MY CURES
Have Built My Success

In all my work I am thorough, painstaking and careful to give just the right treatment required in each individual case. For 16 years I have been proving my ability, and my business methods have always been strictly reliable. My unqualified success is due to a thorough medical education, supplemented by years of experience in men's special disorders only. My treatment is as correct as modern science can make it.
Maybe you have been treated and only helped temporarily or not at all. Has your trouble still the upper hand of you? Do not despair. Consult me free and let me tell you whether you can ever be cured. If I take your case I CURE you. I will give my time, my attention to your case so that you will go away cured and grateful. You need not pay a nickel until you are satisfied that you are cured. I have treated thousands. I have cured thousands. Let me cure you.
THE NEW GERMAN REMEDY FOR BLOOD POISON.
It is now two years since the introduction of the NEW GERMAN REMEDY for BLOOD POISON, and during that time I have administered this preparation in several thousand cases. I have given this remedy a severe test and can say without fear of contradiction that it is the greatest discovery of the age and the best remedy on earth for Blood Poison regardless of the stage of the disease. Don't believe doctors who tell you otherwise.
I introduce it directly into the blood by the INTRAVENOUS method, giving you the genuine German Remedy. You come to my office, receive the treatment, go about your work as usual and in ten days' time the symptoms disappear. Why should you continue taking poisonous and injurious drugs into your stomach for years when you can come to me and be cured?
WEAK, NERVOUS MEN,
Don't despair. Science has at last found a sure cure. ANIMAL SERUM properly administered is the remedy that never disappoints my patients. Don't persist in old-fashioned treatments that always fail, when I can offer you a lasting one.
My practice is limited to the disorders of the male, and is further confined to these special and chronic affections of the pelvic tract.
