

KAHN DEMANDS A THOROUGH HEARING OF M'NAB CASE

House Judiciary Committee Will Hear Arguments on Caminetti Resolution Thursday; Threatens to Fight.

(United Press Leased Wire.) Washington, June 24.—Explaining the purpose of his resolutions before congress calling on Attorney-General McReynolds to produce all data on the resignation of United States District Attorney John L. McNab of San Francisco and the causes leading thereto, Congressman Julius Kahn today issued the following statement through the United Press:

"I know nothing of the cases of Diggs and Caminetti," he said. "I would not prejudice their cases. They are entitled to a fair and impartial hearing. But the United States district attorney at San Francisco has resigned to the president, declaring: 'I am ordered by the attorney-general, over my protest, to postpone until autumn the trials of Diggs and Caminetti after I have advised the department that attempts have been made to corrupt government witnesses.' This is a serious charge and demands serious consideration. But the attorney-general, when his attention was called to McNab's resignation, replied: 'A Republican United States attorney has resigned to make place for a good Democrat. I am shedding no tears over it.'"

"The whole country is shocked by this flippant and partisan answer to serious charges. The country demands the facts. My resolution instructing the attorney general to furnish congress all the papers he possesses bearing on the case will enable the people to decide whether or not District Attorney McNab was justified in tendering his resignation."

Chairman Clayton of the house judiciary committee announced today that on Thursday that body would hear arguments on Kahn's Caminetti resolution. The Hinebaugh resolution, which was originally referred to the judiciary committee, was later sent to the rules committee, which is expected to grant a hearing soon.

Kahn threatens to force a fight on the floor of the house if the judiciary committee attempts to pigeonhole his resolution.

Attorney General McReynolds was reticent today on the controversy. He said: "This is not the time to issue any statement. The matter is being handled in the regular way."

CAR SERVICE ON BROADWAY BRIDGE MAY BE READY WITHIN NEXT THIRTY DAYS

View of Broadway street, looking north, showing workmen of Portland Railway, Light & Power company tearing up pavement for roadbed of proposed new carline.

General Manager F. W. Hill of the Portland Railway, Light & Power company said this morning that the company will in all probability be ready to give service over the Broadway bridge within 30 days. It may take a little less to lay the track on Broadway and make the various connections, or it may take a little longer, but 30 days is as near as can be figured at this time.

"We are going right ahead with track laying on Broadway," said Mr. Hill this morning, "and making other preparations for operation of cars over the new structure, but it is difficult to say exactly how long it will take to complete the job, which is one of considerable magnitude. However, no time will be lost, as the routing of the peninsula cars over the new bridge will serve greatly to relieve the congestion of traffic in the heart of the city."

Switches will be put in at all of the cross tracks, so that cars from any part of the city may be routed over the new tracks, if desired.

The tracks on the bridge were laid at the time the decking was put down, so that part has been completed for some time.

The two young women, both of prominent Sacramento families, and formerly socially prominent here, have been in seclusion since their wild flight to Reno, where they spent three days before their discovery by the officers.

"I can't see that it is anybody's business but our own," declared Miss Warrington at Reno on the night of their discovery, and since that time both young women have maintained the same attitude, refusing to discuss the case,

made by McNab in the Diggs-Caminetti and Western Fuel company cases.

All the cabinet members were reticent as to the discussion of the McNab affair. It is believed, however, that the president will accept McNab's resignation and will immediately announce his successor or will name a special prosecutor to act in the Diggs-Caminetti cases. It is considered certain that the president will direct that the Diggs-Caminetti cases be tried immediately.

At the cabinet meeting the president insisted on complete explanations from Attorney General McReynolds and Secretary Wilson. The latter denied that he had an ulterior motive in the appeal to McReynolds to postpone the cases other than to give A. Caminetti, the new commissioner general of immigration, a chance to learn his duties before he went west to attend his son's trial. McReynolds said that Wilson's explanation covered his position.

It is understood that at the cabinet meeting Secretary Bryan insisted that the administration must push the white slave cases at once.

Secretary Lane also discussed the situation, especially the political situation that might arise out of the scandal.

The president asked for all papers and telegrams in the case.

It is reported that Congressman Baker of California is considering an offer by the president of McNab's place. The report current here is that Baker will

McNAB STILL MAKES THREATS TO PROSECUTE DIGGS AND CAMINETTI, WITH AN IMPLIED PROMISE THAT LATER HE WILL BE MADE A UNITED STATES JUDGE.

(United Press Leased Wire.) San Francisco, June 24.—"My charges against Attorney General McReynolds in the Diggs-Caminetti and Western Fuel cases are very mild," said United States District Attorney John L. McNab today. "When I hear from Washington as to my resignation I will wind up this affair with the attorney general by a double broadside that will settle the whole thing."

McNab would not say whether he expected his resignation to be accepted. "I will wait and see," was his final remark. "Then when I know what the administration is going to do and say, I shall know what I'm going to do and say."

Look for McNab's Successor.
(United Press Leased Wire.) Washington, June 24.—"The best answer to the charge that the department of justice is being manipulated for political purposes will come with the announcement of District Attorney McNab's successor," was the emphatic statement here today of one of President Wilson's advisers when asked if McNab's resignation would be accepted.
