Political.

Iowa City, Iowa, has defeated a plan to adopt the commission form of government, by a vote of 1194 to 999. The house elections committee in the Illinois legislature has dismissed by unanimous vote the contest over the seat of Medill McCormick, national Progressive leader. Chairman Owen and other members of the senate currency committee at Washington are preparing a list of questions to be submitted to bankers and financial experts, as the committee is scheduled to meet next Friday. The opinion is growing that a determined effort may be expected to put a currency bill through both houses at this session. Senator Simmons has announced at Washington that the senate finance subcommittee hearings on the tariff bill will end next Tuesday and that he expects to report the measure to the senate by the end of next week. After Tuesday the subcommittee will begin the work of actually framing the various schedules. Advocating ownership of railroads in Alaska, Delegate Wickersham of that territory addressed the senate committee on territories at Washington. He said that if the house at its last session had not killed the Chamberlain bill, granting the Copper River & Northwestern railroad extensions to its right of way, the Guggenheim Alaska syndicate would now have absolute control of Cordova harbor. Guggenheim representatives at Seattle deny Wickersham's statements. Chairman Owen of the senate banking committee suggested a currency reform plan for the centralization of money in a chain of reserve banks throughout the country. He is working on a separate bill embodying his ideas on the subject. The appointment of Edgar Watson as governor of the Hawaiian Islands has been urged upon President Wilson by Senator Vanderman and a delegation of Mississippians.

IF YOU ARE A DRINKING MAN

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry. We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded. When you stop "drinking," think of the money you'll save; besides, sober men are worth more to their employers and get higher wages. Costs only \$1.00 a box. We have an interesting booklet about ORRINE that we are giving away free on request. Call at our store and talk it over. Woodard Clarke & Co., West Park and Alder sts.

ARREST THREATENS SHERIFF KELSAY

Industrial School Boy Says Mitchell, Or., Official Gave Him Liquor.

(Salem Bureau of The Journal.) Salem, Or., May 23.—Following a session with Crest Wineberger, then 14-year-old boy who was drunk when he was delivered at the Marion county jail by Sheriff Kelsay of Mitchell, Wheeler county, Governor West announced that Superintendent Will S. Hale of the State Industrial School will swear out a warrant for the arrest of Sheriff Kelsay on the charge of giving liquor to a minor. The governor also indicated that he would cause suit to be brought against the sheriff on a charge of malfeasance in office. Understood, but with snappy, intelligent eyes, Crete at first clung to his story that he had obtained the liquor from a prisoner at Condon. He told the governor that while coming from Portland to Salem in an automobile, the men got out of the car a number of times along the way and that he secured opportunities at such times to take nips from his flask. But he soon confessed, and said that before the party left Portland, Sheriff Kelsay and the doctor visited a saloon and secured a case of beer, and that when the men took a drink he also was given a drink. He said the doctor gave him \$2 and the sheriff gave him \$1, and told him not to tell. He said the last bottle of beer was emptied just before reaching Salem. Instead of taking the boy out to the state training school, the sheriff left him with the sheriff of Marion county. The boy said he did not know the names of the three men with the sheriff, but that the doctor got on the train at Arlington and rode with them to Portland and was with the sheriff when he called at the Multnomah county jail to get the boy Tuesday morning. As the boy said some of the liquor was given him in this county, the prosecution will be brought here, the governor stated. The boy served two and a half years at the training school, during which time he made a good record and was paroled last November. He broke the parole by committing a theft at Mitchell, with another boy.

The incorporators are all the present officers and members of the executive committee. Articles of incorporation were also filed for the Butler Amateur Athletic club of Portland. The incorporators are E. P. Stott, C. C. Sabin and J. W. Malone.

HUSBAND TIRED OF SEEING HER SUFFER

Procured Lydia E. Pinkham's Vegetable Compound, which made His Wife a Well Woman.

Middletown, Pa.—"I had headaches, backache and such awful bearing down pains that I could not be on my feet at times and I could not get an ounce of sleep. I could not get a good meal for my husband and one child. My neighbors said they thought my suffering was terrible. "My husband got tired of seeing me suffer and one night went to the drug store and got me a bottle of Lydia E. Pinkham's Vegetable Compound and told me I must take it. I can't tell you all I suffered and I can't tell you all that your medicine has done for me. I was greatly benefited from the first and it has made me a well woman. I can do all my housework and even helped some of my friends as well. I think it is a wonderful help to all suffering women. I have got several to take it after seeing what it has done for me."—Mrs. EMMA ESPENSHADE, 219 East Main St., Middletown, Pa.

VERNONIA, OR., PREPARES 4TH FOR ALL NEHALEM

(Special to The Journal.) Vernonia, Or., May 23.—A big Fourth of July celebration is to be held at Vernonia this year. The Vernonia grange will have full charge of the celebration. It will be a two day affair, Friday and Saturday, July 3 and 4. Buxton and Mist have been asked to join Vernonia and it is planned to have the whole Nehalem valley help make it the biggest Fourth of July yet in Vernonia. There will be horse racing, boat racing, foot races, baseball game between Vernonia and Buxton teams and many other amusements, including a brass band from Portland.

