

GOVERNMENT BEHIND M'KENZIE RIVER ROAD TO EASTERN OREGON

Appropriation of \$10,337 Announced After Eugene Gives Promise of \$11,000.

Eugene, Or., Sept. 10.—A \$10,337 appropriation from the government for the McKenzie River highway into eastern Oregon, to follow the \$6500 granted this year, and now being expended to reduce all grades to 10 per cent, was announced yesterday by Clyde R. Seitz, supervisor of the Cascade reserve, after private subscriptions amounting to \$11,000 were raised in Eugene yesterday. It follows the announcement that the construction of this highway is the principal government road project in the northwest. In view of the success of private subscriptions in Eugene yesterday, the McKenzie road project is to be carried before the entire state.

Plans for a mere feasible mountain automobile road over this pass, connecting the Willamette valley with Klamath Falls, eastern and central Oregon, have in three weeks been changed to the construction of a mountain boulevard, along the McKenzie under the Three Sisters, and into central Oregon. Traffic into California may eventually be diverted over this road.

Of the \$11,000 raised in Eugene yesterday, \$1000 was in cash from 22 subscribers and will be used immediately upon the construction of four miles of macadam near Wallerville with \$1200 which is being similarly raised in Springfield and at Wallerville. The other \$10,000 represents the sum expended by the Oregon Power company four years ago upon 6000 feet of road through solid rock. The right of way and this road, yet uncompleted, was donated yesterday by the power company. The forestry department followed this gift with the announcement that it will cut the remaining 200 feet of rock. The completion of this distance, with that at Wallerville, will complete a macadam highway from Eugene to Blue River, 40 miles from Eugene.

At present actual construction is taking place at six different places between the summit of the Cascades and Eugene, involving the expenditure of \$10,000, of which \$6500 is the government fund to reduce the grades to a 10 per cent maximum on Dead Horse Hill, near the summit. This work is over half completed at present. The remainder is county money, being expended by supervisors for macadamizing and repairing.

At Wallerville residents are installing a rock crusher, and have raised \$750 among themselves for the work. The fund was raised to \$2200 by Eugene and Springfield, with which the worst four miles on the McKenzie will be macadamized this year. Never before in Lane county has money been so available for construction of roads. Two solicitors approached 22 persons yesterday, and 22 gave a total of \$1000.

WATCHMAN FOILS NEAR BURGLAR AT HILLSBORO

(Special to The Journal.) Hillsboro, Or., Sept. 10.—An attempt was made early this morning to break into the Oregon Electric station at this place. While making his rounds about 3 o'clock, Night Officer Zumwalt discovered a man cutting through one of the station doors. He ordered the fellow to surrender, but he broke and ran. The officer shot twice. The man ran two blocks, jumped into an automobile and got away. He had a hole cut nearly through the door when discovered.

PHILIPPINES GOVERNOR STARTS FOR NEW POST

San Francisco, Cal., Sept. 10.—Francis Burton Harrison, newly appointed governor general of the Philippines, was the guest of honor at a luncheon here today, given by the San Francisco chamber of commerce. Following the luncheon Harrison was whirled to the Pacific Mail dock and sailed on the steamer Manchuria from his new post.

Lewis Budget Is \$675,255. Centralia, Wash., Sept. 10.—According to the budget prepared by the Lewis county commissioners for the ensuing year, \$675,255 will be needed to run the county for the year. Of this amount \$647,400 will have to be raised by taxation. The budget includes an item of \$5000 for widows' pensions.

TEAL RETURNS FROM ANNUAL SESSION OF THE BAR ASSOCIATION

Convention at Montreal Was Attended by Many Able Jurists, Says Portlander.

Attorney Joseph N. Teal returned to Portland last night from Montreal, where he attended the annual convention of the American Bar association as a delegate from Oregon. On the return trip Mr. Teal stopped off at Washington to give his personal attention to several matters of local interest.

The bar association convention at Montreal was attended by many of the best known lawyers and judges in this country, Canada and Europe," said Mr. Teal when seen at his office today. "The chief feature of the convention was the able address by Lord Haldane, the lord high chancellor of England. Chief Justice White of the United States supreme court, Premier Borden of Canada, ex-President Taft and other notable were also on the program—in fact little actual business of the association was transacted because of the large number of set addresses delivered by the noted men of this country, England and Canada. One unusual feature of the meeting was the action of McGill university of Montreal in conferring honorary degrees upon Lord Haldane, ex-President Taft, Matre Labori of France, Joseph Choate of New York and Frank B. Kellogg of St. Paul.

The "social" side of the meeting was very pronounced, the people of Montreal entertaining extensively in honor of the eminent delegates to the convention.

PORTLAND PRINTERS ASK ABOUT PLIMPTON

Whether or Not He Is "Practical Printer" Is the Question.

(Salem Bureau of The Journal.) Salem, Or., Sept. 10.—The question as to the legal qualifications of W. M. Plimpton for the position of secretary to the state printing board, it is reported, has been raised by Portland printers who have appointed a committee to investigate the matter. It is likely the board will be required to pass on the question. The law says that the secretary must be a practical printer of six years' experience.

Mr. Plimpton said today that he took the position that a practical printer of six years' experience was a person who had been engaged in the practical printing business for six years. Under that interpretation he can qualify for the position. He makes no claim to having worked at the printing trade in the capacity of printer for six years. He said he would make no fight in the case, but would leave the matter entirely up to the board. The question is, what is a practical printer?

