

### OPTION ON MOCK'S BOTTOM TAKEN BY DOCK COMMISSION

Action Causes Surprises Owing to Fact Linnton Property Was Still Supposed to Be Under Consideration.

The public docks commission took a 10 day option on 150 acres of the Mock's bottom property this morning at \$2000 in acre.

It confirmed the award of the contract for the construction of 663 feet of west side dock No. 1 to the Lewis A. Hicks company, the consideration being \$210,000.

The date of issuing advertisements for the sale of \$1,000,000 in dock bonds will be fixed at a meeting Saturday, necessary preliminaries having been referred to the city attorney.

Taking the option on the Mock's bottom property was a surprise, as the commission had already taken a similar option on 80 acres near Linnton, the price being \$3000 an acre, and the delay in making the purchase being occasioned by the doubt as to whether the city has power to buy land outside the city limits.

Site Declared Ideal. Andrew A. Hall appeared before the commission, representing the Mock's bottom owners and saying that it is ideally suited for a second system of deep sea slips and wharves, that the cost at the per acre price named will be but \$108 a front foot, that the construction of slips and wharves will provide a frontage of four miles.

The formal letting of the contract for the first 663 feet west side dock No. 1 was not without protest. The authority of W. P. Goodnow to submit the bid for the Lewis A. Hicks company was questioned. The company filed what it intended to be complete evidence in support of its bid.

M. M. Matthiessen, counsel for Goodnow, said his authority was complete. L. E. Latourette, deputy city attorney, said the commission would be safe in acting on its discretion in awarding the bid. The vote to award the contract to the Hicks company was unanimous by Chairman Mulkey, Commissioners Kellisher, Burgard and Moore.

Commissioner Ben Selling was absent. The chairman read a formal statement setting forth his opinion that the Hicks company should receive the contract. It was shown that in none of the bids were the directions of the commission to formal showing of authority followed.

A letter from L. M. Lepper of the East Side Business Men's club was received asking the dock commission to provide for recreation facilities for adults on the roof of the east side dock. This plan was first suggested by Mrs. Stella W. Durham of the Playground and Recreation committee. The matter was ordered referred to the city attorney for an opinion as to power.

MOORE HAD GOOD TIME BEFORE HUNTER GOT HIM. George Moore, a Tacoma half-breed negro, has been dazling all Portland Americans for the past week with his lavish expenditures of money and his outlay of "duds" and other equipment, which was said to rival the scenery of Jack Johnson, the negro pugilist.

Moore is accused of having made away with \$2,000 given him by a Tacoma woman for investment purposes, and in addition he will be asked to account for much jewelry which he is said to have disposed of. Altogether his operations are said to have netted him \$5,000. Constable Fred Schall of Tacoma, took Moore back with him at midnight.

### WOMAN BADLY BURNED SAVING HER BABY GIRL

After Flames Start Mother Rushes Back Into House to Get Child.

Mrs. Fannie Caplan of 790 Front street was dangerously burned this noon in an effort to save her 1-year-old baby girl, Rosie Caplan, from the burning dwelling.

The fire started in a closet where the woman had gone in search of some wearing apparel, and where the darkness compelled her to strike a match which set fire to the things in the room.

Mrs. Caplan became frightened and rushed from the house, only to remember that tiny Rosie was asleep on the bed in a room adjoining the room where the blaze started. She rushed back into the house, grasped the child from the bed and fled again, but not until she had sustained very bad burns.

The father is away in the country, and a 7-year-old son is in the hospital with a broken leg. An insurance policy covering the house and furniture expired yesterday. The home was a two-story dwelling valued at \$5000. The loss was extensive, but not yet estimated.

At Chico and other valley points in the heat zone as high as 108 were recorded at 3 o'clock yesterday afternoon. At noon today the temperature was 94 and the humidity 76.

Stark for the citizens of Hood River compelling County Clerk Hansen to place the referendum of the county officials salary bill on the ballot at the ensuing election.

The building of the Carnegie library for Hood River was let to L. A. Woodard of this city at a cost of \$15,000. The architectural work was done by Sutton & Whitney of Portland. Green-dale Rugbick will be used in its construction and the trimmings will be of stone. The building will be two stories.

### NO PERMIT GIVEN BY MAJOR ALBEE TO ANY I. W. W. SPEAKERS

Mrs. Schwab Applied for Right and Was Refused; Word Informed on Matter.

