

# BERMUDA IS POSSIBLE MECCA FOR BIG SHOW

## BASEBALL COSSERS

### Frank Chance and His New York Americans Indorse the Island as Ideal Place.

New York, April 26.—Bermuda is likely to become as much of a contested question as the pennants of the major leagues. Frank Chance proved conclusively the benefits to be derived from the beautiful climate of this little island dependency of Great Britain.

When Chance left New York for Bermuda he weighed 215 pounds in his winter overcoat. When he left Bermuda for New York he scarcely raised the beam at 182 pounds stripped. Chance, therefore, took off more than 25 pounds of excess baggage, but that is not the point.

Chance went to Bermuda a physical question mark. He had been unable to play during two baseball campaigns. The layoff had rolled up many pounds of useless flesh. If he had been a young ballplayer, his task of getting into the physical condition would have been hard indeed. For a veteran of 15 years' service the effort seemed absolutely impossible before Husk proved himself an exception to the laws of "youth will be served."

### Climate Helped Him.

Frank Chance believes that he would not have been able to overcome the handicaps under which he labored but for the rejuvenating climate of Bermuda. He is a living example of what may be accomplished there. He was in Bermuda seven weeks. In less than four weeks he was almost down to playing weight. He started his "come back" on the very first day of his stay, and the possibility of getting his legs into shape. According to Trainer Barrett, Chance was the best pair of legs on the team.

What Chance accomplished simply shows the possibilities of Bermuda. His entire squad left the island as fit as any club which ever represented the American league in this city. The athletes found unusually rough weather on their return to the north, but this did not seem to effect them as it had done previously when the preparatory work had been carried out in Georgia. The Highlanders were so unlucky as to be knocked about and out of commission in their exhibition games around New York. This was the fault of luck, and not of lack of physical fitness.

New York will return to Bermuda next year. One other major league club is likely to go there—Charles H. Ebbets, the Brooklyn magnate, believes a visit would prove not only beneficial, but financially successful as well. He is only one of many who think that a series of practice games between two first-class major league clubs would draw a gate sufficient to pay a great part of the training expenses. Mr. Ebbets is very fond of Chance's Yankees just now. The big bear filled his new park in the first game of the spring in this vicinity. The clubs are booked to battle next year at the new Farrell field. Charles is not averse to grabbing off all the money he can, and he sees a nice little pot of it in Bermuda.

### Could Find Accommodations.

It would be easy enough for two or three big league teams to find accommodations on the coral isle. Business Manager Irwin discovered a real big league field at Somerset. This town is 12 miles across the bay from Hamilton and within easy driving distance. There is another field at the navy yards, where the blue jackets decide their soccer and cricket arguments. Either one of these places would be a most ideal location. As a matter of fact, any one of the three available grounds might accommodate at least two teams. Jersey City worked out with the Yankees at the Hamilton Cricket grounds this year. The was room enough for everybody, and no confusion at any time.

New York will institute a number of improvements if it returns to the island next spring. One will be a drying room, so that the garments of the performers may be properly kept and dried between practices. Dampness of atmosphere was the sole drawback in training this year. It is also proposed to put steam heat in the hotel occupied by the players, so that they will run no risk of taking cold.

## NATIONAL LEAGUE GAMES

### Dodgers Beat Giants.

(United Press Leased Wire.)  
Brooklyn, April 26.—Near riots marked the Giant-Dodgers game here today when 30,000 persons fought their way into Ebbets field. It was the biggest crowd that has turned out for a game in the east this season. Five thousand fans were unable to get in the park to see Brooklyn administer the third defeat of the season to the Giants by a score of 2 to 1. Extra police were stationed outside the park in an effort to handle the crowd, but it was impossible to even buy tickets and the police had their hands full in preventing a rush on the ticket sellers. Score:  
New York..... R. H. E.  
Brooklyn..... 5 0 3  
Batteries—Wiltse, Crandall and Meyers; Wilson; Rucker, and Miller. Umpires—Klem and Orth.

