

BIG INTERSTATE BRIDGE BOND ISSUE INDORSED BY EAST SIDE CLUB

Business Men Also Want Band Concerts in High Schools Instead of Auditorium.

At the meeting of the East Side Business Men's club last night a resolution was adopted favoring the proposed bond issue for an interstate bridge across the Columbia river at Vancouver. This action was taken at the request of J. H. Nolte, chairman of the bridge committee of the North Portland Commercial club and father of the interstate bridge movement. Mr. Nolte stated that the petitions were printed yesterday and would be circulated at once. The club decided to help in the circulation of the petitions and to do everything possible for the success of the measure.

"There's no comfort in a comfort station when you have to pay for it," was the sentiment of the club members, and a resolution was adopted opposing the proposed plan of Commissioner Brewster to charge one cent for service at these stations. A committee of three, consisting of C. C. Hall, Dan Kellaher and T. J. Rowe, was appointed to meet Mr. Brewster and explain the action of the club.

Unanimous indorsement was given the Manufacturers' Food and Industrial Exposition, which will be held at the armory next week. Word was received from the promoters of the show that Tuesday would be set aside as East Side day. A committee of five, consisting of Dan Kellaher, M. B. McPaul, T. J. Rowe, J. H. Nolte and A. J. Rubi, was appointed to arrange for a big delegation of east sliders on that day.

Mock Bottom Favored.

At the suggestion of J. H. Nolte a resolution was adopted favoring Mock's Bottom as the location for the proposed docks in the northern section of the city. It was pointed out that Mock's Bottom is a better location in every respect than Bridgeport, which is also being considered by the dock commission.

The matter of securing an interurban station for the Portland Railway, Light & Power company at East Water and East Morrison was discussed at some length, and it was decided to place the matter in the hands of the civic committee. The proposed station will be the terminal for the Etacada, Oregon City, Milwaukie, Gresham and Oaks roads. L. M. Lepper, chairman of the transportation committee, stated that Franklin T. Griffith, president of the street railway company, has promised that the station will be given if it can be satisfactorily arranged with the city commission.

By unanimous vote a resolution was adopted favoring a city-owned lighting plant, and a committee of five, consisting of Dan Kellaher, M. O. Collins, M. B. McPaul, C. C. Hall and G. E. Welter was appointed to make thorough investigation and prepare all plans for pushing an aggressive campaign for the improvement. The club will invite prominent officials from other cities where municipal lighting plants are now in operation to address mass meetings throughout the city within the next few months.

A resolution was adopted favoring L. M. Lepper's plan for the proposed public auditorium. It is planned to consolidate the auditorium building for the use of the Oregon Historical society and the Museum of Art. The club favors the location of the auditorium at Grand and Holladay avenues.

Free Concerts Discussed.

The plan of having free band concerts in the Gypsy Smith auditorium during the winter months met with strong opposition. It was suggested that a much better way would be to have the concerts in the different high school and public school auditoriums throughout the city. In this way, it was pointed out, families would not be forced to pay car fare to and from the west side. A committee of three, consisting of C. C. Hall, Dan Kellaher and T. J. Rowe, was appointed to confer with the city commission.

A resolution was adopted to abolish the state legislature and substitute commission form of government. Dan Kellaher, C. A. Bieglow and C. C. Hall were appointed to make a thorough investigation and report back to the next meeting. An effort will be made to have the measure placed on the ballot at the special election in November. The consolidation of the city and county government was also discussed at some length but it was referred to the civic committee for further study and investigation.

It was decided that immediate plans should be laid for having the east side represented in the 1914 Rose Festival. Communications were read from L. R. Alderman, city superintendent, and J. M. Plummer, school director, promising hearty cooperation with the club in securing the Human Rosebud parade for the east side. The festival committee was instructed to meet with the Rose Festival officials at an early date and arrange for east side recognition in the coming festival.

The club decided to take an active part in the opening of the new skating rink at East Morrison and East Third streets, September 15. It was stated at the meeting that a prominent local theatrical manager has said that if the skating rink proves a success he would begin the erection of a first-class theatre in the east side business district.

Ferdale Aster Show Success.

Ferdale, Or., Sept. 5.—The third annual aster show and dahlia exhibit at Ferdale was brought to a successful close Tuesday night. The Ferdale hall was beautifully decorated with the colors of the club, white and green, and the display of asters and dahlias was all that could be desired. The judges for the display were J. Wallace of Walla Walla, George Miller of Milton, and W. B. Brooke of Freewater.

"PULL, BROTHER, PULL; DON'T LET 'EM GET HIM!"

