If It's So Hard to Keep From Dying

Principal Redmond, La Pine,

Frequents Saloons, Supervisor Claims.

(Salem Bureau of The Journal.)
Salem, Or., June 14.—Accused of mis-

Pine will be given a hearing before State

School Superintendent L. R. Alderman

next Monday, and unless he can dis-

prove the charges his teacher's certific

cate will be revoked. His school was dismissed May 16, by order of J. E. My-

ers, county school superintendent of

In a report to Superintendent Alder-man from Victor L. Shawl, school super-visor for the La Pine district, the

charges are made that Redmend is an

habitual frequenter of the saloons, that

habitual frequenter of the saloons, that he has appeared intoxicated on the streets and at school and that he smokes on the school grounds. A hearing was held before the La Pine school board May 15 and the report says Redmond admitted the charge that he visited saloons and smoked before the pupils and permitted the older boys to smoke.

verified by J. E. Morson, W. R. C. H. Clow, O. H. Talbot, Mrs. Do and others.

To all knowing sufferers of rheumatiss whether muscular or of the joints, as atics, lumbagos, backache, pains in thidneys or neuralgia pains, to write her for a home treatment which has a peatedly cured all of these torture. She feels it her duty to send it to sufferers FREE. You cure yourself home as thousands will testify—change of climate being necessary. The simple discovery banishes uric as from the blood, loosens the stiffen joints, purifies the blood, and brighte the syes, giving elasticity and tone the whole system. If the above interests you, for proof address Mrs. M. Surmers, Box R. Notre Dame, Ind.

Eight Hundred Billion Feet of 75,300 Acres Restored to En-Timber on Santiam Land It Is to Receive.

(Salem Bureau of The Journal.) her newly-purchased 1500-acre farm near San Diego, Cal., accompanied by her nine children, and it is said to be a copy of a letter written by B. T. Galthe singer's intention to give up her loway, acting secretary of the department at Washington, D. that the singer's intention to give up her loway, acting secretary of the department at Washington, D. C., of the restoration to settlement and that public career. Her place raises oranges, ment of gariculture, to Senator George which have been withdrawn for oil for the settlement and that the senator of the lands just souh of Vale of a for the settlement and that the senator of the lands just souh of Vale of a for the settlement and that the senator of the lands just souh of Vale of a for the settlement and that the senator of the lands just souh of the lands just souh of the senator of the lands just souh of the senator of the lands just souh of the lands just E. Chamberlain, that the department of agriculture will interpose no objections to the exchange of approximately 37,000 72,020 acres of fine forest land in the Santiam C. Grubbe has been ordeded to Seattle to National forest for an equal acreage of scattering school sections located in other national forests in the state. A

bill is now before congress providing for the exchange. Governor West has been urging this exchange for a long time, and there now appears to be no obstacle in the way. The last state legislature enacted a law withdrawing this land, when acquired by the state, for a period of 50 years, so the forest may be used for the benefit of the forestry department

of the Oregon Agricultural college. Secretary Galloway's letter says: "The land desired by the state carries a larger proportion of Douglas fir than those to be relinquished, and the total stand of timber is considerably heavier. The gross area of the tract within which the selection would be made is about 49,000 acres. Of this some 10,000 acres is patented land. It is estimated that the total stand of timber approximates 800,000,000 feet. The value of the government land is about twice as great as that which the state would surren-

"The relinquishment by the state of its sections 16 and 36 and indemnity rights scattered through the national forests of Oregon will help simplify the administration of the government's lands in those forests. The consolidation of the forest lands is, therefore, of advantage to the government.

"The exchanges of land heretofore apby this department have consistently been on the basis of equal area and approximately equal value. In this instance the state of Oregon is proposing to surrender the best lands it has, with the view of establishing a state forest which will be of use to its

PLANS STATE HOSPITAL

Walla Walla, Wash., June 14.-By a decisive vote the state grand lodge of Odd Fellows favored an increase in the per capita tax aggregating \$1 per year, and although the ques-tion did not come before the lodge in that manner, it is generally recognized of a fund that ultimately will be used for the erection of a state hospital in connection with the home in this city. Heretofore the per capita tax for the maintenance of the home has been 20 cents a year and for the maintenance of the grand lodge, 2 cents a year. The resolution adopted yesterday provides for 50 cents a year for the home and the same assessment for the lodge. It is expected that \$25,000 will be raised in this manner for the erection of the proposed hospital building.

At Wednesday night's session of the grand lodge an amendment was introduced providing that but one lodge might be maintained in a city of 5000 population or less. This was ruled out on the ground that it had not been properly introduced, though it is said it was slated to pass.

"THE OLD RELIABLE" PLANTEN'S OR BLACK REMEDY FOR MEN

Nature's Remedy Is Making Wonderful Cures

If a doctor has a remedy which he says will cure you, make him back up his claim with proof. Don't take his word alone.

So many doctors, especially those who use drugs, boast of thousands of cures-but they can't show them. The truth is they don't cure. That's why you never see any evidence of their marvelous deeds.

We've got a remedy that cures. We can prove it. We'll tell you the names of people who have found health in our treatment and you can ask them about it. We cure with Nature's medi-

There's only one way to cure anything. That way is to assist Nature. Some doctors say that drugs assist Nature. but we know they don't Nature needs nourishment, strength, something that builds up. Drugs contain no nourishment, not one thing that builds up vitality, just poison, which tears down. The help Nature needs is electricity. It's the power that runs the human ma-chine, and the basis of all

cine-electricity.

life.
Most all of man's ailments are due to the failure or breaking down of the stom-

ach, nerves, heart, liver, kidneys and digestive organs. Now, electricity runs every one of these organs, or machines. The reason any of them break down or fail to work properly is because they lack electricity. Restore this force where it is needed and pain and sickness will disappear. You don't need drugs any more than a starving man needs poison. If a weak organ is crying for new energy, give it that-not drugs.

Wear Electra-Vita while you sleep. It sends a stream of electric life into every nerve and tissue of the body, building up vitality and strength, and removing the cause of dsiease. Electricity as applied by Electra-Vita does not shock or blister. The only sensation is a mild, soothing glow,

Electra Vita is a scientific body battery for home use. It does not have to be charged, for it makes its

People who have used our grand appliance will tell you that it really does the work.

Miss May A. Carr, 1864 E. 12th street. North, Portland. Oreg., says: "I am getting along fine since I began using Electra-Vita. Don't think I need to wear the appliance any more at present because my trouble is apparently cured. Have left it off for a week now and have not had any return of the neuralgia. If I find it necessary to use the appliance again I shall do so by all means. Would not be without it now, after seeing the good it has done one. I will be pieased to recommend Electra-Vita to anyone afflicted with neuralgia."

Mr. W. A. Kirby, Walia Walia, Wash., says: "The appliance I purchased from you a few months ago has done all you claimed for it. My rheumatism is all gone and I feel like a new man. I have sained 2I pounds and work every day. I can regommend Electra-Vita to all people who are afflicted with rheumatism. I would not take my money back and do without it."

Cut out this coupon and

mail it to us for our free 90-page book about our electric treatment. This book is written in plain language and illustrated with

photos of perfect men and women showing just how Electra-Vita is applied. It contains many facts yo should know regarding the cause and cure of disease. Don't wait a minute; cut out the coupon now.