### Seaton Wins Another.

Boston, April 26.—The Philadelphia team regained their batting stride today and felled the Braves pitchers, Purdie and Brown, for 13 innings, coming away with a 10 to 4 score. Seaton pitched in his usual nifty manner. Score:  
R. H. E.  
Philadelphia..... 10 12 1  
Boston..... 4 6 2  
Batteries—Seaton and Killifer; Brown, Purdie and Radford. Umpires—Rigler and Byron.

### Cubs Beat Pirates.

Pittsburg, April 26.—Saler knocked a home run in the second, giving the Cubs a two-run lead. The Pirates tied the score in the sixth and then the Pirate infield blew up in the ninth, giving today's game to the Cubs, 7 to 2. Score:  
R. H. E.  
Chicago..... 7 10 4  
Pittsburg..... 2 7 3  
Batteries—Smith and Bresnahan; Adams, O'Toole, Cooper and Simon. Umpires—Owens and Guthrie.

### Cards Win in Tenth.

St. Louis, April 26.—After Arthur Fromme, who relieved Rube Benton in the first inning, had held the Cardinals safe until the tenth inning, Huggins and Koney started with singles and Indiana Johnson relieved him. The next three up cracked out safeties and the Cardinals won a great ten-inning battle, 6 to 5. Score:  
R. H. E.  
Cincinnati..... 5 9 0  
St. Louis..... 6 12 1  
Batteries—Huggins, Johnson and Clarke; Ferritt, Harmon and McLean. Umpires—Brennan and Mason.

## PORTLAND FISHERMEN MAKE BIG CATCH

James B. Welch, on left, and George Kinneair.

One of the finest salmon catches of the season was made last week by George Kinneair, fleet captain of the Portland Motorboat club, and James B. Welch. The two fishermen caught five big salmon in half a day, Kinneair landing three of the number. The largest salmon caught by Kinneair weighed 24 pounds and the lightest one of the quintet weighed 14 pounds.

## CHESS AND CHECKERS

### Conducted by Harry Gibbs.

The question has often been asked as to what kind of system most a young man adopt to become an expert, writes John H. Finn, checker editor of the Lynn, Mass., Item. So far as we are aware there is only one system that can make a man perfect, or as perfect as it is possible to become, and this is the system of book study.

It seems that one of the young men who is classed as a very strong player and indeed he is, now there are a good many who know much more about the game of checkers, and it is the opinion of some of these that he must change his system before he will be headed straight for one of the front places. It seems that the player does not study the books, as far as we know, although he looks at them, and he will study them, and he will move one of the leaders make a profound study of published play and they are leaders to the extent that they are able to retain each play in their heads or retain it in their minds. They know when they open a game, just how they shall play it, and they should develop, which is practically the same thing. And knowing all that, they are at once in position to not only pick out the best moves themselves, but also to know when and where their opponent goes astray. It is only when they do go out side the main traveled roads, so to speak, that such experts get down to business and begin to study their game. Before this point is reached they do not have to put their mind right down close on the game, as they need to do so to make sure that they are in a line that they have gone over a hundred times before.

### Conducted by A. G. Johnson.

Havana, Cuba, is busy planning a grand-angled chess tournament to be held in November and December, which will eclipse all past gatherings. The favored six, who have been invited to participate, include E. Lasker, the present world's champion; Dr. Tarrasch, the German champion; Carl Schlechter, the Austrian champion, who three years ago played a drawn match for the championship with Lasker; Frank Marshall, the champion of the United States; A. Rubinstein, the Russian champion, whose record is probably the best of the modern contingent; and J. R. Capablanca, the Cuban champion, who is easily the strongest player in the western hemisphere and perhaps in the world.

## KILBANE SHOWS GIRLS HOW HE PUTS 'EM OUT

### Sparring Partners and Managers Wither Under Sleep Producing Punch.

(United Press Leased Wire.)  
Los Angeles, Cal., April 26.—That Johnny Kilbane actually is developing his promised punch is the testimony to-day of his sparring mates, two of whom bear facial traces of the Kilbane fiats.

Performing before the chorus of a musical comedy company, the featherweight champion yesterday flogged four of his buxom girls in quick succession, and topped off the performance by sending Manager Jimmy Dunn to the mat with a well executed right uppercut to the inferior maxillary.

