POULTRY MARKET IS IN GOOD SHAPE WITH HIGH PRICES RULING

Hens Are Now Selling Up to 17½ Cents for Live Birds and Demand Is Again Better Than Offerings; Other Lines Strong.

PORTLAND PRODUCE TRADE.
Eggs steady.
Chickens higher.
Cheese firmer.
Butter continues scarce.
Apples sell well.
Hop contracts firm.
Country meats steady.
California new potatoes.
Asparagus higher.

The poultry market is in very good shape along Front street and prices are in some instances fractionally higher. Sales of hens were made during the last 24 hours as high as 17½c a pound, or the highest figure that has ruled for several weeks.

Receipts of chickens during the week were somewhat smaller than expected. It was believed that the higher prices would start a bigger movement in this direction, but it failed to materialize. Demand was the best of recent weeks, therefore the higher prices were forced rather easily.

All sorts of poultry is now finding a good demand at liberal prices along the street. While there has been little marketing of geese and ducks recently, the trend of the trade has been unusually favorable for shipments and as a rule supplies have been cleaned up quickly.

There have been fair offerings of turkeys and demand for these has been fair, although not as good as in other lines of the poultry trade.

EGG TRADE HOLDS STEADY

The market for eggs is holding steady along Front street with former prices in effect. Receipts show no change, demand being equal to supplies.

CHEESE TRADE IS FIRMER

There is a slightly firmer feeling in the cheese trade and prices are being held uniform at the recent high mark. But limited offerings of Young Americas are shown and these are bringing more money.

FIRST CALIFORNIA POTATOES

Levy & Spiegl report in the first arrivals of California new potatoes for the season. Two sacks came forward and sold at 10c a pound. Florida stock remains in quite fair demand at the same figure.

VEAL MARKET IS WEAKER

Slightly easier tone is showing in the dressed veal trade along Front street and some shading of quotations from the top is reported. Country killed hogs steady.

ASPARAGUS IS FIRMER

Firmer prices are being asked for asparagus in the local market owing to a steadier and firmer market in the south. Supplies are generally quoted at 10c a pound along the street today.

APPLE TRADE HOLDS STEADY

Steadiness was shown in the trade in apples for the day. Receipts are smaller and good stock is finding a somewhat better call at former range of prices.

FORECAST FOR SHIPPERS

Weather bureau sends the following notice to shippers:

Protect shipments as far north as Seattle against minimum temperatures of about 40 degrees; northeast to Spokane, 40 degrees; southeast to Boise 36 degrees, south to Siskiyou, 36 degrees. Minimum temperature at Portland tonight, about 44 degrees.

MOHAIR MEN REFUSE TO BE GOAT; DEMAND FULL MARKET PRICE

Northwest Angora Association Ties Up Many Fleeces and Will Be Big Factor in Market This Season; No Present Trading.

Efforts of buyers to depress the price of mohair this season are likely to be met by strong resistance from producers. The latter are now getting well organized, and at the present time are in a position to see that no manipulating methods are carried through by eastern buyers.

The Northwest Angora Goat association will be a very big and important factor in the mohair trade of the Pacific states this season. The organization has over 200 members and better than 150,000 pounds of hair is already tied up by contract to the association.

According to the organization this hair will bring at least 30c a pound this season, perhaps more. The association has a contract with this as a minimum price, while if the market advances the better price will be received.

It is stated that the association has dug heavily into some of the former large pools. No effort is made to secure unreasonable prices, but the organization is standing for adequate returns, and according to officials, is in a position to force recognition.

There has been practically no offering in the mohair trade of this section recently, owing to the cool weather, which has stopped shearing.

The northwest association is advancing 15c a pound for mohair to its members.

WHEAT SPREAD NARROW

Chicago Market Closes With a Fractional Change From Yesterday's Last Price.

Chicago, March 29.—The spread in the wheat market today was extremely narrow. At the closing the market was ⅛c off for May and July while September was a similar amount higher than on Friday.

The market opened strong and there was a fair advance at the start with an improved situation at Liverpool. The market there closed ⅛ to ⅜d better than yesterday.

INDEPENDENCE FLOUR GOES TO THE ORIENT

(Special to The Journal.)

Independence, Or., March 29.—Independence has been busy this week shipping its products to foreign countries. Two carloads of flour was shipped this week by the Independence Flouring Mills for the Albino docks. The flour is to be loaded onto ocean vessels and sent to foreign markets. The surplus flour of this mill finds a ready market through the Pacific coast merchant vessels to the markets of the orient.