Dry Throats Till 1915.

(Special to The Journal.) Vernonia, Or., May 23.—The question whether Vernonia would have a saloon was settled before a recent meeting of the city council. Application for a saloon license was made to the city council some time ago and the city voted to grant one for one year, but before the council issued a license the councilmen decided to employ W. H. Powell, a Portland attorney, to advise them, and Mr. Powell found Auburn preacher was dry, in which Vernonia is located, and that it would be impossible to issue a saloon license until the city could hold a city election and vote the city wet. Such an election cannot be held yet for 18 months.

HOOD RIVER FLOW IS BEING DIVERTED

Cofferdam Is to Turn Water Into Columbia at Downstream Angle.

Hood River, Or., May 23.—Work was begun yesterday on construction of a cofferdam across the main channel of Hood River, opposite the city in order to divert the water back into the channel where it ran 29 years ago and that emptied into the Columbia river at a downstream angle. Since the water has been flowing in its present course it has emptied into the Columbia river at an up-stream angle and few fish have come into Hood river. Work was begun last fall on the diversion of the stream, but the high water took out the temporary dam. A pile driver is now driving huge piles from bank to bank that should successfully divert the stream.

Smith Gets His Raise.

(Special to The Journal.) Hood River, Or., May 23.—Water Superintendent Hurl Smith applied for a raise of salary from \$100 to \$125 per month and accompanied his application with an ultimatum of an immediate resignation by the first of June. The water commission of the council granted the increase.

Salary Referendum Probable.

(Special to The Journal.) Hood River, Or., May 23.—The referendum petition circulated in Hood River county for referring the increase of salaries of Hood River county officials, as passed by the Stranahan bill at the session of the last legislature, to a vote of the voters of Hood River county, is about twice as many as required by law. The hearing will be had in a few days before Judge Castner.

SAFETY PLANS DISCUSSED FOR RAILWAY CROSSINGS

(Salem Bureau of The Journal.) Salem, Or., May 23.—The state railroad commission yesterday heard testimony of the representatives of the principal railroad companies in the state in regard to providing safety devices for grade crossings. For some of the crossings the railroad men favored an interlocking safety device, which prevents trains from crossing at the same time on the other line within a certain distance of the crossing. For other crossings, where the traffic is heavier, they favored a complete signal system, and for crossings where the traffic is less they favored a distance signal system. F. L. Burkholder, division engineer for the Southern Pacific, was an advocate of the interlocking system because he said most of the accidents occur through engineers or other employes failing to do what they are supposed to do under their orders, and he wanted a system that would make protection sure without depending on human element. The commission took the matter under advisement.

RESINOL CURED ITCHING ECZEMA

Washington, D. C., Feb. 12, 1912.—"Since early childhood I have suffered untold misery with that terrible torturing eczema, on the backs of my hands and fingers. I have spent hundreds of dollars on treatments and consultations, but could not be cured. My hands would crack open, oft times showing the ligaments, and the skin would stick to the inside of my gloves. "The itching was too terrible to describe and sleep was possible only when in an exhausted condition. This winter I had given up all hope of ever finding a cure, when I heard of Resinol and purchased some. The results were perfectly marvelous. I used three jars of Resinol Ointment, with Resinol Soap, and my hands are perfectly cured. I cannot find words strong enough to praise Resinol and what it has done for me. I wish everyone needing relief from that stubborn and torturing affliction would give Resinol a trial. I shall be pleased to answer any inquiries." (Signed) Mrs. Harry O. Jarboe, 821 E St., N. W.

(Special to The Journal.) Hood River, Or., May 23.—Hood River fire department boys have won out in an effort to secure installation of an automatic fire alarm within the city.

LIFE-LONG CITIZEN OF PORTLAND WISHES TO RECOMMEND IT TO ALL

George Cully Has Made a Personal Test of Plant Juice and Gives His Opinion of This New Vegetable Remedy.

MR. GEORGE CULLY.

One of the old time citizens of Portland is Mr. George Cully, who resides at 774 Albina avenue. He has lived in this city forty-one years, this being his age. For the past ten years he has been a most efficient member of the street cleaning department. He says he can recommend Plant Juice to anybody, and while in the Owl Drug Co. store the other day he talked as follows to the Plant Juice man there: "I have suffered almost all my life with liver trouble and sick headache. This condition annoyed me a great deal and always seemed to get worse in the spring. I have tried a great many things for it, but never got relief. Recently I became interested in what the papers had to say about Plant Juice, and got my first dose at the Owl. This dose seemed to do me good, and I returned and bought a bottle. I am now on my second bottle and am feeling much improved in health. I get up in the mornings feeling rested, my appetite is good and my food seems to agree with me. I am glad to recommend this remedy to anyone who suffers as I did."
