

SEASIDE'S RECALL

Stand That He Will Fight to Finish; Hurd Only Possibility as Successor.

(Special to The Journal.) Seaside, Or., March 28.-The petition for the recall of Mayor Alexander Gilbert will be filed with Auditor and Police Judge J. L. Berry today. Afri-davits have been made by J. E. Oates, H. M. Wheatley, B. W. Otto and F. H. Moore, who circulated the petition, that the signatures were made in their pres-ence and that the signers are known to them to be legal voters of the precinct. These affidavits will be filed with the petition

The petition states that the mayor has attempted to and has usurped the powers of the council; that upon occasions too numerous to mention he has misstated proceedings of the council; that he has entered into discussions and arguments during the meetings without ermission of the members, and that he has attempted to influence legislation against the wishes of its members, and that his education, or rather lack of education, and ability, totally unfit him to fill the position of mayor.

The petition has 119 names, of which 84 are men. Fifty-seven of this number are registered voters. The recall law states that at least 25 per cent of the registered voters, who voted at the last previous judicial election, must sign the recall petition. This leaves seven names in the clear, as there were ex-actly 200 votes cast at the last judicial election held here.

The election was held at the time the mill was running, three years ago, and most of the voters have moved away STOCKHOLDERS WILL since. It was undoubtedly on this score that Mayor Gilbert figured when he stated, early in the recall campaign, that enough registered voters could not be secured to have the petition against him placed on file.

A special meeting of the council will news only. The organizers are Ralph be held within five days to call a spe-cial election, which must be held within 20 days. Mayor Gilbert will have five placed at \$100,000. Other articles of days in which to resign. In the event incorporation filed with County Clerk of his resignation the recall law pro- Coffey were: Coast Advertising comvides that the city charter governs the pany, theatre programs; Stanhope S. choice of the next executive, and in this case the charter provides that the presi-dent of the council will succeed to the stock · \$1000; Oregon Underwriting was received yesterday for the fixing mayor's chair. W. E. Lewis is president agency, insurance, \$2000 capital; D. T. at this time. In case the mayor refuses to resign, his name is entered as a candidate against whoever is nominated as the petitioners' choice

No nominations have been made thus far, and it is probable that none will be made until the final attitude of the mayor is known. The executive still maintains that he will fight to the finish, and no one doubts that he will. However, no names other than E. N. Hurd of the Beaslde Publishing company have been seriously mentioned in connection with the mayoralty fight.

How the government of British Columbia is gradually doing away with all taxes, except the income tax and that on land, is shown by a letter sent to to County Assessor Reed by John B.

IMPROVEMENT TAX

#### The letter in part follows:

spector of revenue.

PLAN TO ABOLISH

Salem, Or., March 28.-The new su-preme court building will be ready for advisable, at the last session, to carry out all of the recommendations of the tax commission. They did abolish the revenue or poll tax, and made some amendments to the taxation act. "Two years from now, it is the in-tention to abolish personal property tax

and readjust the income tax, and four years from now, abolish the tax on improvements. To have carried out all of the recommendations would have been too much revenue to lose in one year and I recommended the gradual process rather than lose about \$900,000 of revenue in one year. "Of course, something may occur to

prevent their policy being carried out, but the minister who introduced the amendments indicated in the legislature the above intention."