C. L. Fitchard shipped one carload of hops from the Independence warehouse for Ohio. The warehouse is nearly empty, as only a small lot aggregating about 30 bales remain. At the opening of the season the warehouse was loaded to its fullest capacity. Incoming wagons loaded with the hops filled up all the available space until shipments were commenced. Many cars have been consigned for delivery to European and eastern dealers. All hops in Polk county have been sold and the growers will start in next year's season with no unsold hops on hand.

J. Merwin has just shipped 34,000 hop roots to O. H. South, of Tehama, California. He has been shipping out several thousand hop roots each week, as the California hop growers are depending upon the growers in this section for their supply of roots.

A very small volume of business is passing in the wheat trade. Club bids are ranging from 85 to 86c with most tidewater interests willing to take on supplies at the higher figure.

There is much difference of opinion as to the worth of bluestem at this time. Some of the millers are not offering above 97c a bushel for tidewater delivery but recent sales of small lots at $1 show that the higher price must be offered if any wheat is to be secured.

There continues a fair amount of business in the oats market. Bids for No. 1 feed are ranging from $27.50 to 28 a ton for Portland delivery with milling oats bringing above a half dollar above these figures.

While the barley market is quiet, some business is passing at $23 a ton.

Flour market is quiet at the closing of the week with little export business in sight.

ASSISTANT FIRE CHIEF IS STRUCK BY STREAM

While directing the fight on a fire at 13½ East Twenty-eighth street North at 6 o'clock this morning, Assistant Chief Laudenklos of the fire department was knocked to the floor of the building when a stream of water hit the stove, which in some manner had been charged with electricity. He had hold of the nozzle when he received the shock. He revived shortly after being taken out of the building.

The damage amounted to about $1000. Dr. C. Stuart Menzies, who had offices and living rooms in the building, was perhaps the heaviest loser.

HOP CONTRACTS ARE VERY FIRM AT PRICE; ONLY LIMITED TRADE

Little Business Is Passing Owing to Lack of Desire Among Producers to Let Go at Current Figures; Spots Quiet.

The market for hop contracts is very firm, although little business is passing. Fifteen cents continues to be freely offered for supplies, but this is not bringing out many contracts. The situation in the contract market is the strongest in years, although some of the larger interests are making a strong effort to keep the price from rising.

By keeping the spot market price to the present point, it is hoped by some of the big buyers to hold any advancing tendency for contracts in check. Various efforts have been made to bring the contract market below 15c, but all of them have resulted in failure, because none can be induced to let go.

The absence of more than a handful of spot hops in any of the leading markets of the world is having a good effect upon contracts.

F. V. Flint & Co. of San Francisco have just prepared the following statistics of the California crop:

"Hops for 1912 averaged about 18c per pound. Because of the promised good prices, the acreage increased.

"For the state, the 1912 acreage was 12,667, as against 11,158 for the year previous. The production increased 25,789 bales, from 93,981 bales in 1911, to 117,770 bales for 1912.

"The Sacramento valley output increased 11,765 bales. Sacramento valley is one of the largest hop producing sections in the world, and Sacramento county, admittedly, gets the largest production per acre, showing that the climate and soil here is most favorable. The 1912 valley output was $65,646.

Flint says the prospects are that the 1913 acreage will be about the same as that of 1912. Alameda county, with 160 acres, is to retire from the hop business, and Tehama will have an increase that will about offset the reduction in Alameda.

"The hop market is reported as in good condition. In the warehouses at present in California are about 5000 bales of hops, and a like amount in Oregon. The total number of bales on the coast is reported as less than 15,000 bales, or less than a month's supply for the brewers. Contracts for 1913 crops are being made at about 13 cents. The 1912 stock is selling at from 15c to 17½c.

"Production of Sacramento valley counties last year was as follows: Sacramento, 35,921 bales; Yuba, 12,321; Yolo, 11,707; Butte, 2384; Tehama, 1862; Sutter, 1101; Shasta, 150. Production of coast counties was as follows: Sonoma, 35,713; Mendocino and Lake, 15,115; Alameda, 896; Santa Cruz, 400."

SMALL GAINS IN STOCKS

With Exception of the Union Pacific, Which Moves Fast; General List Is Up Fraction.

New York, March 29.—The stock market was rather active for the week end short session, with substantial advances in prices in most shares. Union Pacific was a bull factor with a closing at 152¾ compared with 150⅞ at the end of yesterday's market. Practically the entire list closed in a bullish position.

Firemen Want More Equipment.

(Special to The Journal.)

Oregon City, Or., March 29.—The fire department will call a meeting of the executive committee for Monday night, March 31, to consider the question of increased equipment and the installation of more fire box alarms in various sections of the city. The system recently installed is giving satisfaction and it is the expectation of the department to extend its usefulness to every part of the city as rapidly as the need requires and finances will permit.

