT AT THE AUTO SHOW

This is society night at the Automobile show. With four big stoves set up on the floor of the Eckenger building, East First and Morrison streets, where the show is held, everything will be warm and comfortable tonight. One of the features of the evening will be the singing of Miss Diana Bonnar, dramatic soprano, who is filling an engagement at the Multnomah hotel. With her will be other members of her company, including A. P. Stark, baritone; A. Librett, cornetist, and Herbert Johnson, accompanist.

With a dance for the auto dealers and their friends, the present show, one of the most successful ever held in Portland, will formally come to an end at midnight to-morrow. The occasion will be made a gay one.

Eighty students of the automobile class of the Y. M. C. A. will have an opportunity to inspect the cars from their shiny enameled outside to the inside of their gasoline engines this afternoon. The class has been invited to inspect the various makes of cars at the show, and witness a demonstration of them by managers of the show.

One result of the show will probably be the installation of a number of new agencies among country dealers, who have been interested visitors at the show rooms.

Ex-Governor Black Dying. Troy, N. Y., March 21.—Hope has been abandoned for the recovery of former Governor Frank S. Black of New York, who has been ill for some time at his home here.

### ROMAN MEAL

Made of Wheat, Rye and Flaxose coarsely ground for a purpose.

### For Better Health

Try a large 3-pound package. At all Grocers 25c. Cures constipation.

### GLEE CLUB SINGERS AT COMMERCIAL CLUB

College songs delighted the diners at the Commercial club this noon and brought to memory the dear old college days, when the Glee club of the Oregon Agricultural college sang several numbers to show its appreciation of the club's activity in promoting the work

of the college. After giving several numbers in the main dining room the singers appeared at the Realty Board's luncheon at the club and won an ovation and then enjoyed luncheon as guests of the club.

President Edgar B. Piper of the club acted as toastmaster and extended the hearty welcome of the club to the students of the college, of whom there are 44 in the party. 23 of them members of the Glee club and 21 students of the college's school of commerce. Members of the faculty heading the party are Professor William Frederick Gaskin, dean of the department of music and director of the Glee club; Professor J. A. Rexell, dean of the school of commerce, and E. A. Lemon, instructor in the school of commerce. The students of the school of commerce are here to visit a few of the larger business houses to become acquainted with their methods of conducting business. Tomorrow they will inspect the Journal building to get first hand information about how a modern newspaper is issued.

### IT MAKES DIFFERENCE NOW WITH WOMEN

"Some time ago I thought it would be of little use to register, as at the time I thought we women would receive but slight recognition, but since Mayor Ruslight came out advocating that a woman be put up for an office under the commission form of government, and Governor West now has as his private secretary a woman, I have changed my mind and want to register."

This was the statement, yesterday of a woman upon asking for a registration blank at the registration office at the courthouse. A large number of people, according to the clerks, are changing their politics, many changing from Republican to Progressive.

### Stuck Party Proceeds Slowly.

(Continued from page 18.)

Fairbanks, Alaska, March 21.—Prospectors mulling in from Kaulashine over the winter trail report meeting the Archdeacon Stuck Mount McKinley party at Thirty Mile cabin, showing the party is making splendid progress. Stuck reiterated his statement that barring unfavorable weather, he will make the ascent.

In recent French army maneuvers an aeroplane attached to one force sent reports of the other's movements to its headquarters by wireless telegraph every few minutes for hours.
