Hawkins, Leona Amourita Herke, Hollis Wilson Huntington, Paul M. Leslie, Elizabeth Martin, J. Howard McDonald, Edna W. McInerney, Alvin C. Nielsen, Amos Ostrander, Edna Poase, Yvonne N. Phillips, Elizabeth Ley Pridham, Minnie Griselda Pridham, Ruth Margaret Richmond, Myrtle E. Smith, Birdie M. Stewart, Willis G. Stogsdill, Florence E. Thompson, Margaret Thral, Minerva E. Thral, Diedrich Wolff.

BURNS IS TAUGHT WHAT HOLDUPS ARE

First Highwayman in 27 Years Spatches Purse From Hand of Milliner. Burns, Or., June 15.—The holding up of Mrs. Leila Miller, a milliner of Burns, Saturday night at 9 o'clock is one of the first crimes of that kind in Harney county. A purse containing \$40 and several checks was snatched from the woman's hand as she was on her way home. The highwayman came from behind and made a grab for the bag, but secured it only after a struggle. He broke the chain and ran away. Mrs. Miller chasing him for a half block before he disappeared in the darkness. She then notified Marshal R. L. Haines, who from the marshal's description furnished, believes an ex-convict, the only stranger in town who answered the description given by Mrs. Miller, had committed the crime. The victim was unable to recognize the suspect, so he was released. The robbery was committed near First and Washington streets. Just a block from the main thoroughfare, where many people were congregated. Burns' clean record of 27 years as a holdups was the pride of the inhabitants, and prominent business men are putting forth all possible efforts to apprehend the highwayman.

BACON DEFENDS NAME OF LATE J. P. MORGAN

New York, June 14.—Robert Bacon, former ambassador to France and who was a member of the firm of J. P. Morgan & Co., when the United States steel corporation was formed, took the witness stand in the hearing of the government to dissolve the corporation under the Sherman anti-trust act. He corroborated the testimony previously given by Judge E. H. Gary. Under direct examination Mr. Bacon described the conditions leading up to formation of the steel corporation. "J. P. Morgan said that under no consideration would he take part in anything that was or might be construed as a monopoly or an endeavor to restrain competition," he said. "He did not believe the United States steel corporation would restrain competition."

INDIAN MAIDEN, AGE 14, ARRESTED WHILE ELOPING

Klamath Falls, Or., June 14.—The local authorities put a stop to an Indian elopement when they arrested 14-year-old Pearl Schadley, Jimmie Cole and Archie Clipp, all full-blood Klamath Indians. The young girl and Cole, who is 24 years old, were being assisted out of the country by Clipp. The trio was held in the jail here until taken in charge by the reservation authorities.

TOLEDO-COWLITZ BORDER ROAD TO BE IMPROVED

Centralia, Wash., June 15.—The greater part of the \$20,000 allowed Lewis county for road construction by the state highway board will probably be spent on the improvement of the road between Toledo and the Cowlitz county line, this stretch of highway being one of the worst between Seattle and Portland. In the opinion of goods roads enthusiasts of Kelso, at least a portion of the \$50,000 allowed Cowlitz county will be spent on the road between Kelso and Carrollton. This road carries extremely heavy traffic, and is one which will permit of advantageous work during the summer months.

RANCHER WITH QUICK GUN WILL PROTECT WOMEN

Seattle, Wash., June 15.—Former Justice of the Peace P. V. Davis today owes his life to his watch. In a picnic riot Sunday a stray shot fired by Deputy Sheriff Julian Smith struck the attorney's watch and glanced off. Women at a picnic given at the ranch of Otto Hink summoned Smith, who is a neighboring rancher, to protect them from some intoxicated men. Smith had been seized by the men and was being ducked in the water when he drew his gun. Davis came to his aid just as Smith opened fire. Another bullet struck A. Conner, an ironworker, above the knee cap. He was arrested when he got off the boat at Madrona Park, and is now in the city hospital ward charged with being a principal in the disturbance.

THE ACID TEST BRIGHTS DISEASE

10 grammes Picric Acid. 10 grammes Citric Acid. Water to make one litre. Equal quantities of this re-agent and specimen from case of Bright's Disease in test tube will, in 24 hours, show the percentage of albumen. Put the patient on Fulkerson's Diet. Another test every few days for twenty days and you will know to a certainty whether the albumen is decreasing or not. (As the albumen decreases the microscope commonly shows the casts also to be disappearing.) Thus that Fulkerson's Renal Compound lessens the escape of albumen and permits recovery in many cases of Bright's Disease no one need doubt. (Usually takes from ten to twenty days to begin to show.) This new agent is a mild infusion without opiates or heart stimulants. The substance of the formula surrounds each bottle. Its action being on Renal degeneration prescriptions do not conflict. Commonly gets recoveries alone where there is a fair heart and recuperative power. With failure admitted in chronic cases on the orthodox treatment, relatives of patients having Bright's Disease owe it to themselves and the patients to put the above to the test.—(Paid advertisement.)

INSTITUTES AT MURPHY, TALENT AND ROGUE RIVER

Oregon Agricultural College, Corvallis, Or., June 15.—Extension lecturers from the Oregon Agricultural college are to speak at a number of southern Oregon institutes this week. Tuesday, June 17, Professor F. L. Kent of the dairy school will speak at Wolf Creek, where Professor George R. Hyslop of the agronomy department will also speak on farm crops. The day following they go to another institute at Rogue River, and Thursday and Friday they will be at Murphy and Talent. Miss Hilda Miller of the chemistry department will join them at Talent, and will talk to the women in attendance on certain applications of chemistry to every-day home processes.

BACKWATER CUTS OFF ROAD AT GRANT FERRY

Goldendale, Wash., June 15.—Backwater from the Columbia river against the bluff at Grant Station has made the road leading from Grant Ferry to Rufus impassable and wagon traffic between Klickitat county, Washington, and Sherman county, Oregon, is cut off. So far the Columbia river has receded only one foot from the flood stage at Grant Ferry and it will be some days before the road will be open for travel again.