Four more arrests of members of the I. W. W. and their sympathizers took place last night at Sixth and Oak streets when Rudolph Schwab, one of the principal disturbers, insisted on violating Sheriff Word's order not to speak. Those taken in custody were Schwab, Frank Biehl, who interrupted Deputy Sheriff Phelan in taking Schwab away; Charles McDonald, secretary of the Socialist-Labor party of this city, who insisted on commenting in abusive style on the proceedings and P. W. McLaughlin, who swung on the sheriff. A near riot was quelled with quick action on the part of the dozen or more of deputies and plain clothes men of the city force.

Mrs. Mary Schwab had been at Mayor Albee's office earlier in the day with a request for special privileges in the line of making street speeches. She was turned down, and the mayor, suspecting that she would go back and attend her audience that she had been granted these special privileges, especially warned her not to do so. She made the remark as Mayor Albee had anticipated, and in addition began asking Sheriff Word why Rudolph Schwab did not have the same constitutional rights as she. Then Schwab took the stand despite orders of the sheriff not to speak while his appeal was pending, and commenced speaking. He was immediately arrested. Deputy Sheriff Phelan took Schwab away, and Frank Biehl interrupted. He was arrested when he persisted in his interference.

Sheriff Acts Promptly. The sheriff remained with the crowd. Mrs. Schwab was speaking again, and Word was asked by McLaughlin, who was standing near by with his wife, what right he had to make the arrest of Schwab. Word replied and McLaughlin swung at the sheriff. The next instant the disturber was jerked nearly off his feet when Word grasped the arm and twisted it. Charles McDonald was arrested at the same time for interfering. Schwab and McLaughlin were released on bond shortly before noon.

Schwab was arrested Tuesday night by Sheriff Word at the same spot for speaking while awaiting the result of the appeal of his case. While the speaking was in progress interruptions came from the hurling of little iron missiles and rocks from the windows of the Scandinavian Socialist headquarters. The iron pellets were rivet heads. That the affair was prearranged to create sympathy for the organization was indicated by remarks made by speakers that the pines were coming from those opposed to the I. W. W. organization, stationed on top of the Wells-Fargo building.

Stops Throwing Missiles. Word carefully headed this off, however. He watched the direction in which the stuff was dropping and made up his mind that it was coming from the windows just above where the speaking was in progress. Word then went up there and gave orders for stopping the target practice, and no more of it was done during the evening.

Regarding the new disturbances last night, Sheriff Word said: "The mayor and I are working in perfect harmony on this matter of street speaking. Whenever the mayor creates a district within which these street meetings may be held, the speakers, they are not abusive, will not be molested. When, however, these speakers begin to abuse authorities and officers, they will be arrested and punished. It is certain that Schwab, Burns and others who have been convicted will not be allowed to speak until a final decision has been made in their cases."

### AD CLUB QUARTET TO BE CONCERT FEATURE

Combined Firemen's and Policemen's Band Holding Final Rehearsals.

The Ad club quartet, which will be one of the chief features of the concert to be given by the combined fire and police department bands August 14, has named "The Rosary" by Nevin and "The Redoubt Love Song" by Foote as the selections they will render. The two songs have made the biggest hit of any that have been sung by this quartet and the selections have met with general favor. In addition to these, the quartet will lead the singing in the last number when the hand will play the "Star Spangled Banner." The entire audience will be asked to sing with the quartet in this.

The concert, which is being given for the purpose of raising funds to pay the expenses of a trip the Firemen's band is to take to New York to attend the international convention of fire chiefs, is now practically arranged. William R. Boone will accompany the Ad club quartet on the piano. Hooper, first tenor of the quartet, will sing a solo, which has not yet been selected. Mrs. Elfrida Heller Weinstein, the well known soprano who has made a decided hit in many concerts and recitals in which she has appeared, and Mrs. Virginia Hutchinson, the contralto, who is considered the most popular contralto in the state, will be the other added features.

The two bands recently have been rehearsing for some time on the numbers they will play and the complete program will be ready for announcement by Sunday. The excellent showing the combined bands made on the streets recently has created considerable enthusiasm in behalf of the concert and it is receiving hearty support from individuals as well as the mercantile organizations of Portland which see the benefits that will result from the proposed trip by the firemen's band.

Tickets for the concert are on sale by all members of the fire department band at all the fire stations, at The Journal office and at the Sherman-Clay Music company.
