Loss of Trusted Engineer From Dalles-Celilo Work Keenly Felt by Major J. J. Morrow of This District.

Great regret was expressed this morning by Major Jay J. Morrow, corps of engineers, United States army, at the prospect of losing Captain Henry H. Robert, who is to be transferred from this district, probably to San Antonio, where he will act as an engineer officer on the staff of the commanding officer of the southern department.

Captain Robert has been in local charge of The Dalles-Celilo canal work for the past three years. He will be relieved by Captain Theodore H. Dillon, now stationed at Fort Leavenworth, Kan., in command of an engineer com-

"This office," said Major Morrow this morning, "will part with Captain Robert with extreme regret, as he has done magnificent work at Celilo during the three years that he has been there. I am very sorry that the department could not see fit to leave him there until the canal is finished, but as he has to be transferred, I am glad that we are to get Captain Dillon, as I realize that we are getting in him the man whom I should have chosen had I been given the choice."

Captain Robert and Captain Dillon were classmates at West Point, and the former will probably remain on the work at Big Eddy for 10 days or two weeks after the arrival of Captain Dillon in order to assist the latter in fa-miliarizing himself with the canal work there, Captain Robert may take a furlough before assuming his new post-

Captain Robert and his wife made many friends in Portland during the time that Major Morrow was absent on Alaska railway commission, and the captain was temporarily in command of the district with headquarters

### TO DREDGE BAR

### Report Is That Chinook Will Start Work June 1.

(Special to The Journal.)
Astoria, Or., April 23.—Reports received here from Portland are to the effective from the state of the state fect that Major McIndoe will order the dredge Chinook to work on the Columbia river bar by June 1, Major McIndoe is said to have given out this information yesterday to G. B. McLeod, chairman of e Port of Astoria. It is reported that Major McIndoe has taken a new view of the situation at the mouth of the river. While he feels that the construction of the north jetty will in time be the means of solving the problem, it is necessary that some immediate action be taken in order to provide deep water for the large vessels that will visit the river upon the opening of the Panama canal.

### Conditions in the British Columbia Watershed Shown.

As a supplement to the snowfall bul letin issued by the weather bureau. Dis trict Forecaster E. A. seals Las received a summary of the spowfall condition over the Columbia river watershed, it British Columbia, from Professor E Baynes Reed, superintendent Pacific coast division of the Dominion meteorological service, Victoria, B. C. Professor Reed says: The snowfall in some districts has

been unusually heavy, while in many places the amount has been only normal. Present cool weather conditions are fa vorable for the quiet passing away of the snow; but, of course, any sudden extreme rise in temperature might lead to danger from flood."

Fleishhacker said today that the lessening of activity on the new Northwestern Electric company on the Pittock block in Portland really did not mean anything, that is to cause any apprehension that the propect would not be carried out. The building will be made better than was originally contemplated and it is now planned to add a theatre to the structure. The incorporation of a playhouse made it necessary, of in a very short time, work will be renewed and prosecuted vigorously.

Mr. Fleischhacker said it was not contemplated to have the building ready

Apparatly the executive officers are doubtful as to how the Californians would receive Secretary Bryan. Gover-nor Johnson and the leaders of the Cali-fornia legislature have been insisting that the federal government keep its hands off, but the, president has decided that the issues are too grave to permit him to view the situation longer from such a distance.

## Senate to Act at Once.

(United Press Leased Wire.) State Capitol, Sacramento, Cal., April 23.—As a result of a conference of Governor Johnson with members of the senate and the assembly, the senate will act today on a resolution inviting Secretary of State Bryan to come to Sacramento for the purpose of conferring with the legislature on anti-allen laws. A tele-gram inviting Bryan to come to the capital will be sent at once.

The resolution read to the senate by Senator Boynton follows in part: of California to legislate on the subject tratrix. "Be it further resolved that in view of the probable early adjournment of the legislature, the secretary of the senate be and he is hereby instructed to transmit forthwith these resolutions by telegraph to the president,"

At 12:40 p. m. today the California assembly ordered the chief clerk to transmit to President Wilson by telegraph the resolution adopted by that body by makers on the form in which the proposed anti-alien land law should be couched.

# Japan Will Not Fight.

(United Press Leased Wire.) Washington, April 23.—Even though passes an anti-alien land law aimed directly at the Japanese, Japan will not attempt any warlike retaliation. This declaration was voiced today by Baron Chinda, the Japanese ambassador to the United States. Baron Chinda declared the better classes in Japan were trying to quiet jingo talk by the lower classes, and that war between the two nations was out of the question. The ambassador asserted he had not seen President Wilson for a week, but expected to pay tomorrow his customary call on Secretary of State Bryan.

It also was emphatically denied at the White House today that Japan had voiced any war threat. Secretary Tumulty characterized as "baseless" re-ports that Baron Chinda had informed the president that Japan was unable to control the people, who would force the nation into war if the California land bill were passed. It was denied that the Japanese ambassador had seen the president yesterday.

M. Okobe, the second secretary of the Japanese embassy, said today:
"We shall wait and see what the California legislature does, but I feel certain that war will not result, even should California enact a measure specifically directed against the Japanese. he resigned to accept the presidency of talk in Japan comes only from the low-