Of special interest to the livestock trade today was the sale of two steers. One of them weighing 1300 pounds went at $10 and another of 1180 pounds was disposed of at $9.50. Both of the animals were sold to Dickson & Warren, who will ship them to Prineville. They will be fed there for show purposes The animals came from Idaho, being shipped in by J. L. Baker from Caldwell.

The cattle market was very favorable to the trade, and the former high prices are safely continued for butcher stuff.

At Chicago there was a steady tone in the cattle trade, with no change in prices.

Kansas City cattle market was steady at former values.

Cattle shippers today: Frank Rothrisberger, Prescott, Wash 1 load; J. L. Baker, Caldwell, Idaho, 1 load cattle and hogs.

North Portland cattle range:

Heavy feed steers	$8.00@8.25
Choice steers	7.65@7.85
Common steers	7.50
Fancy heifers	7.75
Fancy cows	7.25@7.35
Ordinary light cows	7.00
Fancy light calves	9.00
Heavy calves	5.00@6.50
Best bulls	5.50
Ordinary bulls	4.50@5.90

Mutton Scarcity Pronounced.

There continues a pronounced scarcity of mutton offerings in the North Portland market. Nothing came forward for the trade over night, the few arrivals being the direct purchase of a local meat company in the country.

Yearling lambs are quoted strong at $8 for wool offerings, and there seems to be no doubt that this price will be continued, or even lifted within the immediate future, so great is the demand and shortage.

At Chicago there was a steady tone in the sheep trade, with prices unchanged.

Kansas City had no sheep arrivals for the day, but the trend of the trade was firm.

North Portland sheep prices:

Spring lambs	$ 12.00
Yearling lambs	7.50@8.00
Ordinary wethers	7.25
Old wethers	6.50
Fancy ewes	5.75
Ordinary ewes	5.00@5.50

Sheared stock quoted 75c to $1 less than wool sheep.

Hogs Quoted Up a Nickel.

There was a further advance of a nickel in the price of hogs at North Portland, a local meat company being the purchaser at $9.65. Two lots went at this price to the same interests.

Only a small run of hogs was shown in the yards for the day and these were quickly picked up at the extreme price for best.

At Chicago there was a loss of a nickel in the price of hogs with tops at $9.35.

Kansas City hog market was 5 to 10c lower today with tops at $9.20.

Hog shippers today: Fred B. Decker, Gervais, 1 load hogs direct to Union Meat company; C. E. Luckey, Canby, 2 loads hogs, cattle and sheep, direct to Union Meat company; Huntley Mercantile company, St. Johns, Wash., 1 load.

North Portland hog market range:

Best light	$ 9.65

ASKS COUNTY TO BUY POTATOES FOR OHIO

Commercial Club Has Practical Plan for Relief for Flood Victims.

(Special to The Journal.)

Oregon City, Or., March 29.—The business men of Oregon City held a mass meeting in the publicity building of the Commercial club yesterday and passed a resolution requesting the county court to set aside enough money to buy 20 carloads of potatoes to be sent to the flood sufferers in the Ohio and Indiana districts. The Pennsylvania Railroad company telegraphed to Mayor Jones stating that it would haul free of charge any produce properly addressed to the relief committee in the stricken districts. Farmers have been asked to notify the publicity department of the Oregon City Commercial club just what they are willing and ready to supply, giving the number of sacks of potatoes available and ready for shipment upon demand of the club, when it is learned how many will be needed and just where they must be shipped.

A committee organized to solicit cash subscriptions reported it had made some progress but has not yet received sufficient money to accomplish much, so it was decided to send the potatoes instead of cash, as evidently food is the greatest need at present among the flood victims. Onions will also be sent with the potatoes. It is probable more money will be forthcoming as the committee continues its solicitation for subscriptions, and if it is found ready cash is needed more than supplies, the potatoes and onions may be sold at public auction and the money thus raised be forwarded at once to the district most in need of it.

Telegrams of sympathy and offers of assistance have been sent to the authorities in Ohio and Indiana and Oregon City is anxious and willing to do her full share.

TRACTION COMPANY CLAIMS VICTORY

(United Press Leased Wire.)

Chicago, March 29.—Two cents an hour increase in wages was granted 10,000 employes of Chicago surface railways by a special arbitration board today.

The increase is regarded as a victory for the traction company, which offered the men more than that amount to return to work during their strike. Judge Scanlan, who represented the employes on the board, dissented from its findings.

TEN THOUSAND BOOKLETS TO ADVERTISE ASHLAND

Ashland, Or., March 29.—Ten thousand 32-page booklets, issued in the name of the Ashland Commercial club and Southern Pacific lines in Oregon, have been received here. The booklet is a beautiful piece of work with cover lithographed in colors, and an artistically arranged title page with a reproduction of the Carter fountain,
