

VETERANS GREET HILL ON 75TH ANNIVERSARY; VISITS NATIONAL PARK

300 Men Having Worked for Empire Builder 25 Years or More on Hand to Welcome.

(Special to The Journal.) Glacier Park, Mont., Sept. 15.—To greet James J. Hill, founder of the Great Northern railway, on his seventy-fifth birthday, more than 300 members of the Veterans' association of the Great Northern reached Glacier Park in a special train of 12 cars this morning.

The first annual session of the association was held at the park today. Many of the veterans have been with the road since the days of its infancy, when it was called the St. Paul & Pacific. Twenty-five years of service are required for membership. In the party of veterans here today are three brothers, J. J. Frank and William T. Maher, whose combined service with the Great Northern totals 94 years.

After presentation of the roses, Mr. Hill grasped the hands of each and every one of the veterans and the railroad builder was given a great ovation. Mrs. James J. Hill joined with him in receiving the veterans during the afternoon.

Mr. Hill was taken by automobile to Lake St. Mary for his first trip into the park since it was made a national playground. Returning at 5 o'clock, Mr. Hill will attend the business session of the Veterans' association. The only other celebration of the day will be the banquet in the forest lobby of the Great Northern Hotel at 7:30 p. m.

Mr. Hill was born in Guelph, Ont., September 16, 1838. A year ago last July he announced his retirement, having completed 33 years of active railroad work in the northwest. He had concluded to take a rest, he said, and in a valet's review of the growth and progress of the Great Northern system and declared the time had arrived to place the command of the road's forces in younger hands.

After announcing his retirement Mr. Hill went on his annual fishing trip to the St. John river. This summer he has again been catching salmon in Canada. But the year that elapsed between these fishing trips was not one of vacation and relaxation. Mr. Hill's activities during the 12 months or more that have passed since his retirement have been varied enough to tax the energies of a man of half his years.

Last summer Mr. Hill bought two banks in St. Paul, merged them, and also acquired control of the Northwest Trust company. He is no longer chairman of the board of directors of the Great Northern. It is true, but it may be said that he still keeps in closest touch with every detail of the workings of that system. Not a cent is spent but he knows the reason for the outlay. Not an earnings statement but is scanned and analyzed by the master mind.

Seventy-five years young, Mr. Hill may not be chairman of directors, but he is chairman of the Great Northern system none the less.

EQUALIZATION BOARD TO HEAR COMPLAINTS

Tax Assessment Matters Will Be Heard; Session Begins Monday.

The board of equalization met this morning and set dates for hearing complaints against assessments in which the complainants desire to appear. Hearings will begin Monday, and will be held from 2 to 6 o'clock each afternoon. The remainder of this week and other hours each day throughout the remainder of the month will be devoted to investigation of complaints.

IS THIS CANINE "MAD"? MAYOR WANTS ANSWER

Answering a hurry-up call from the city pound that a mad dog had been captured and was in the pound, Mayor Albee, with Health Officer Marcellus, rushed to the place this morning. It might be said that the mayor had never seen a mad dog and was very desirous of watching one at close range. A number of people had seen the animal and had pronounced it the maddest of mad dogs.

Through the long line of musty stalls and tumble-down vehicles the mayor and Dr. Marcellus rushed. Down a slide they shot and were at the cage of the mad dog. Inside of this cage was found a black, fuzzy little animal, apparently wondering what all of the noise was about.

A stick was thrust through the cage and all the dog did was to snap at it a couple of times. He did not even flinch at the place this morning. It is not known the other exact symptoms of a mad dog. Mayor Albee was not convinced that the animal was really mad.

Pound employees stated that the dog was really one of the worst they had ever seen, having already bitten one person.

NEW CARLISLE MILL WILL HELP TOWN

Aberdeen, Wash., Sept. 15.—Contract for building machinery for Copalis Lumber company, which is to build mill at Carlisle 15 miles north of Hoquiam, has been awarded to an Everett firm. The new mill will have a capacity of 150,000 feet a day, and will give employment to 200 men. The payroll will amount to \$1000 a day. Total amount to be invested is \$250,000.

Carpenters Want Wages Raised.

Superintendent Murnane, of the bridges and ferries of the county, reported that the Pile-drivers and Wooden Bridge Builders union had asked for an advance of from \$5 to \$6 a day for foremen and \$3.50 to \$4 a day for carpenters on the bridges. Murnane said he had interviewed private employers and found they were to make the raises and suggested that the county allowed the increases. He also suggested that the laborers be allowed \$3 a day instead of \$2.50 as at present.

