Boat Will Be Used in Lighthouse Service of Government; Craft Will Be of Shallow Draft

Bids for the construction of a new ender for the lighthouse service on this coast, of special construction, will be opened in the office of Henry L. Beck, ighthouse inspector for the Seventeenth district, at 2 o'clock this afternoon. The need has been felt for a long ime of a tender suitable for entering the small harbors on the Oregon coast and for doing other business necessitat-ing a light draft vessel, and through an appropriation made by the last congress

this was made possible.

Plans drawn for the Rose, as she will be christened, indicate an unusually shallow draft for her size and speed. The specifications call for a speed under formal conditions of 9 knots an hour with a fuel storage for fourteen days continuous steaming at full power. The hull and upperworks will be built of

Dimensions of the tender, as given in the specifications, will be 123 feet 9 inches over all; 116 feet 6 inches between perpendiculars; beam, molded, 25 feet 6 inches, and depth, molded, 9 feet. FIREPROOF STORAGE

PORTLAND VAN & STORAGE CO.'s new fireproof warehouse just completed. Rurnishes
every facility known to modern warehousing.
An inspection will convince you, Household
goods shipped at reduced freight rates. Fireproof warehouse 15th and Kearney. Commercial
warehouse 13th and Everett streets. Main 5640,
A-1520. Actual requirements are: draft, maximum, 7 feet; fuel oil capacity, 20,000 gallons; fresh water capacity 5000 galions, Her cargo capacity at the maximum draft is to be 100 tons.

Tenders now in use in this district are of too deep draft to be available at all times when necessary and it was for this reason that Inspector Beck recommended the construction of a smaller tender that could make the smaller harbors when occasion arose. At certain seasons of the year it is necessary to replace aids at points along the southern coast where it is impossible for the larger craft to enter. The Rose, named for a shrub in accordance with the custom in regard to tenders, will also be used in buoy work on the Willamette and Columbia rivers.

TO ATTEND LAUNCHING

Steamer Merced Will Be Launched at St. Helens Today. TYPEWRITERS, elightly used, L. C. Smiths and all other makes at reduced prices and easy terms. L. C. Smith & Bros. Typewriter Co., 250 Oak st. In order to keep track of the small

oats likely to be in attendance on the aunching of the new McCormick steamer, Merced, at St. Helens this afternoon, the customs patrol launch, H. W. Scott, down from Portland for the shipyard at 11:30 this morning. The launch is in charge of Inspector Church. All arrangements have been made for the launching and Miss Bernice Masten will break the bottle of champagne on the bow of the steamer as she glides down the ways to the waters of the Columbia river almost a hundred feet away. It is understood that there will be a large number of launches go from here and it is expected also that there will be an attendance from Astoria. The Merced will be the second steamer to be launched at the St. Helens ship-

towed to San Francisco next week by the steamer Klamath to have her machinery installed. BAYOCEAN SOLD

Gasoline Boat Is Bought for Use in San Francisco Bay.

Announcement has been made by C. P. Doe of the North Pacific Steamship company that some of the principal stockholders of his company have purchased the gasoline yacht Bayocean for use on San Francisco bay. A company has been organized under the name of the Bayocean Excursion company, and ama fair comes off in 1815 there will be several more craft added to handle excursion traffic to different points of interest. The Bayocean was pur-chased from the Potter Realty company of this city. She was built here at the yards of Joseph Supple in 1911 at a cost of about \$40,000.

NORWEGIAN LINE

that supplemental evidence may be sub-Steamers to Run to Coast If the mitted to claimants to land under the Business Warrants It.

(United Press Leased Wire.) le, Wash., March 22. — Norway Seattle, Wash., March 22. - Norway will be directly connected with the Pacific coast ports of the United States by a steamship line via Panama, if enough business can be secured between the two countries to warrant the line, is the statement made here today by Hel-mer H. Bryn, minister from Norway to the United States, who is making a tour of investigation on the coast. He also states that a line of Norwegian steamers operated under the American flag would be put into operation between New York and the Pacific coast, via Panama,

SCHOONER ALBION IS LOST Captain Jacobson and Men Escape;

Craft High on Rocks. San Francisco, March 22.—After being blown high up on the rocks of Stewart's Point, near here, and the lives of her crew of 12 endangered by a heavy gale, the steam schooner Albion is breaking up. Captain Jacobson and the crew escaped in the ship's boats. The Albion had gone from here to Stewart's Point to load railroad ties. While she was being loaded, strong headwinds arose and the vessel was forced to leave her CAPSIZES; SUTRO LIVES | insecure berth nearby crags. insecure berth, only to be dashed on San Francisco, March 22.—Aviator Adolph Sutro Jr., narrowly escaped death yesterday afternoon when his
