BIDS ARE OPENED FOR REPAIRING OF LIGHT VESSEL

Four Tenders Made, Two by Portland Firms and Two by Puget Sound Companies—Amounts Submitted.

Bids for repairs to Columbia river light vessel No. 88 have been opened in the office of Henry L. Beck, lighthouse inspector for the Seventeenth district, and it is probable that the repairs to the vessel will be made here. There were four bids, two by Portland firms and two by companies on Puget Sound. The repairs are those that are authorized to be made every nine months on the light vessels.

Those who submitted tenders were Albina Engine & Machine works, $538.75; Vulcan Iron works, $622.25, both being Portland firms; Hall Brothers, Winslow, $498; and the Heffernan Drydock & Construction company, Seattle, $526.

However, there are many optional items in addition to the regular work that was bid on and with these and the expense of taking the lightship up the coast, it is estimated that the bid of the Albina Engine & Machine works is the lowest.

Lightship No. 88 is now at the buoy depot at Tongue Point, where she was brought more than a week ago to await the result of the opening of the bids. She was replaced on her station by the relief light vessel, which will remain there until the regular vessel is ready to take up her position off the mouth of the Columbia.

Work on No. 88 will include docking, cleaning, painting, general overhauling, and probably some minor repairs to different parts of her machinery.

The lighthouse tender Heather went out to the Tillamook Rock light station this morning with annual supplies for the keepers.

BARK DUNDEE FLOATED

Craft Which Went Ashore Off Puna, En Route Here.

Advices received here are to the effect that the Russian bark Dundee, 1938 tons net, Captain Gustafsen, which was ashore off Puna April 25, arrived at Guayaquil about May 1. It is reported that she was floated April 29. The Dundee, which was here a couple of years ago, is under charter to the Pacific Export Lumber company to load a full cargo of fir for Cape Town. It is expected that the Dundee will sail from Guayaquil for Portland within a short time.

ROSE CITY DELAYED

Crank Pin Breaks While En Route to San Francisco.

Breaking of the crank pin on the intermediate engine of the steamer Rose City while she was on her way up from San Pedro to San Francisco has delayed her in that port and she will not be due to arrive here until Sunday afternoon instead of tomorrow, which is her regular day. While the damage is not serious, according to the reports received here, it was thought better to keep the steamer in port until a new crank pin could be made. She was due to have sailed yesterday but the date has been postponed until Friday.

ALONG THE WATERFRONT

The American barkentine Amazon was shifted from the St. Helens shipyards to the North Pacific mills this forenoon.

Laden with lumber, the schooner King Cyrus is ready to go from St. Helens to Astoria today. She is loaded for San Pedro.

Bringing 40,000 barrels of crude oil, the Associated Oil tanker J. A. Chanslor, Captain Holmes, arrived from Port San Luis last night. She cleared again for Monterey in water ballast.

The steamer Klamath, Captain Asplund, has cleared for San Pedro with 1,000,000 feet of lumber.

When she left down the river at 4 o'clock this morning, the British steamer Historian, of the Harrison Line, had a cargo with total value of $195,357 for Liverpool, via Tacoma, where she will finish loading. She had 186,385 bushels of wheat, valued at $165,960; flour 5,713 barrels, valued at $21,805 and general cargo.

The Arrow Line steamer Camino sailed at 8 last night for San Francisco with 2700 tons of freight. She had bones and general freight for New York from here and 45 tons of salmon from Astoria, to go via the American-Hawaiian line, and 2400 tons of grain for San Francisco.

Balfour, Guthrie & Co., have christened the British steamer Manchester Citizen to load a cargo of lumber here for Calcutta. She is now at Manila and will probably load a cargo of sugar for San Francisco. Another charter is that of the Peruvian bark Alliance, now at Iquiqui, which has been taken by Comyn, Mackall & Co., to load for the West Coast. She has the option of the Columbia River, Grays Harbor or Puget Sound.

After making the first of the Sunday summer excursion runs to Oregon City next Sunday, the steamer Oregona, of the Oregon City Transportation company's line, will be tied up for cleaning and painting. The steamer Pomona was inspected yesterday and will go on the Oregona's run while the latter is being painted. As usual during the summer three round trips will be made Sunday, leaving here at 9 in the morning, at noon and at 3 in the afternoon. The last trip back from Oregon City will be made at 5 in the afternoon.

MARINE NOTES

Astoria, May 21.—Arrived at 5 a. m.—Steamer Geo. W. Fenwick, from San Pedro. Arrived at midnight and left up at 3:30 a. m.—Steamer Tahoe, from San Francisco. Arrived at 6:30 and left up—Steamer F. S. Loop, from San Francisco. Arrived at 11:30 a. m.—Steamers Casco and Asuncion, from San Francisco. Arrived down at 11:50 a. m.—British steamer Historian.

San Pedro, May 20.—Steamer Geo. W. Elder, from Portland; steamer Cricket, from Columbia river.