WHEN ROOSEVELT DIED HE SURE "LOST OUT"

His Fellow Elk Have Grand Time in the Forest Primeval.

Walla Walla, Wash., Sept. 5.—Elk released in the Wenaha forest by Walla Walla county, after being brought here from Yellowstone national park, are doing exceptionally well, according to reports brought to the city, and the herd has increased about 50 per cent despite the fact that some of the elk have been shot.

Fear that the animals would wander far back into the mountains and perhaps across to other forests has proven unfounded, the elk remaining near the foothills. One farmer reports trouble keeping them out of his alfalfa, and another says his orchard was damaged by the animals.

The only fear is that the winter range will not be sufficient and that when they are forced to the foothills they will be shot. It is believed that the herd weathered one winter it will be permanent here and will increase rapidly. The elk are fat and in good condition to withstand the winter.

OREGON ELECTRIC IS MAKING IMPROVEMENTS

In connection with its double tracking work in the Willamette valley, the Oregon Electric is rehabilitating its line between Portland and Salem with gravel, evening up the grade, straightening curves and establishing new warehouses for the storage of hops and grain.

By building a large warehouse at Orville, the road will save the hop growers of the region many miles of haul. Heretofore the growers have had to cross the Willamette on a drift ferry to Independence. In busy seasons involving a long delay because of the small size of the craft and the large number of waiting wagons. An agent of the company will be quartered at the warehouse to attend to the weighing, insuring and loading of the hops.

The warehouses at St. Louis and Wacunda have been enlarged to care for the crops and the increased use of the electric line for freight. At all the stations, heavy deposits of gravel are being placed to allow the easier approach of wagons.

SAXON KING IS VICTIM OF POSTAL CARD HABIT

Dresden, Sept. 5.—King Frederick of Saxony's latest amusement is sending picture postcards to his subjects. The king, who was Madame Toselli's former husband, is the most free and easy monarch in Europe, and he spends most of his spare time in walking tours and mountain climbing. He makes a point of sending a card to every seaside inn that happens to patronize, and it is now quite a common thing for peasants who encounter the royal pedestrian to find in their morning mail a postcard with "Greetings from your sovereign." Frequently there is a personal message concerning some discussion the sender and receiver may have had.

Monkeys Disrupt Neighborhood.

Los Angeles, Cal., Sept. 5.—Charging that a big family of monkeys, the property of an eccentric citizen who fails to keep his pets confined to his own premises, have frightened women into hysterics, besides stealing nearly everything portable in the neighborhood, residents of one of the most fashionable sections here appealed to the police today for municipal protection against the simian pests. The police chief is looking up the law on the subject.

INDICTING OF BANDON. PEOPLE IS DEMANDED

Socialists Pass Resolutions Directed to Governor Insisting on Punishment.

Socialists of Portland are demanding that Governor West procure the indictment of officials and citizens of Bandon, Coos county, for the recent deportation of Dr. Baily K. Leach, in alleged violation of the federal constitution guaranteeing the safety of citizens of the United States. It is declared that the persons who led the movement are about to be exonerated, and that attempt is being made to blind the real issue of the deportation as claimed by the Socialist party.

Local branches Nos. 2, 3, and 4, have adopted, through action of the executive committees, the following set of resolutions:

"To Governor Oswald West: Whereas, According to press reports, by the finding of Attorney General Crawford, it has been established that Dr. Baily K. Leach was forcibly and, by intimidation, deported from the town of Bandon, Coos county, and that certain citizens not named, implicated in said deportation are to be exonerated in said report. And,

"Whereas, Said report seeks to bind the issue of the import of the investigation—i. e. was Dr. Leach deported—by referring to the endorsement by Dr. Leach, of the crime of sabotage, alleged to have been the tactics of the I. W. W., thereby dodging the main issue of the investigation demanded by the Socialists; which crime is covered by federal statutes Penal Code 1119, section 19, to wit:

"If two or more persons conspire to injure, oppress, threaten, or intimidate any citizen in the free exercise or enjoyment of any right or privilege secured to him by the constitution or laws of the United States, or because of his having exercised the same, or if two or more persons go in disguise on the highway, or on the premises of any other, with the intent to prevent or hinder his free exercise or enjoyment of any right or privilege so secured, they shall be fined not more than \$5000 and imprisoned not more than 10 years, and shall moreover be thereafter ineligible to any office, or place of honor, profit, or trust created by the constitution of the laws of the United States. And,

"Whereas, It is on account of this 'worshipful' wide struggle through the failure of the Republican, Democratic, Progressive parties—politicians—mentioned by the attorney general in his report, which have not the courage to enact legislation that will adjust such differences; that the Socialist party has been organized.