WARDEN SEIZES COAT BUT OWNER ESCAPES

Garment Contained Five Chinese Pheasants and No Claimant Expected.

The owner of a hunting coat can have the same, together with five Chinese pheasants, by applying at the office of the state board of fish and game commissioners.

It is not thought that the owner is likely to call as in doing so he would be liable to a fine or imprisonment for killing game out of season.

The tale of the coat rudely deprived of an owner is an interesting one. Yesterday Deputy Game Warden O. B. Parker of Multnomah was scouting near Independence. He caught sight of five men and two dogs in a field. Four of the men had guns but had no coats. The fifth man had a coat and no gun.

On the approach of Deputy Warden Parker the hunters began to run, scattering in all directions. In his dilemma as to which one to chase, Mr. Parker, after some rapid thinking, decided to follow the coat.

He was rapidly gaining on it, and was on the point of seizing it, and the man bearing the coat was resourceful, however, and divesting himself of it, passed it on to one of his companions, making a sort of relay race out of the chase.

Mr. Parker continued to follow the coat, and was again about to seize it. The man carrying it soon realized that he was up against some-foot racer, and he threw the coat to the ground and ran.

When he got the coat Mr. Parker was somewhat winded, so he abandoned the pursuit of the hunters.

There were found in the pockets of the coat five Chinese pheasants. It is not the open season for pheasants until October 1.

COLUMBIA SCENERY IS LIKE SWITZERLAND'S

In an address yesterday at the luncheon of the East Side Business Men's club, A. R. Morgan spoke on the proposed highway up the Columbia river. In no place in the world was so magnificent scenery to be observed, said he.

"If you want to see the Switzerland of America," he continued, "come to the heights about the Columbia river and Rooster rock."

The proposed road he said would wind down the side of the bluff near the Chantler inn on a 5 per cent grade to the river level. Within a year it will be possible to travel to The Dalles in automobile and in wagon.

As a result of the enthusiastic talk of Mr. Morgan the club decided to make a visit to the heights.

APPROACH TO BRIDGE WILL BE DISCUSSED

A discussion of the Oregon approach to the proposed interstate bridge between Portland and Vancouver will feature the meeting of the Ninth Ward Protective association at the Russell street library at 8 o'clock tomorrow night.

A bridge committee consisting of Bruce C. Curry, an attorney of 808 Union avenue, north N. C. Morgan of 256 Russell street and Edward Mendenhall, will report at the meeting, advising that the association protest against the proposed approach to the interstate bridge from Patton avenue and approve of an approach from Union and Vancouver avenues.

"Our committee does not believe that the Patton avenue approach would be as feasible, or confer as much good to us as a number of people as a bridge with two approaches from Union avenue and from Vancouver avenue," said Mr. Curry today.

FAILS TO MAKE HIS APPEARANCE IN COURT

Charles D. Burns Not on Hand When Check Matter Comes Up.

In custody and out again, but now wanted to explain the validity of a \$2500 check deposited with the Ladd & Tilton bank is the game of hide-and-seek that Charles D. Burns is playing with the police and district attorney's office.

Burns came to Portland about six weeks ago, located at 614 Marion street in a furnished house, and proceeded to make friends.

Among the first was Attorney Boone Carson, to whom Burns told a wonderful story of being an heir to an estate at Cleveland, Ohio. A few small installments of money were received by Burns from the alleged estate. The attorney was called upon to give advice.

Saturday evening Burns was arrested for issuing a fraudulent draft for \$300 upon C. E. Johnson, a neighbor.

Immediately after his arrest Burns paid Johnson \$300, which satisfied the complainant, but the detectives and the district attorney's office held him for a couple of hours, making further investigation. Burns' wife appealed to the officers to release her husband until Monday morning, when he would appear in the municipal court to settle the draft.

Attorney Carson told of Burns' inheritance further offering to stand sponsor for his appearance in court, and Burns was released.

On Sunday Burns gave Carson a check for \$50 for services rendered and promised to appear in court. He did not appear, nor has he been seen since. The bank reported yesterday that the man checked out \$1500 against the \$2500 check and that investigation leaves the original check in doubt.

Another information was found this morning in the district attorney's office against Burns, filed three months ago, charging the wrongful use of \$120.

