The deadly revolver last evening sent one man to the hospital and another to the city jail, following a shooting affair in an Albina saloon. John Coroko is the man in the hospital with a bullet wound in his abdomen, while Vid Radish is in fall with a charge of assault with a dangerous weapon against him.

Radish came from Los Angeles Saturday. Yesterday evening he went into a saloon on Delay street. After taking drink, the man started from the place. As he passed out the door, several Austrians approached him in a threatening manner, he says. Radish commenced to shoot, one bullet finding its way into the body of Coroko. Radish says he does not know why his countrymen attempted to assault him.