Both Kilbane and Johnny Dundee, with whom he is scheduled to box 20 rounds at Vernon next Tuesday night, rested today, preparatory to a final big day of training tomorrow, Sunday, which will be a gala day at each camp, will mark the close of each boxer's training.

Kilbane has been made a strong 2 to 1 favorite over the challenger. Advance ticket sales are heavy.

## WALTER JOHNSON TO CLAIM BRIDE FROM CLASSIC CAMBRIDGE

(United Press Leased Wire.)  
Cambridge, Mass., April 26.—Walter Johnson, the famous twirler of the Washington American, is about to marry Miss Anna B. Scully, 19 years old, of Cambridge. He has asked for a two weeks' vacation following his team's series with the Boston Red Sox next week. Miss Scully is an ardent baseball fan.

### WASHINGTON WISHES SEPARATE GAME ZONE

Will Inform Agricultural Department of Difference in Climate on Cascades.

(United Press Leased Wire.)  
Tacoma, Wash., April 26.—A movement has been started here by the Washington Game Protective association to secure a separate zone of jurisdiction for the Pacific coast when the bill passed by the last congress placing all game birds under the protection of the federal government, takes effect.

As at present planned by the department of agriculture at Washington, the country is to be divided into zones of temperature, one of which will include the territory between the Rocky mountains and the Pacific coast.

On account of the difference in the climatic belt and that west of the Cascades, it is claimed, the migration of birds differs more than it would between other localities much more widely remote, and regulations suitable on one side of the Cascades might not be on the other. The association desires expressions from sportsmen and others interested in the subject, the substance of which will be submitted to the agricultural department with recommendations.

### Sox Release Twirler.

(United Press Leased Wire.)  
Chicago, April 26.—White Sox teammates of George Morigridge, southpaw, who was released to Minneapolis and left for Indianapolis to join the Millers tonight, are confident that Morigridge will break into the big leagues before another year.

Morigridge was Galesburg, Ill., leading pitcher in 1911, and attracted Comiskey's attention. He was with the regulars in the fall of 1912 and would have been retained had not another recruit, Lefty Russell, shown such excellent form.

### O'Day Signs to Empire.

(United Press Leased Wire.)  
Chicago, April 26.—Hank O'Day, former manager of the Cincinnati Reds, announced today that he had signed a contract to umpire in the National league, and that he will rejoin Lynch's staff of arbitrators at once.

### PORTLAND AD CLUB'S BALL TEAM FOR 1913

Here is the bunch of pastimers, who are looked upon to defend the honor of the Ad club on the diamond. From left to right they are—W. L. Campbell, M. E. Smoer, C. D. Ross, Roy W. Edwards, Joe L. Templeton, manager; Dr. John Beaumont, Lower row—H. E. Hayek, Miles Standish, Dr. George Parpleh, Edward S. Higgins and A. T. Merrill. These players will be on the stage of the Baker theatre Tuesday and Wednesday night for the benefit performance of "Fifty Miles From Boston."

## FEATHERWEIGHT CHAMPION AND CHALLENGER

Johnny Kilbane will take a chance on losing his title as featherweight champion of the United States when he steps into the ring with Johnny Dundee, April 29. Dundee gave him a hard battle when they fought in New York, but it is the opinion of most persons that Kilbane can whip Dundee. Dundee has a lot of followers in New York who will put up some money on him.

Within a short time Kilbane will step from the featherweight to the light-weight class, for even now he is trying to get a match with Joe Rivera, the fast and hard hitting little Mexican. While Kilbane's fights in New York were disappointing, he showed enough to prove that he is of championship calibre, and the best judges of fighting had every confidence in him.

## FEATHERWEIGHT CHAMPION

### TUESDAY NIGHT WILL BE INTERESTING ONE

#### Kilbane Can Talk About Going After Lightweights When He Has Beaten Johnny Dundee.

By W. W. Naughton.  
San Francisco, April 26.—For awhile the heavyweights, lightweights and middleweights will have to take a back seat. We have a classy featherweight event to focus attention on now, and by the same token it is a world's championship affair.

