

### SPANISH WAR MEN SWAP YARNS AGAIN

150 Fighters of '98 and '99 Go to Annual Reunion, at Eugene This Year.

(Special to The Journal.)  
Eugene, Or., June 20.—The annual reunion and encampment of the department of Oregon, United Spanish War veterans, convened in Eugene this afternoon with about 150 veterans from Portland, Salem, Albany, Vancouver, Fort Stevens and other points in the state in attendance. A special excursion train bearing the delegates from the north arrived over the S. P. at noon, and was met by a large company of the local veterans and the Eugene Yacht club in a body. After a march to the Commercial club, the visitors were taken in autos over the city and then to lunch.

The first business session was scheduled for 2:30 o'clock this afternoon. Tonight a ball will be given in the armory in honor of the visitors. The final business sessions will take place tomorrow forenoon after which a big "snake" parade will be given on the streets, and during the afternoon the "snake" degrees will be conferred upon a large number of candidates. Late in the afternoon an excursion will be made to Springfield, the people of that city promising to convey the visitors over there in automobiles.

### YAMHILL, TILLAMOOK AND POLK SALOONS WARNED

(Special to The Journal.)  
Independence, Or., June 20.—Notices have been sent to all the saloonkeepers in the Twelfth judicial district, including Polk, Yamhill and Tillamook counties, by District Attorney Upjohn at Dallas, calling attention to the provisions of the new law regulating the shipment of intoxicating liquors into dry territory. Copies of the law were also sent with these notices.

Under the provisions of this act it is required that with each shipment of intoxicating liquor to territory where the sale of liquor is prohibited by law, must go a label stating the name of the consignor, the consignor, the name and address of the person ordering such liquors, the kind and quality of intoxicating liquors in the package and the name of the place from and to which the package is being shipped.

The law grew out of the move started some time ago by Governor West to stop shipments of liquor to "blind pigs" and other unlicensed and illegal places for the sale of intoxicating liquor. Under the law, it is easy for a peace officer to determine whether such shipments are being made for legal or illegal purposes.

Notices are also being sent by District Attorney Upjohn, with copies of the new law, to sheriffs, marshals, chiefs of police in the district relating to the abatement of disorderly houses as nuisances.

The new general laws of Oregon for 1913 contain a few acts which particularly refer to Polk county, according to the district attorney.

In the new game code Polk county is placed in district No. 1, with those counties lying west of the Cascade mountains.

Another law provides for a state game reservation, to be known as the "Capital Game Reservation," which is situated in the eastern part of Polk county and the western part of Marion county.

The law has also been changed relative to the terms of court in Polk county, under the new law terms of court here are to be on first Monday in February, August and November.
