TWO VESSELS CLEARED WITH GRAIN CARGOES FOR UNITED KINGDOM

Wheat and Barley Loads Val-Remains.

French bark Jean eleated today for the liston with the German bark Therm Vinted Kingdom for orders with wheat a couple of weeks ago in the bay off and barley aggregating a total value of Astoria. The finiter and dynamite is destined to Balboa for use in the canal destined to Balboa for use in the canal construction. The Colusa was her towboat will take the Jean down the river. It is probable that both vessels will go to sea at the same time, in which there will be a fine apportunity for a long distance rate.

ton 57 days to make the run to the Cogood weather was experienced. Only for Astoria to load lumber at the Hamone vessel was sighted during the en- mond Lumber company's mill for Austire voyage.

Captain Wann holds out no hope for the arrival at Antofagasta of the schooner Eldorado which left the Co-lumbia river for that port April 1 with a cargo of lumber. The Eldorado loaded at Wauna under charter to W. R. Grace & Co. Nor does he hold out any hope for the schooner Americana which left the Columbia river March 3 for Sydney, Australia, with a cargo of lumber taken on at Knappton under charter to Charles Nelson & Co.

Another vessel that gives him some concern is the schooner Mindanao, which left Antofagasta in ballast four days before the departure of the Marston. The Mindanao was headed for Port Townsend and has not yet put in her appearance.

STR. ALGOA IS NOT DAMAGED Divers Fail to Find Flaw in Big Vessel.

The large steamer Algoa was not damaged a bit when aground on Henrici's bar on her way down the river with the record lumber cargo of the world.

Divers examined the vessel's bottom yesterday and did not find a flaw. general survey was also made by Lloyd's surveyor, and, as everything

where she was anchored for the survey. The Algoa carried 6,100,000 feet of umber and is bound for Australia, un der charter to Thane & Company San Francisco. J. R. Plevin, who has been here supervising the loading of the cargo, says he anticipates no further rouble in getting the vessel to sea,

BIG LINER COLUSA ARRIVES Lumber and Dynamite to Be Main Part of Cargo.

The big new liner Colusa of W. P. Grace & Company arrived in the rive early this morning, and will be in the ued at \$203,445; One Sailer | early this morning, and the printegral part of her cargo will be the lumber and dynamite on hoard of the Norwegian steamer Thode Fagelund, which will discharge here prior to un-The German ship Wandshek and the dergoing repairs as a result of her col-French bark Jean cleared today for the liston with the German bark Thielbok United Kingdom for orders with wheat a couple of weeks ago in the bay off

For return cargo the Carlos will load wheat and lumber, most of the lumber to be taken on at the mills at Linnton and Knappton. It is expected to have her ready for the sea Friday evening.

ounds, given them by Sargol, you

rust admit, Mr. and Mrs. and Miss hin Reader, that there must be

mething in this Sargol method of

lesh building after all.

something in this Sargol method of flesh building after all.

Hadn't you better look into it, Just as thousands of others have done? Many thin folks say: "I'd give most anything to put on a little extra weight, but when someone suggests a way they exclaim, "Not a chance. Nothing will make me plump. I'm built to stay thin." Until you have tried Sargol, you do not and cannot know that this is true.

Sargol has put pounds of healthy "siny there" flesh on hundreds who doubted and in spite of their doubts. You don't have to believe in Sargol to grow plump from its use. You just take it and watch weight pile up, hollows vanish and your figure found out to pleasing and normal proportions. You weigh yourself when you begin and again when you finish and you let the scales tell the story.

Sargol is absolutely harmless. It is a tiny concentrated tablet. You take one with every meal. It mixes with the food you cat for the purpose of separating all of its flesh producing ingredients. It prepares these fat making elements in an easily assimilated form, which the blood can readily absorb and carry all over your body. Plump, well-developed persons don't need Sargol to produce this result. Their assimilative machinery performs its functions without aid. But thin folks assimilative organs do not. This fatty portion of their food now goes to waste through their bodies like unburned coal through an open grate. A few days' test of Sargol in your case will surely prove whether or not this is true of you.

with interest and pleasure."