Members of the board had not been informed that the printers contemplated raising the question.

CUPID WINS OVER DEATH AND GRANDPARENTS

(Special to The Journal.) Baker, Or., Sept. 10.—Pearl Boyd and Newton Van Cleave were married by Rev. C. A. Edwards at St. Elizabeth hospital last night, the 16-year-old girl becoming a bride as she lay in bed, recovering from an attempt at suicide, following the refusal of her grandparents, her guardians, to allow her to receive attentions from Van Cleave. When they ordered her several days ago to see him no more, she shot herself through the abdomen with a .22 calibre revolver, inflicting injuries that at first seemed likely to prove fatal.

Yesterday the grandparents withdrew their objections, and Van Cleave securing a license at a minister, proceeded to the hospital where the ceremony was performed. Physicians say the girl will probably be able to leave the hospital in a week. The groom is 19 years old.

BANKRUPTCY REFEREE ORDERS STORES SOLD

(Special to The Journal.) Oregon City, Or., Sept. 10.—Referee in Bankruptcy E. N. Ittleson this morning ordered the sale of the four stores operated by the Barde and Levitt partnership following the refusal of Federal Judge Bean to confirm the bankruptcy settlement of \$6 cents on the dollar.

The stores, together with the invoice values of their stock and fixtures, are: Oregon City, \$24,932; Hood River, \$3859; Corvallis, \$19,625; Salem, \$18,880. The stores will be sold as a group or separately, depending upon the highest bids. "The original store was opened by J. Levitt in Oregon City. Later he went into partnership with M. Barde of M. Barde & Son, Portland, and the other three stores were opened. Bankruptcy soon followed.

CHINAMAN KILLED BY TRAIN AT THE DALLES

(Special to The Journal.) The Dalles, Or., Sept. 10.—A Chinaman, while walking in the O. W. R. & N. yards at this place yesterday afternoon, was struck by westbound passenger train No. 5 and was instantly killed. The man, in company with 15 other Chinamen, was walking to Seuffer's salmon cannery, where he was to be employed. He was carrying two bundles and it is believed he was either deaf or near-sighted and could not detect the approaching train. He was tossed 25 feet across the right-of-way and was dead when picked up by switchmen.

POLICE JUDGE QUITS BECAUSE OF FRICTION

Centralia, Sept. 10.—As a result of friction between the city commission and Police Judge H. C. Camp, the latter tendered his resignation at the Tuesday meeting of the commission. The resignation was accepted, and on motion of Mayor Thompson O. T. Wedmark, a local attorney, who was Camp's opponent at the time the latter was appointed several months ago, was named to fill the vacancy.

You Get Just What You Demand

—The joy of creating—either the tangible or intangible—is the recognized acme of happiness and the fulfillment of the best attribute of human nature—the desire to be of service to one's fellow-man.

—The artist who evolves his ideal; the literateur who brings forth from his imagination a living character; the men who conceive and build the mighty structures of the world, down to the strikers in the most everyday walks of life, are all creators and benefactors of the human race. Our particular striving now is the fostering of the demand for the best in everything.

The best qualities, the best service—and the best in everything—is the inherent right of the man or woman who is purchasing. And it rests with you, the purchaser, whether you receive the poor, the medium or the best. Demand the best, and the best will be yours. Be tolerant of the medium, and the medium will be yours. Be satisfied with the poor and the poor will be yours.

—Help us to create—by demanding the best—and the benefits will be yours as well as ours. For the demand is father to the realization.

The Ancients

had a saying to the effect that a thing possessed virtue if it carried out its function in a graceful and beautiful manner.

The Modern Woman will agree with us when we say that our importations of laces, trimmings, chiffons, Persianette, allovers and furs, to be used during the season of 1913, fulfill this requisite wholly.

Laces

—The daintiest and prettiest conceits in French shadow laces of silk and fine Nottingham, Point de Lierre and Oriental laces in original patterns; Belgium Venise laces, in fine and bold designs; Princess and Point d'Alencon, in uncommon designs—suitable for draperies, waist and skirt and millinery trimmings. In white, Paris, ecru and black. They come in different widths from 3 inches to 27 inches wide, as well as a large assortment of beautiful matched sets, with 18 and 36-inch allovers to match.

Trimmings

—Embrace the most beautiful array of colors and materials ever shown —for this is the season of brilliance and harmony in the world of fashion. There are rich bands of applique and motifs in high and contrasting colors—rich in coloring and design—black, white, blues of various hues, browns, purples, rose, green and gold effects.

Figured Color'd Chiffons

—Imported chiffons, a huge selection of novelty broche, velours and printed chiffon cloth. Exquisite Dresden, cubist, pompador and a legion of other equally as effective combinations. Unsurpassed for dress material and dress trimmings.

Persianette Allovers

—Novelty colored allover embroidered silk, 18 inches wide, in solid colors—pink, blue, ivory, myrtle and exquisite combinations. With banding to match.

Furs

—We have just received an immense assortment of the furs that are the favorites for dress garnitures—as used by the leading designers of the world—1, 2 and 3-inch width, mink, beaver, possum, skunk, bear, imitation ermine, fox, chinchilla, imitation marten, coney and a host of other equally as fashionable furs.