RUSTLERS FIGHT WITH POSSE AND GET AWAY

In Running Battle of Several Hours Only Casualty Is One Horse.

(United Press Leased Wire.) Oakland, Cal., Sept. 15.—Operating with the same daring and disregard for the law that characterized the deeds of bandits of California's early days, a band of cattle rustlers invaded Moraga valley, 20 miles from here, early today, and engaged in a pitched gun fight with a posse of officers from Roseburg.

The battle opened on the B. E. Riley ranch near the county line. The rustlers swooped down from the mountains and rode into the Riley herd, cutting into the bands of cattle. They were attacked by a posse, under Constable Billy Allan of Fruitvale, who had been warned. After a running fight of several hours, in which one of the bandits' horses was killed, the rustlers escaped into the mountains.

INJURED RAILROAD MEN DIE AT HOSPITAL TODAY

Two railway employees, one a brakeman on the O. W. R. & N., the other a fireman on the S. P. & S., died this morning in St. Vincent's hospital from injuries received while on duty.

The first, F. E. Fuller, entered the O. W. R. & N. service as a brakeman yesterday morning. He was put to work in the Albina yards, and during the afternoon he fell under a box car and lost both his legs. He lingered until this morning, then passed away. Little is known here concerning him.

The second victim was John P. Spear, a fireman on the S. P. & S. Rainier local, who lived in Seaside. Sunday the crown sheet of the locomotive he was aboard blew out and he was badly scalded by live steam.

He was rushed to Portland and taken to St. Vincent's hospital. He died this morning.

S. B. Bowler, of Seattle, who was struck by a street car at Twelfth and Washington streets yesterday, was not seriously hurt, according to reports from St. Vincent's hospital. He will soon be able to leave the institution.

CALIFORNIA SWELTERS UNDER TORRID SUN

Hottest Weather in Years Brings Suffering and Prostrations in Bear State.

(United Press Leased Wire.) San Francisco, Sept. 15.—San Francisco is sweltering today in the hottest days of the summer. At 12:45 o'clock this afternoon the thermometer registered 93 degrees and the mercury was climbing rapidly. The weather bureau predicted the thermometer would register 102 degrees by 2 o'clock, with a strong probability of it climbing to 105.

Two Prostrated at Oakland. Oakland, Cal., Sept. 15.—Two heat prostrations occurred here as a result of the intense heat of the last three days. At 1 o'clock today the thermometer of Chabot Observatory registered 94 in the shade. Those who were overcome were A. H. Cereghino and Dr. Andrew B. Cook. Both were removed to hospitals and revived.

Over 100 at Sacramento. Sacramento, Cal., Sept. 15.—The capital city sweltered today. At noon the thermometer registered 101, and was still climbing.

Ninety-nine at Los Angeles. Los Angeles, Sept. 15.—With the mercury standing at 99 degrees at 1 o'clock, Los Angeles sweltered today in the hottest weather of the season. A hot, dry wind prevailed.

MAX WAGNEAU FOUND GUILTY OF VAGRANCY

Six months in the county jail faces Max Wagman, a well-known character of the underworld, as the result of his trial yesterday before District Judge Dayton for vagrancy. He was found guilty by the jury on the first ballot.

Wagman was tried once before on the charge in Judge Jones' court and the jury disagreed. Judge Dayton passed the six months' sentence following the verdict of guilty. Wagman is under indictment for permitting gambling in a building. Judge Dayton raised his bail from \$250 to \$500 despite the protests of Wagman's attorneys, saying that one of the vagrants convicted left suddenly and he did not intend to let another one get away cheaply. Wagman will probably appeal. George L. Baker, ex-councilman of the city, was one of the jurors in the case.

Complaint Against Wife Dismissed. "A man is in a poor business when he charges his wife with a serious crime on suspicion," declared District Judge Dayton in dismissing a complaint sworn to by Fred Wise against Mrs. Wagman. Wise asked that the complaint be dismissed, saying he did not have sufficient evidence to convict. He was scored by Judge Dayton.

Roseburg Schools Open. Roseburg, Or., Sept. 15.—Roseburg schools opened Monday for the year's work with an attendance of 917, an increase over last year of 31. The Roseburg schools this year will take up the manual training and domestic science courses.

HEAD OF GLASGOW CAR SYSTEM IN PORTLAND

James Dalrymple Taken on Sightseeing Tour; No Comment on City's Lines!