Astoria, May 20.—Arrived at 2:50 and left up at 4 p. m.—Steamer Willamette, from San Francisco. Arrived down at 4 and sailed at 5:30 p. m.—Steamer Breakwater, for Coos Bay. Sailed at 4 p. m.—Steamer Quinault, for San Pedro.

Port San Luis, May 20.—Sailed—Steamer Argyll, for Portland.

Point Reyes, May 20:—Passed—British steamer Bessie Dollar, from San Pedro, for Aberdeen and Columbia river.

Britt to Meet Hanlon.

(United Press Leased Wire.)

San Francisco, May 21.—Jimmy Britt and Eddie Hanlon, old time lightweight rivals, will be seen in action here in June if plans of Promoter Louis Parente materialize. Hanlon has given his consent, and Parente believes that Britt, who will be in San Francisco next week, will sign up. Parente plans to stage them in a four round bout.

Asphalt was known to the ancients and is said to have been used as a binder in masonry by the Babylonians.

The world's acreage devoted to flax cultivation has increased about 40 per cent in the last four years.

PEACE PLAN WILL NOT STOP STRATEGIC MOVES

(United Press Leased Wire.)

London, May 21.—An interview with Secretary of State Bryan in Washington is published here today by the Express, which throws a new light on the peace proposals advanced by the United States government for the consideration of the world.

Interviewed by the Express' correspondent, Secretary Bryan said:

"I want to correct the ideas that the peace proposal includes a provision for the cessation of all strategic moves by disputants during the period of investigation of the cause of their dispute. This idea was inserted in the original peace plan, but was eliminated later. All information thus far received of the reception by the powers of the peace plan is encouraging, and I have no doubt that the United States will be able to make such treaties as supplementary to existing arbitration agreements."

NINE OF PILE DRIVER'S CREW ARE DROWNED

(United Press Leased Wire.)

Cordova, Alaska, May 21.—Search is being made today for the bodies of nine men who lost their lives when a pile-driver and barge went ashore near Katalla in a gale Sunday night. The fate of the crew was not learned until Tuesday night. The men were building a fish trap at the mouth of the Martin river for the Northwestern Fisheries company. So furious was the storm that it broke six anchors with which the craft were made fast, and drove them 18 miles along the beach before going ashore.

Five of the men, who resided in Cordova, were Thomas Von Sponser, Carl Johnson, Edward Mossben, —— Hinna, Carl Carlson.

The other four were Orca fishermen, whose names are not known here.

Dust from cement mills has been found valuable as a fertilizer, as it contains a large percentage of potash.

MANY MISSING HILLS IN VALLEY HOPYARDS

Independence, Or., May 21.—After a thorough investigation of hop yards in Polk county, Mr. Linn, of the firm of Linn & Catlin, of Salem, declares there are more missing hills among the young vines than for many years. In many cases 50 per cent of the young vines are missing, and 30 per cent are gone in the Luckiamute hop section. "No reason is assigned to the unusual shortage in the yards; for this is impossible," said Mr. Linn. "The condition of cultivation, the location of the yard, or the soil do not apparently have anything to do with it. We always find the conditions changing every season. I have made annual inspections of the yards in the spring and invariably find the same conditions existing in more or less degree, but I believe the missing hills this year are much more numerous than heretofore. While this is true in the old yards, there are several new yards which look thrifty and show an encouraging growth."

Dr. Stackberger, of the United States department of agriculture, who has been inspecting Polk county yards has reached practically the same conclusion.

Accused Is Discharged.

Fred H. Smithson, arrested Saturday for fraudulently advertising for women to sell books, was discharged this morning in the municipal court. This was done upon motion of the district attorney. Attorney Robert Tucker appeared for Smithson, who submitted numerous telegrams from persons vouching for his character and the legality of his business.

EIGHTH GRADE IS STIFF FOR PUPILS OF DOUGLAS

(Special to The Journal.)

Roseburg, Or., May 21.—Pupils taking the eighth grade examinations in Douglas county this month were not very successful, as out of 297 that took the examinations only 110, or 38 per cent, passed. There were 85 who conditioned to take another examination, while the remaining 99 failed in more than two studies. The examination was a strong one, especially in the subject of arithmetic.

Tongs equipped with a spring to insure them holding firmly are a French novelty for handling hot dishes.

LANE ASKS

How many voters will know what to do with 1st, 2nd and 3rd choice on the ballot?

C. H. Lane was seen at his store, corner 6th and Stark, this morning by a newspaper man. The reporter had hardly stepped inside the door when Mr. Lane propounded the above question. The man from the paper had to give it up, of course. Mr. Lane went on and said: "It seems to me that your editor ought to publish an article telling exactly what this first, second and third choice voting means and what it will bring about. Such an article may head off what I heard one man say: 'Begorry, I'm going to make Soandso my first, second and third choice for mayor.' But I'm afraid your boss will not be able to give a great deal of enlightenment, judging from the drivel I've seen on your pages. How about it? You say that your boss didn't write those political articles and that you did? My boy, the cigars are on me. But don't forget that I'm still turning out 'Lane Thirtys' every day—the suits with a $40 look and punch. Guess I'll have to sell you one. You need it, surely."