"It thus becomes the all important issue for the Socialist party of this state to demand a right conclusion, for a righteous purpose, of the subject of this investigation. Therefore be it,

"Resolved by branches 2, 3, and 4, local Portland Socialist parties, in defense of such necessary legislation, not created by old line, present system, parties, that we demand of the governor of this state, that said citizens in Coos county, including officials connected by duty therewith, be indicted for violation of the aforesaid section; and that they, along with Dr. Leach, be tried for crimes committed in violation of the rights of citizens, be it deportation, defaming the flag, wanton destruction of property, or whatever the case may be; in all that law and order may be restored in Oregon.

Respectfully submitted,
"E. A. HANKIN, Branch 2,
"JACOB SOLOMON, Branch 2,
"OTTO NEWMAN, Branch 4."

AURORA STATE BANK WOULD BUY BONDS

Aurora, Or., Sept. 5.—The negotiable interest bearing warrants advertised by the school board have been applied for by the Aurora State bank, which offers to take the entire issue. The bonds are being sold to complete the new school building.

The directors have authorized instruction in the high schools the coming year. In the past many Aurora pupils have been obliged to attend the Portland schools for this instruction.

The school fair, basket picnic and dedication exercises for the new school building will take place September 29. The fair promises to be the best local fair in the county. Three hundred dollars in cash and commodity prizes are being offered for the best displays of vegetables, flowers, poultry, pigs, sawing, cooking, etc. The fair is for all the surrounding districts of Marion and Clackamas counties, as well as for the Aurora district. The new school will be one of the most attractive \$5000 buildings in the state. Beautifully situated on a commanding site, it takes the place of the old colony schoolhouse formerly attended by so many of the Aurora residents.

BIRTHDAYS ARE NOT HOLIDAYS IN SCHOOLS

New Law Compilation Contains Newly Enacted Regulations for Teachers.

(Salem Bureau of The Journal.)
Salem, Or., Sept. 5.—The new school laws which Superintendent of Public Instruction, J. A. Churchill, recently compiled, will be ready for distribution in a few days. The legislature authorized the printing of 18,000 copies.

The last edition of school laws was published in 1911, and several changes were made by the last legislature. Among the important changes is a law giving boards of directors in districts having more than 200 and less than 1000 children, the right to establish evening schools for the instruction of any person in the district who does not attend the day school. Adults or foreigners may attend these schools, as there are no restrictions as to age or citizenship.

Lincoln's birthday, Washington's birthday and Columbus day, are made legal holidays with the provision that they shall not be school holidays. Free textbooks at the expense of the

district may now be furnished the children in any school in the state if the voters of the district so decide.

Teachers in districts having a population of 20,000 have been placed under civil service regulations. The law provides in brief that teachers who have been employed in such districts for two

years or longer shall be considered as permanently employed teachers. They are not subject to annual appointment, and may be discharged only for good cause, after having been given a fair and impartial trial before the board of directors. After September 1, 1915, no person

may secure a certificate to teach in any school in the state unless such person has had at least a minimum amount of professional training. This law will not apply to teachers who have taught successfully for six months or longer, as the time the law becomes effective.

Boys' School Suits Half Price!

Could a sale be more opportune than this? School begins in a week, and every boy in town will want a new suit. Moyer puts on sale several hundred Knicker Suits at a genuine cut of one half. Look at the prices! You can buy two suits for the price of one!

\$2.50	School Suits . . .	\$1.25

Re-Opening Announcement

Saturday, September 6, 1913

Portland's Underselling Store

We extend a hearty invitation to the people of Portland and vicinity to visit our new store tomorrow—Opening Day.

After six weeks of temporary vacation of the premises, we are pleased to announce this event with full anticipation of appreciation from the buying masses. We realized the masses needed such a store—a store where they could ALWAYS buy seasonable goods at REASONABLE prices. Contractors have worked hard to transform our premises to meet the requirements of a rapidly expanding army of customers. That they have succeeded is evident.

We hope to make this store the popular market for men and boys, women and children. Genuine underselling values will convince all of the true economy of dealing here. A visit to our new premises will prove an education in economy to the father and mother. Our VALUES are convincing.

Our buyers secured in New-York and the Eastern markets exceptionally stylish wearing apparel—especially for women. Every garment from the innermost to the great coat and from chic headgear to dainty shoes are here in profusion, and at prices which will appeal to the most modest pocketbook.

Come and be convinced that this popular department store is Portland's real UNDERSELLING store. Come one and all for the opening tomorrow. You are welcome, whether you buy or not. The store is for all the people of Portland—make it your headquarters.