James Dalrymple, head of the Glasgow Corporation of Tramways, a municipally owned institution, accompanied by Thomas Nisbet and Matthew Works, also of Glasgow, are in Portland today as the guests of General Manager F. W. Hill of the Portland Railway, Light and Power company.

Mr. Dalrymple is the street railway authority who reported to Mayor E. F. Dunne that municipal ownership in Chicago and, in fact, most American cities, would prove disastrous because of the system of government and the intricacies of the business.

Mr. Hill took the visitors on a tour of the city this morning, showing them the scenic beauties from the sky-line boulevard. This afternoon the street railway shops are being inspected and tomorrow Mr. Dalrymple and his party will inspect the bridges under the guidance of city and county officials.

Mr. Hill explained today that the city is making a tour of the United States to study the tramway, road and bridge situation. So far he has made no comment on the Portland street railway system, but is expected to do so after he has seen more of its workings. The visitors were entertained at luncheon at the Arlington club by traction officials.

JUDGMENT IS GIVEN AGAINST PROMOTER

Judge McGinn gave judgment today for Edward H. Smith against J. W. Hurley, a promoter, for \$1150. Smith had sued Hurley for \$23,650, alleging that Hurley secured a patent from him for \$350 through false representations.

Smith patented a wrench, and Hurley, according to the testimony, was taken into partnership on a half interest basis on condition that he dispose of the patent rights for a valuable consideration. Smith alleged that Hurley arranged to dispose of the patent rights and then secured Smith's half for \$350 by telling him he could find no market and that the invention was worthless.

Smith is a paralytic from his waist down and had to be carried into court yesterday that he might testify.

Illinois Society Meets Wednesday. The Illinois society will hold a regular meeting at Manchester hall, 85 1/2 Fifth street, Wednesday evening, with a program of music followed by dancing. Former Illinoisans, whether members of the society or not, have been invited.

The county commissioners this morning accepted the invitation of the Multnomah County Fair association to attend the fair and will journey to Gresham next Thursday to be guests of the association.

Wife Hunter Is Fined. Roseburg, Or., Sept. 15.—O. V. Beck, who is employed in the local Southern Pacific shops as a boiler-maker, was found guilty in the recorder's court of assaulting Mrs. C. C. Verrell and fined \$50, which he paid. It is said that Beck approached Mrs. Verrell, who was talking to another woman on the street, and spoke to her. She resented his advances and it was alleged that he struck her on the forehead with his fist. Beck recently advanced in the east for a wife.

Boy Missed His Mark. La Center, Wash., Sept. 15.—Verne, son of H. C. Sheerett, a farmer living near La Center, cut the thumb from his left hand with an axe. The boy was cutting wood and missed his strike.

Fairs and Festivals

Attend The Oregon State Fair. Salem, September, 29 to October 4, 1913. REDUCED RATES ON ALL LINES. For Information Address FRANK MEREDITH, Secretary.

Self Help For Nervous Persons

Can often be achieved by a simple change of food and drink. Much nervousness is caused by coffee drinking—eminent medical authorities having demonstrated that the coffee drug, caffeine, is a definite nerve poison to many persons.

Coffee has no food value whatever, and is a deceitful friend. Under its use the nerves first become irritated; then so sensitive and "on edge" that a slight variation from general health often appears most serious to its victim.

However, Nature responds quickly to common-sense treatment, and right living frequently does more than medicine. So, if you value peace and comfort, try this easy experiment.

Stop coffee entirely and have hot, well-made

POSTUM

This pure food-drink made from prime wheat has a Java-like flavor and a fine dark brown color which changes to rich, golden brown when cream is added.

It contains the genuine nourishing elements of the grain, but is absolutely free from the coffee drug, or any other harmful ingredient.

Postum comes in two forms.

Regular Postum must be well boiled.

Instant Postum is a soluble powder. A spoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a very palatable beverage instantly.

Thousands have been wonderfully benefited by using Postum instead of coffee—

"There's a Reason"

THE PENDLETON ROUND-UP

typifies the outdoor West. The indoor West, with its cordiality, its hearty welcome, is best appreciated at the Imperial Grill, the modern "eating house" of the new West.

Registration Is Heavy. University of Oregon, Eugene, Or., Sept. 15.—Up until noon today, 207 students had registered at the University for the ensuing term.

SPANISH GRILL—CASTILLIAN. All kinds Spanish Cooking. Best Wines, Liquors and Beers Served. 411 1/2 MORRISON.