McCarey's arena, at Vernon, will be the scene of the encounter, and April 29 the date. The principals will be two Johnnies—Kilbane and Dundee—and unless all signs fail, the bout will be a memorable one.

Kilbane has said frequently that the go with Dundee will mark his farewell appearance as a featherweight. Johnny has advanced a double reason for his desertion of the 123-pound division. Increasing weight is the main thing which impels him to throw in his lot with the lightweights, and he is also influenced by the reflection that Dundee is almost the only featherweight left to fight.

"When I box Dundee, who is there for me to meet?" is Kilbane's favorite way of putting it.

#### They Find Double Meaning.

It is a notorious fact that when a champion ringman says anything his remarks are shredded and analyzed by critics and others who want to satisfy themselves as to whether any hidden or double meaning lurks in them. The usual course is being followed in the case of Kilbane, and some one has discovered that Johnny's reference to the scarcity of opponents, increasing poundage, and a consequent change of class, suggests that the champion is laying the foundation for an all-in case which goes wrong in the clash with Dundee.

"The fellow who looks ahead in the wise guy," said a man who inclines to the belief that Kilbane is intentionally ambiguous, "is Dundee, and it will not surprise me if Kilbane says, 'I knew I would weaken myself making the weight and I was foolish to try it. I had already given out that it was to be my last fight as a featherweight. The one before should have been my last!'"

This merely goes to show how a champion's word may be weighed. It must be said, however, that if Kilbane is assailed with an atom of doubt in respect to the result of next Tuesday's high-class fight, he ceases to be a champion. Everything he says breathes of the utmost confidence. He is even accredited with the desire to back himself to the tune of \$10,000, but this is probably one of the innocent bits of news which are allowed to get away with it. If any backer of Kilbane were to say "what odds do you give?" Kilbane would probably say, "I want even money," and a supporter of Dundee can do better than that, for the odds are open market, a small probability of Kilbane's \$10,000 being tapped.

#### He's Probably Sincere.

The chances are Kilbane is sincere about joining the ranks of the lightweights. He has frequently shown himself to be possessed of an ambition of that kind, and now that he is getting heavier it is natural that a move of that description should be close to his thoughts.

### SAN FRANCISCO CHIEF DEMANDED 25 TICKETS

#### Now Grand Jury Promises to Make an Investigation of "Holdup" Charge.

(United Press Leased Wire.)  
San Francisco, April 26.—Grand Jury investigation of charges by Fight Promoters Fred Hawes and Frank O'Shea that Chief of Police White demanded and obtained 25 tickets for last night's bout between Bob McAllister and Paddy Lavin by threatening to stop the scheduled bout, is promised here today by Bert Kahn, a grand juror. The matter also was reported to Oscar Hocks, chairman of the supervisors' police committee. Hocks made it plain to the promoters today that White had no right to demand the tickets.

Police Chief White is reported to have admitted that he got the tickets, explaining that he needed them to send 25 plain clothes men to the bouts to prevent gambling.

Supervisor Hocks today characterized White's action as a "hold up" and an "outrage," declaring the tickets were obtained among White's personal friends.

#### Time to Talk Later.

It will be time to talk of a Kilbane-Kilbane match, however, when the Kilbane-Dundee contest is a thing of the past. In the event of Kilbane winning, it is practically a certainty that he will be signed with Rivers. But it may be that the program will be changed or, at least, that there will be a postponement in the event that Dundee relieves Kilbane of the featherweight title.

compelling Cobb to remain idle and so deprive the Detroit club of his services during that time, as there is no doubt of his reinstatement."

Johnson admitted that the ruling, by which he himself went over the head of the national commission, was exceptional, but he said that the case itself was exceptional.

"The request for Cobb's reinstatement came this morning," said Johnson, "and I immediately tried to get in touch with Chairman Hermann but learned from Cincinnati that he was spending the day at some club and that I would be unable to reach him. So I decided to take the initiative.

"I have no idea whether Cobb will be punished or not when the national commission meets here Wednesday, but I do know that the game would not be helped by keeping him out until that time."
